Ex-Area Teacher Finds Challenge In Guatemala

GUATEMALA MEMENTOES. Miss Julia Jo Barnhart, formerly of Calcutta, displays some of the handicraft items of the country where she is a teacher in a missionary school.

By CLARA HALL

A career of teaching children of missionaries has proven to be quite a challenge for Miss Julia Jo Barnhart, former Calcutta resident, who has returned on a furlough from Guatemala where she has been for five yeas.

Previously she taught at the Elkton, Calcutta and Beaver Local Schools, and spent two years in France teaching the children of personnel at the Dreux Air Force Base.

Her first visit to Guatemala was some 15 years before her teaching career, when she was the guest of her cousin, Mrs. Ruth Ann Hall Oechslin, formerly of Park Blvd. Her husband, Paul Oechslin, was associated with a beverage concern. The country did not impress her and she thought she never would have any desire to return.

But reading of the need of teachers at the Central American Mission (CAM) of Guatemala, Miss Barnhart felt she had a calling and applied for the work. Accepted, she spent a year at Moody Bible Institute in Chicago taking a Bible Course that she might be better prepared.

—:—

SHE TEACHES at Hueheutenango (pronounced way-way tenango) Academy, one of the independent - denominational schools of CAM fairly close to the Mexican border. The building consists of 30 rooms, and is supervised by an administrator and his wife.

Julia Jo feels like a parent to the missionary kids (MK's) and loves her job of chastening and training, for she is with the children not only during classroom sessions but the entire day — seven days a week.

Enrollment at the boarding school has been as high as 47, with the average around 35. School lasts from September until May, but the children are permitted to go home at Christmas and the spring vacation. There are also many holidays from the classrooms, even the principal's birthday is observed.

There are eight grades in the school and Miss Barnhart has the fifth and sixth grade students in her classroom. But last year she taught the one eighth-grade student, who was quite talented in music and art, having written the songs and prepared the background scenery for a pageant at the school.

She occasionally tutors a ninth grader, but most of the children are sent to the states to finish their education. The national schools operate on a six-grade school and six-year normal school basis and the students are qualified to teach

Ground War In Periodic Lull

American Planes Pound Targets In North Vietnam

SAIGON (AP) — American warplanes hammered North Vietnam with 197 strike missions Thursday, 22 more than were ever flown in a single day during the 2½ years of bombing the Communist North, the U. S. Command said today.

U. S. headquarters also announced that 635 combat planes have been lost over North Vietnam, including an Air Force F105 Thunderchief downed by ground fire Thursday and three losses not previously disclosed.

The ground war continued in one of its periodic lulls and two major operations ended.

One was the massive sweep by an estimated 10,000 U. S. and South Vietnamese troops in the Mekong delta 45 miles south of Saigon, the biggest allied operation staged so far in the delta.

In the same delta area, South Vietnamese troops reported killing the commander of a hard-core Viet Cong battalion and capturing his assistant.

The air attacks Thursday ranged from deep in North Vietnam's heartland to the country's southern panhandle.

Navy pilots reported destroying or damaging 72 supply boats or barges along the coast. Other Navy fliers reported setting off a secondary explosion among a cluster of buildings at the Quang Nap storage area three miles southwest of Thanh Hoa, in the panhandle. The pilots said dense smoke towered up 5,000 feet.

Navy pilots also reported damaging railroad facilities at the Dong Khe railroad siding 28 miles northwest of Vinh and the Ly Nhan siding 27 miles northeast of Thanh Hoa.

Pilots from the carrier Oriskany pounded a warehouse eight miles northwest of Haiphong, but heavy smoke prevented assessment of damage.

Air Force pilots attacked a 100-foot concrete and steel bridge 14 miles northeast of the port city and "the bridge completely disappeared," said Lt. Col. Harry W. Schurr, 39, of Indiana, Pa., one of the fliers.

Other Air Force pilots reported damaging one end of the Bac Giang railroad and highway bridge 27 miles northeast of Hanoi and damaging four antiaircraft sites in the area. And airmen who attacked a railroad yard 39 miles northeast of the Communist capital said white smoke engulfed the area.

The U.S. Command said 87 missions were flown by the Air Force, 74 by the Navy and 36 by the Marines.

This broke a record that had stood for nearly 10 months—175 missions last Oct. 14.

In South Vietnam, the Communists brought down a U.S. Marine CH46 helicopter near the A Shau Valley and three Marines aboard were wounded, a U.S. spokesman said.

45,000 More Slated For Vietnam

Higher Draft Calls Loom In Troop Increase Order

WASHINGTON (AP) — Higher draft calls and a possible $2-billion supplemental defense budget request are likely as a result of President Johnson's ordered troop increase for Vietnam, Pentagon sources say.

The President announced Thursday that 45,000 to 50,000 more men will be deployed to the war zone in response to recommendations of top defense and military officials.

At the same time, he said, there is a possibility that because of increased military spending, defense expenditures for fiscal 1968 may exceed the $73 billion budget by up to $4 billion.

Exactly how high draft calls will go now is being determined in a Pentagon study of what the newly authorized 525,000-man level for Vietnam next summer will do to over-all U.S. military strength.

Announced draft calls for the five months extending through September have risen to an average of about 23,000 a month. This reflects, in part, the Pentagon's move to meet its 1966-approved Vietnam manpower ceiling of 480,000.

Sources said draft calls during the last quarter of this year likely will exceed 35,000 a month.

The Rains Came, And Rogers Got Its Creek Full!

A thunderstorm and following leaden skies dumped 2.32 inches of rain on Rogers in 1½ hours Thursday afternoon, forcing Little Bull Creek over its banks in some places, but without causing any damage.

Mrs. Ruth Jenkins, weather recorder, said the downpour came between 4:15 and 6, accompanied by some high winds which downed a few trees branches. Rain also fell in the morning. The total rainfall in the 24 hours, ending at 7 a.m. today, amounted to 2.72 inches.

Congressional Reaction Varies On Surtax Plan

LBJ's Tax Bid Cheered By Bankers

Some Businessmen Less Enthusiastic About Surtax Plan

NEW YORK (AP)—Bankers generally have applauded President Johnson's proposed tax hike but some businessmen were less enthusiastic. Man on the street reaction ranged from resigned acceptance to outright opposition.

Many persons suggested that cuts could be made in domestic spending to lessen the need for the full 10 per cent surcharge on corporate and personal income taxes that the President proposed Thursday.

"A prompt tax increase is clearly needed," said President Gabriel Hauge of Manufacturers Hanover Trust Co. in New York.

But Edmund F. Martin, chairman of Bethlehem Steel, said: "At a period when the economy actually be softening, we feel a tax increase would worsen the situation."

The president of the National Association of Manufacturers said the proposal recognized the nation's "grave fiscal situation" but added the hope that a strong effort would be made to reduce nondefense spending.

A random sampling of 35 persons in cities around the nation produced only three people who said without reservation that a tax hike was necessary and they favored the proposal.

Better than two-thirds of those interviewed were in general agreement with Frank Snyder, 50, a Seattle engineer who said: "If we need it, we need it, I guess. Somebody has to pay the bill. I hate taxes, but they're a necessary evil. We have to do it, but we don't have to like it."

Others opposed the increase because of the war. Sherman Pulley, 23, a Washington, D.C., light company clerk, said: "It's unfair. It makes us directly support the war in Vietnam.

Rhodes Turns Auctioneer

MEDINA, Ohio (AP)—The bedding was lagging at the Junior Fair Livestock Show at the Medina County Fairgrounds Thursday night.

So the auctioneer — Gov. James A. Rhodes — got in the act and ended up buying the grand champion steer, a black Angus named "Stubby," for a record price here.

The governor shelled out $1.05 a pound for the animal, or a total of $1,018.50. The previous top price at a fair here was $1 a pound about 10 years ago.

Rhodes, however, will not have to foot the bill by himself. He had some cobuyers — Lt. Gov. John W. Brown, State Sen. James K. Leedy R-19 Wayne and State Rep. H. Dennis Dannley R-23 Medina.

Rhodes said his group will decide later what to do with Stubby, raised by 15-year-old Jan Hoge of Lodi.

The governor said he decided to buy the steer "to set an example all over Ohio to support 4-H kids, because these kids are the backbone of this country. They deserve all the credit they can get."

Rhodes, who makes a point of trying to visit each of the 88 Ohio county fairs, said it was the first steer he had purchased.

Long Island Community Only Continued Problem

By The Associated Press

Milwaukee's curfew was eased today and Providence, R.I.'s police chief said he thought racial violence in his city was "over for this year."

These developments reflected a night of calm in the nation Thursday that produced little more trouble than some isolated rock-throwing and a shooting incident.

Police in both Milwaukee and Providence still enforced nighttime curfews but said the curfew would be reinstated at midnight tonight instead of 9 p.m.

Providence Mayor Joseph A. Doorley Jr., said he would make day-to-day decisions on retaining a "selective" curfew in South Providence.

Shotgun fire, flashing from a car that police said contained white youths, hit three Negro teen-agers as they talked to Sheriff Vern Miller in Wichita, Kan. The youths were only slightly injured and police began a hunt for the gunmen.

Only in Wyandanch, N.Y., a predominantly Negro community on Long Island, were there continued problems. Police arrested nine youths when cars were hit with stones and bottles on a third night of scattered disturbances.

The Senate Judiciary Committee continued its investigation of racial violence after hearing a Nashville, Tenn., police captain say Office of Economic Opportunity funds were used to subsidize a school that teaches Negro children to hate whites. The OEO denied that it had furnished money to the school.

In Milwaukee, where four persons died and 706 were arrested since rioting broke out Sunday, firemen dodged rocks as they worked to put out a blaze. But the situation was judged calm enough for 1,300 of 4,800 National Guardsmen in the city to be withdrawn.

In Providence, the scene of sniper fire and firebombings Tuesday, Police Chief Howard A. Franklin said he thought the rioters "got it out of their system."

The Judiciary Committee testimony about the antipoverty project may result in the loss of funds from the school, the director of the local antipoverty agency said in Nashville. But Sen. Edward M. Kennedy, D-Mass., demanded documentation of the charges by Capt. John Sorace.

Secretary of Labor W. Willard Wirtz attacked Black Power advocates Stokely Carmichael and H. Rap Brown by name in a Fort Worth, Tex., speech, and said, "The riots have got to stop or they've got to be stopped."

In Cincinnati, hit by rioting earlier in the summer, the Student Nonviolent Coordinating Committee — the organization that Carmichael formerly directed and is now headed by Brown — filed suit in U.S. District Court.

Manufacturers' Lobby Mustering Forces

Ohio Tax Bill May Face Changes In House Action

COLUMBUS, Ohio (AP) — The big tax increase bill ground out by the Ohio Senate with little change this week may undergo a facelifting next week in the House.

The manufacturers' lobby was mustering forces Thursday to eliminate from the omnibus bill a provision they claim could add up to $125 million a year to their tax bill.

Language in the bill redefines "manufacturing" to pinpoint what purchases by businesses are entitled to the sales tax's so-called direct use exemption.

Court interpretations down through the years have spread the exemption to include many items although some lawmakers contend it was the original intent of the legislature to exempt only those things used directly in the manufacture of a product.

Tax counsel for the Ohio Manufacturers' Association (OMA) include three former state tax commissioners who put Ohio just short of what is known as a "component part" law. It provides exemption only to those items that become an integral part of the production machine and nothing else.

Likelihood that the direct use changes will come out of the bill is strengthened by word from Senate Majority Leader Theodore M. Gray R-3 Miami that the administration is not counting on the change for any of the additional taxes designed to produce at least $308 million over two years for education.

One Republican senator who voted against the omnibus bill contends the administration is aware that it will yield millions more than needed "with all the blame going to education."

Sen. Robin T. Turner R-14 Marion said the administaation has conceded there will be at least a $20 million drop in sales tax revenue this biennium and that the extra taxes would be used to "pad" the general revenue fund.

"The bill provides for financing of education but the funds are not earmarked," Turner asserted.

Minority Democrats went along with Republicans on floor votes that left direct use revisions in the bill but they hit hard with criticisms that the measure would place most of the tax burden on consumers to the benefit of industry.

Sen. Charles J. Carney D-33 sought approval of an unsuccessful amendment which would have wiped out a boost from 3 per cent to 4 per cent in the sales tax and replaced it with a one-mill increase in the three-mill corporation franchise tax. He said the same amendment probably will be offered in the House.

Carney contended Ohio industry pays far less than its share of state taxes and far less than industries in other states.

Before the lawmakers headed home for weekend recess, the House approved a water pollution control measure which sponsors called "the answer to Ohio's water pollution problem."

Suspect Found Asleep

Youth, 19, Arrested Here For Hancock Jail Escape

A 19-year-old youth who escaped from the Hancock County Jail in New Cumberland June 15 along with a Pittsburgher serving life on a rape conviction, was recaptured at 2:30 this morning by two off - duty policemen while asleep in the home of a friend on Maine Blvd.

Thomas Lawrence Durbin of East Liverpool, who was serving two years for forgery and auto theft, was roused from his sleep and taken into custody by Patrolman Charles Coen of East Liverpool and Patrolman Charles Amato of Wellsville.

John Peter Seay, 41, of Pittsburgh, who made his escape with Durbin, still is at large.

Durbin was lodged in the East Liverpool jail to await an appearance before Municipal Judge Samuel M. Chertoff on the question of extradition to West Virginia. Local police said the hearing has been delayed pending the arrival of Hancock County authorities.

The chain of circumstances that led to Durbin's capture began last midnight as Coen finished duty on the East Liverpool force and started for his home in Wellsville. He encountered Amato, who also was off duty, and the two officers stopped to chat.

A chance passerby, seeing the two officers, gave them a tip that Durbin could be found at a Wellsville home. That tip proved erroneous, as did several others the officers received in the course of their investigation, but they finally received information that Durbin was staying at a Maine Blvd home.

The officers found Durbin asleep on a cot and took him into custody without a struggle.

Hancock County authorities said Durbin and Seay escaped from the New Cumberland jail

Fire Sweeps Frame House At Glenmoor

Heavy smoke hindered firemen battling a blaze which virtually destroyed a Glenmoor home this morning.

The entire interior of the two-story, frame home of Ira Means of the Y. & O. Rd., in the area of Lake Samary, was gutted by flames, which were discovered about 9:15.

Glenmoor firemen summoned aid from Wellsville and Liverpool Township West shortly after arriving on the scene.

Twenty-five firemen battled the flames for almost an hour before bringing them under control.

Heavy smoke filled the home and firemen were hampered in locating the source of the blaze. Air packs were used and it was found the fire had spread to the inside of the walls of the home.

Two cars were in a basement

Some Democratic Leaders Lending Unqualified Aid

WASHINGTON (AP) — Congressional reaction to President Johnson's call for a 10 per cent income tax surcharge generally ranges from lukewarm to chilly, with few members except some Democratic leaders offering unqualified support.

Some other Democrats joined in the expected Republican opposition to the long-awaited tax hike request. Chairman William Proxmire, D—Wis., of the Sentee called it a blunder that would hamper business growth and thus generate little new revenue.

And Chairman Wilbur D. Mills, D-Ark., of the tax-writing House Ways and Means Committee said only: "I'm uncommitted; committed to no one, one way or the other."

Mills, who ranks as perhaps the foremost tax expert in Congress, has remained noncommittal since Johnson first proposed a surcharge on personal and corporate income taxes last January. At that time Johnson urged a 6 per cent surtax.

But the Arkansas Democrat revised the Ways and Means Committee's schedule to provide at least two weeks of hearings beginning Aug. 14. The hearings will be interrupted Aug. 17 and 18 when the House is scheduled to consider Johnson's bill to increase Social Security benefits and taxes.

Almost to a man, members who discussed the proposals Johnson sent to Congress Thursday agreed that if a tax hike is enacted at all, it won't be by Oct. 1—the date the President asked the surcharge on individual income taxes to start.

And veteran members of the Ways and Means Committee said it never has been willing to make retroactive a tax increase on individuals. Johnson asked the matching 10 per cent increase on corporate income taxes be made retroactive to July 1.

A later date for both seemed likely, if there are to be increases, perhaps Oct. 1 for the corporate tax, the first of next year for the individual.

Johnson's linking of the tax boost request with Vietnam costs and plans to dispatch 45,000 more troops there did not sit well with some members.

Sen. Jack Miller, R-Iowa, said, "The President's message is a confession of failure of his so-called 'guns and butter' economic policy."

Noting Johnson's warning that the budget deficit for the current year could reach $29 billion without the tax boost and tighter reins on spending, Miller added:

"His concern that such a deficit would cause inflation and high interest rates should have

Ground War In Periodic Lull

American Planes Pound Targets In North Vietnam

SAIGON (AP) — American warplanes hammered North Vietnam with 197 strike missions Thursday, 22 more than were ever flown in a single day during the 2½ years of bombing the Communist North, the U. S. Command said today.

U. S. headquarters also announced that 635 combat planes have been lost over North Vietnam, including an Air Force F105 Thunderchief downed by ground fire Thursday and three losses not previously disclosed.

The ground war continued in one of its periodic lulls and two major operations ended.

One was the massive sweep by an estimated 10,000 U. S. and South Vietnamese troops in the Mekong delta 45 miles south of Saigon, the biggest allied operation staged so far in the delta.

In the same delta area, South Vietnamese troops reported killing the commander of a hard-core Viet Cong battalion and capturing his assistant.

The air attacks Thursday ranged from deep in North Vietnam's heartland to the country's southern panhandle.

Navy pilots reported destroying or damaging 72 supply boats or barges along the coast. Other Navy fliers reported setting off a secondary explosion among a cluster of buildings at the Quang Nap storage area three miles southwest of Thanh Hoa, in the panhandle. The pilots said dense smoke towered up 5,000 feet.

Navy pilots also reported damaging railroad facilities at the Dong Khe railroad siding 28 miles northwest of Vinh and the Ly Nhan siding 27 miles northeast of Thanh Hoa.

Pilots from the carrier Oriskany pounded a warehouse eight miles northwest of Haiphong, but heavy smoke prevented assessment of damage.

Air Force pilots attacked a 100-foot concrete and steel bridge 14 miles northeast of the port city and "the bridge completely disappeared," said Lt. Col. Harry W. Schurr, 39, of Indiana, Pa., one of the fliers.

Other Air Force pilots reported damaging one end of the Bac Giang railroad and highway bridge 27 miles northeast of Hanoi and damaging four antiaircraft sites in the area. And airmen who attacked a railroad yard 39 miles northeast of the Communist capital said white smoke engulfed the area.

The U.S. Command said 87 missions were flown by the Air Force, 74 by the Navy and 36 by the Marines.

This broke a record that had stood for nearly 10 months—175 missions last Oct. 14.

In South Vietnam, the Communists brought down a U.S. Marine CH46 helicopter near the A Shau Valley and three Marines aboard were wounded, a U.S. spokesman said.

45,000 More Slated For Vietnam

Higher Draft Calls Loom In Troop Increase Order

WASHINGTON (AP) — Higher draft calls and a possible $2-billion supplemental defense budget request are likely as a result of President Johnson's ordered troop increase for Vietnam, Pentagon sources say.

The President announced Thursday that 45,000 to 50,000 more men will be deployed to the war zone in response to recommendations of top defense and military officials.

At the same time, he said, there is a possibility that because of increased military spending, defense expenditures for fiscal 1968 may exceed the $73 billion budget by up to $4 billion.

Exactly how high draft calls will go now is being determined in a Pentagon study of what the newly authorized 525,000-man level for Vietnam next summer will do to over-all U.S. military strength.

Announced draft calls for the five months extending through September have risen to an average of about 23,000 a month. This reflects, in part, the Pentagon's move to meet its 1966-approved Vietnam manpower ceiling of 480,000.

Sources said draft calls during the last quarter of this year likely will exceed 35,000 a month.

The Rains Came, And Rogers Got Its Creek Full!

A thunderstorm and following leaden skies dumped 2.32 inches of rain on Rogers in 1½ hours Thursday afternoon, forcing Little Bull Creek over its banks in some places, but without causing any damage.

Mrs. Ruth Jenkins, weather recorder, said the downpour came between 4:15 and 6, accompanied by some high winds which downed a few trees branches. Rain also fell in the morning. The total rainfall in the 24 hours, ending at 7 a.m. today, amounted to 2.72 inches.

Rhodes Turns Auctioneer

MEDINA, Ohio (AP)—The bedding was lagging at the Junior Fair Livestock Show at the Medina County Fairgrounds Thursday night.

So the auctioneer — Gov. James A. Rhodes — got in the act and ended up buying the grand champion steer, a black Angus named "Stubby," for a record price here.

The governor shelled out $1.05 a pound for the animal, or a total of $1,018.50. The previous top price at a fair here was $1 a pound about 10 years ago.

Rhodes, however, will not have to foot the bill by himself. He had some cobuyers — Lt. Gov. John W. Brown, State Sen. James K. Leedy R-19 Wayne and State Rep. H. Dennis Dannley R-23 Medina.

Rhodes said his group will decide later what to do with Stubby, raised by 15-year-old Jan Hoge of Lodi.

The governor said he decided to buy the steer "to set an example all over Ohio to support 4-H kids, because these kids are the backbone of this country. They deserve all the credit they can get."

Rhodes, who makes a point of trying to visit each of the 88 Ohio county fairs, said it was the first steer he had purchased.

Suspect Found Asleep

Youth, 19, Arrested Here For Hancock Jail Escape

A 19-year-old youth who escaped from the Hancock County Jail in New Cumberland June 15 along with a Pittsburgher serving life on a rape conviction, was recaptured at 2:30 this morning by two off - duty policemen while asleep in the home of a friend on Maine Blvd.

Thomas Lawrence Durbin of East Liverpool, who was serving two years for forgery and auto theft, was roused from his sleep and taken into custody by Patrolman Charles Coen of East Liverpool and Patrolman Charles Amato of Wellsville.

John Peter Seay, 41, of Pittsburgh, who made his escape with Durbin, still is at large.

Durbin was lodged in the East Liverpool jail to await an appearance before Municipal Judge Samuel M. Chertoff on the question of extradition to West Virginia. Local police said the hearing has been delayed pending the arrival of Hancock County authorities.

The chain of circumstances that led to Durbin's capture began last midnight as Coen finished duty on the East Liverpool force and started for his home in Wellsville. He encountered Amato, who also was off duty, and the two officers stopped to chat.

A chance passerby, seeing the two officers, gave them a tip that Durbin could be found at a Wellsville home. That tip proved erroneous, as did several others the officers received in the course of their investigation, but they finally received information that Durbin was staying at a Maine Blvd home.

The officers found Durbin asleep on a cot and took him into custody without a struggle.

Hancock County authorities said Durbin and Seay escaped from the New Cumberland jail

Fire Sweeps Frame House At Glenmoor

Heavy smoke hindered firemen battling a blaze which virtually destroyed a Glenmoor home this morning.

The entire interior of the two-story, frame home of Ira Means of the Y. & O. Rd., in the area of Lake Samary, was gutted by flames, which were discovered about 9:15.

Glenmoor firemen summoned aid from Wellsville and Liverpool Township West shortly after arriving on the scene.

Twenty-five firemen battled the flames for almost an hour before bringing them under control.

Heavy smoke filled the home and firemen were hampered in locating the source of the blaze. Air packs were used and it was found the fire had spread to the inside of the walls of the home.

Two cars were in a basement

Weather Signs Point To Pleasant Weekend

Calendar-wise, it's not too long a time from May to September and the pleasant weekends weather-wise are not too many.

While there could be a slipup along the way, the weekend

coming up tomorrow and Sunday looks like it could be one of the more enjoyable ones. So if you like outings, take advantage of the situation.

The forecast calls for clearing and cooler tonight and mostly sunny and cooler Saturday.

Tonight's low is due to be in the 50's.

'Honest Effort To Help'

Water Donation Denied, Kincaid Explains Action

Chester Councilman Robert Kincaid today denied undertaking any gift of water to a private citizen or any improper intention in connection with the incident which was discussed at a meeting of the Chester Water Board Wednesday night.

Kincaid came under criticism by some members of the board for transporting 16,000 gallons of water from the 4th St. fire hydrant to fill a swimming pool of a family.

Kincaid, a member of the fire department, said the water was hauled solely in an effort to aid the family which had requested the water from city authorities, but which the fire department could not deliver in its truck because of the large amount of water sought.

Th Water Board did not censure Kincaid as reported by The Review, but set a ruling that no water is to be sold by the water department without approval of the department, and all water is to be taken from the 9th St. hydrant so as not to cause low pressure in the water system.

Kincaid said the water was hauled in four trips by a tanker truck he drives, and there was no intention of a "gift" or of not paying the city for the water. In fact, Kincaid said, the action was taken in part to assist the fire department's funds, and the recipient of the water in gratitude has sent the department a contribution of $150.

The Councilman said he volunteered to help the family after the husband asked Mayor Burton Ward one evening for the water, and the mayor said the city would sell the water. However, the firemen said the 650 - gallon capacity truck could not be used to carry such a large amount of water for so many trips becaus it would take too much time and fuel.

Kincaid said he then offered to haul the water "as an honest effort to aid the family." He said he erred in taking the water from the 4th St. main because it affects the water pressure in the system, but he said there was only one telephone call recived at the City Hall at the time concerning the pressure.

Kincaid said he plans to attend the next meeting of the Water Board and explain in full his action and his reasons for hauling the water for which the bill of $11.20 is to be paid.

Kincaid said the water delivery was known to firemen and others, and was an accptable means of getting the water to someone in need who intended to pay for it.

Court Fines 2 Drivers On Speeding Charges

Two motorists who pleaded guilty to speeding charges filed by the Ohio Highway Patrol were fined $15 and costs each today by Municipal Judge Samuel M. Chertoff.

They were Joseph J. Pierro Jr., 19, of Steubenville, cited Thursday at 11:40 p. m. on a charge of driving 70 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd., and James Lee Powell, 20, of 1712 Jennings Ave., cited at 10:05 p. m. July 26 on a charge of speeding 65 miles an hour in a 50-mile zone on Route 7.

Meanwhile, Mrs. Phyllis Ann Walls, 26, of 402 Richardson Ave., was ordered to pay the court costs on a charge of driving without an operator's permit. Cited after a two-car crash July 19 on St. Clair Ave. Ext., she appeared in court today with a new permit.

In Annual Summer Camp

Ohio's Infantry Division Drilled In Riot Control

CAMP GRAYLING, Mich. (AP)—Ohio's 37th Infantry Division, winding up the first week of its annual summer camp here, is being drilled in riot control measures.

That training was added after recent outbreaks of rioting in many cities. President Johnson had called for increased efforts in riot control by all National Guard units.

The training for the 6,500 officers and men of the 37th Infantry Division has emphasized how to aid civil authorities in bringing disturbances under control.

Also, it was announced that many men will be kept on the alert here this weekend, instead of being granted passes, in case of the possibility of the Guard being needed by any new outbreaks of rioting in Ohio.

In announcing the alert plan, Maj. Gen. Wilbur Fricke, division commander, noted that when the Michigan National Guard was needed to help control rioting in Detroit, many men were on passes at the time.

Fricke said the 37th plans to keep a large complement of its men and vehicles at the ready, and added that units could be in Ohio in about four hours if needed.

A highlight for the 37th's two-week training camp comes Saturday morning when the division is reviewed for the fifth straight year by Gov. James A. Rhodes.

This is the division's 50th year of existence and it may be its last.

If Congress approves the reorganization of the National Guard and Army Reserve now being discussed, the division would be one of 15 in the nation reduced to high priority brigades.

SCHOOL PHOBIA

Q. *Our 5-year-old absolutely refused to go to kindergarten. I am sure the problem will arise again when it is time for him to enter the first grade. Any suggestions?*

A. School phobia is actually a separation anxiety reaction, usually related to leaving home and mother. The reaction can be quite severe and, if allowed to continue, may involve other situations until eventually the child may become deeply dependent upon the mother's constant presence. Very often the mother herself needs help to free the child from her anxiety and from the child's over-dependence upon her. The child should be given emotional support in resolving his fears about leaving home and mother. Consult a pediatrician.

HEART CONSCIOUSNESS

Q. *Lately I can not rest or sleep on my left side because my heart pumps so fast and hard. I am under medical treatment but not for heart trouble. What causes this?*

A. Most people have probably had this experience. Thumping of the heart may be especially noticeable when everything is quiet and sleep seems far off. Change position in bed and the heart will "quiet down," or at least the heart beat won't be noticed so much. Awareness of body functions such as the heart beat is usually not a manifestation of serious disease.

PUPILS AT Huehue lead a rather ritualistic life. Each hour is designated with a bell warning system. The day begins at 6:15, with each child responsible for bringing in his own wash water. Devotions follow at 6:40 and breakfast is served at 7. Classroom sessions continue from 8 until noon.

"Siesta" time follows lunch until 2 p.m. when school starts again continuing until 3:30 or recreation period. A particular pleasure is the roller skating period from 5 until supper time at 5:30.

The school program includes Boy Scouts, carpentry and supervised playground activity. Evening hours are spent reading and singing — and study for the older children. All students are responsible for minor jobs, and the girls are taught to do the marketing.

The staff of four teachers is aided by the administrative couple on instruction duties. Teachers receive no salary—just voluntary monetary gifts from people interested in the missionary cause.

The administration wants to move the school out into the country, and has found suitable acreage about three miles out where there are possibilities of an expansion program. However, this is only a hope until funds are provided through the generosity of those in the States.

The population of Guatemala is 60 per cent Indian, and there are part-Indian, part-Latin and pure Latin citizens. Although Julia Jo is a "gringo" or foreigner, she is well-received; even the witch doctor, with whom she was once riding, asked her to get aid to heal his wife's toothache.

—:—

WHEN ASKED if she had any contact with guerrillas, she replied they were around occasionally, but she had never witnessed any shooting. Although there is not complete liberty, the area where she teaches is politically quiet. However, just the slightest provocation invites a stay in jail, and you must remain there until you are proven innocent.

Guatemala is divided into 22 departments which may be compared to counties in the states. Each department has distinctive dress, maybe just a slight change in the pattern, but a person can be easily recognized by the attire he is wearing.

The climate is ideal in this colorful country, where Spanish culture is displayed to the utmost. Humidity is low, and during the rainy season, the showers are brief and usually in the morning.

Travel accomodations are fairly good, and in town you can ride a bus for five cents anywhere. The town of Huehuetanango boasts of just one telephone and it is located in the post office. Most communication is by telegram.

Although the country is 95 per cent Catholic, freedom of religion has existed since Protestantism was permitted to enter about 100 years ago. There are now 138 organized churches in Guatemala which go by the name of Central American Church. This figure does not include the large number of congregations not yet organized, for they are branch churches. The ministry is carried on by ordained pastors and lay workers with varying degrees in academic and biblical preparation. The churches are self-governed and self-supporting.

—:—

MISS BARNHART attends "Templo Evangelico" a 76-year old Spanish mission. The pastor plays an accordion, and has taught the boys to play several instruments which provide the music at worship. The choir can't read music, but is taught by ear.

There is a certain amount of women's work in the church, and teaching the primary Bible lessons and prayer is done in a simple fashion because of the illiteracy among the women. The country is in itself 50 per cent illiterate.

The daily fare of the people is tortilla and black beans, with beans sometimes served three times a day. In the school where Julia Jo teaches, they serve tortilla every noon. It is a bread substitute, pounded from fine corn meal and when flavored up a bit, doesn't taste so bad.

Produce is brought to the door of the school. Powdered milk is also used. The white sugar looks gray and the brown sugar, black. At one time all canned goods were imported, now there are two canning factories as the industry develops in the country. Lemons may be bought as cheap as four for a cent and bananas, one cent each. Hot dogs, considered expensive fare, are five cents. Very little ice cream may be obtained, and it is in small bars.

—:—

COURTING AND marriage customs are unique in the country. According to Indian tradition, the parents of the prospective bridegroom bring chocolate and coffee to the parents of the bride-elect. If they accept, the engagement is on. Indian girls marry as young as 12.

The Spanish lad has a rough time courting bcause they are never left alone with a girl — even after the engagement is made known. When he selects the girl of his choice, he just hangs around her home and tries to contrive a way where he can even speak to her.

They actually never date, but are married after a period of this odd courting. The Spanish bride is usually about 16 years old. The bridegroom pays all the expenses of the wedding, including all her clothing.

With 20 dialects in the country, there is much translation work. Expressing biblical truths in meaningful ways oreates problems for the translators, for certain words have double meanings and decisions must be made to use the proper one.

But it has been agreed it has been all worthwhile, the years of patient, exacting labor spent on language learning, making dictionaries, training informants, translating, making mistakes and having to work again and again in revising the manuscripts.

Miss Barnhart is the daughter of the late Ann Rigby Barnhart and Martin Barnhart and is a member of the Longs Run United Presbyterian Church. While on furlough she is visiting with her sister, Mrs. Norman (Alice) Lamping of Mud Ln., and her brother, Lawrence Barnhart of Homeworth, near Alliance.

—:—

SHE WILL leave in March for the language school at Costa Rica, sponsored by the Presbyterian Church, where she will take four months of Spanish. She will be back for the start of the school year in September 1968.

When asked about the lives of the missionary children, she said they are faced with the problems of separation from home life, necessary cultural adjustments and the expectation that they should follow in the footsteps of their parents.

But the evaluation of the negative aspects of growing up on the mission show positive compensations for the real problems. The months of absence for the MK's tend to knit the family much closer when they are together. A happy atmosphere at the boarding school outshines many homes where a complaining spirit dominates. Group living breeds unique social development.

The song Julia Jo teaches the children suggests the three challenges of Huehue Academy —

"He wants us to pray, to give, and to go."

Council Moves To Obtain Post Office At Ohioville

Plans for a new post office and possible borough building were discussed when Ohioville Council met Thursday night at the fire hall.

Several councilmen and Mayor Elmer R. Gifford have conferred with Congressman Frank M. Clark to determine what steps would have to be taken to obtain the units.

Residents now are served by five area post offices. The 1960 census figures show 3,050 reside in the borough, but, according to Mrs. Emily Carroll, borough secretary, the population has increased and the total now is much higher.

Petitions are being circulated to all residents to determine if they favor their own post office.

Beaver County Commissioner Eli G. Corak of Midland has promised to do all he can to see that the borough receives a post office.

Speed limits on Engle Rd., a state route, from Pillar's Corners to the Industry Borough Line will be reduced from 50 to 40 miles an hour. Council had requested the reduction and the State Highway Department forwarded a certificate authorizing the reduction. It will be forwarded to Daniel Baker, borough engineer.

Engle Rd. is the name used on the borough map, but the stretch also is known as the Industry - Fairview Rd. and the TV Tower Rd.

Council approved work on a salt stabilization program that was initiated for several borough roads following receipt of an approved application from the State Highway Department. Application had to be made, since liquid fuel funds are involved.

The purchase of 10 or 12 signs to be erected at borough approaches was approved.

The July police report, presented by Mayor Gifford, showed 23 complaints investigated and three auto violation arrests. He also reported that part-time patrolman James Dunlap will attend an 11 - week training course for policemen at the Community College of Beaver County.

Bills totaling $965 were paid. The next meeting will be Sept. 7 at 8 p. m.

been shown a year and a half ago when he told the American people that we could afford to fight the war in Vietnam and increase the pace of Great Society domestic programs at the same time."

"I am becoming particularly disturbed by the Johnson administration's policy of blaming every economic ill in this country on the war in Vietnam," said Sen. Wallace F. Bennett, R—Utah, a member of the Senate Finanace Committee.

Johnson specified the surcharge would not apply across the board—some 16 million persons in the lowest taxpaying brackets would be exempt.

Thus a single person making no more than $1,900, a couple up to $3,600 or a family with two children up to $5,000 would have no surtax to pay.

But a $10,000 income typically would bear $174 more in taxes or a single person, $134 for a childless couple, $111 for a family of four. At $20,000 the increases would be $492, $348 and $316. All these figures assume standard deductions.

There were some suggestions taxpayers above the lowest brackets should have a portion of their income exempt from the surtax.

EAST PALESTINE — Bids for a new tractor for the city street department exceeded the $4,000 allotted and the Board of Control may re-advertise for bids, Mayor Robert Harding announced today.

Among the bidders were Our Co. of Salineville, $4,200 for a Case 580; the Gause Equipment Co. of Lisbon, $4,850 for an International, and the Columbiana Tractor Co., $4,264 for a Ford.

Jordanians, Israelis Again Exchange Fire

TEL AVIV (AP) — Jordanian and Israeli soldiers exchanged rifle fire across the Jordan River near Jericho for the fourth successive day today, the Israeli army reported.

Israeli newspapers said Israel has warned Jordan it will take "strong action" if the shooting incidents continue.

The Israeli army said Jordanian riflemen opened fire briefly in midmorning on Israeli soldiers who shot back.

Fireworks Postponed Festival To Start Over

The fireworks display for the St. Rocco's Festival at Wellsville has been postponed from this Saturday until Aug. 19, Fred Baldasare, publicity chairman, has announced.

Cuddler Amusements of New Middletown has signed a contract with the Knights of Columbus in Wellsville "guaranteeing" rides during the new dates of the carnival — Aug. 15-20.

The fete began this week without the rides after the contracted firm — Megerle and Pfile — failed to show up. "They simply defaulted," Baldasare said.

"The K. of C. apologizes to all those who were inconvenienced by the lack of rides this week," Baldasare said. He added that advance ride tickets now held will be honored by the new amusement company and that a limited supply is still available.

The Solemn High Mass in honor of St. Rocco scheduled for Sunday probably will be held Aug. 20, he continued. The feast day is Aug. 16 and the St. Rocco's Festival is usually held that week, but was moved up this year due to the contract with Megerle and Pfile.

Stands will be "dark" at Central Park this week as the K. of C. continues work toward the new fete, which will start all over again Aug. 15. Nightly prizes will be completed in the clubrooms.

Mrs. Rex Grafton And Infant Daughter

Mrs. Martha Grafton, 30, of Irondale, wife of Rex Grafton, died Thursday about 5:35 p.m. at City Hospital about two hours after giving birth to a stillborn daughter.

Mrs. Grafton worked as a dipper at the Hall China Co. She was a member of the Ladies Auxiliary of the Irondale Volunteer Fire Department and the IBOP Local, 148.

In addition to her husband, she leaves three sons, David Devore, Kenneth Devore and Daniel Devore, and a daughter, Brenda Devore, all at home, and three half-brothers, Milton Crane, Kenneth Crane and Benjamin S. Crane, all of East Liverpool.

The MacLean Funeral Home of Wellsville, is arranging services. Friends may call at the funeral home tonight, Saturday afternoon and night.

Herbert Fowler

Services for Herbert W. Fowler, 96, of 605 Clark St., Toronto, will be held Saturday at 1 p.m. at the Clarke Funeral Home in Toronto.

The Rev. Floyd Workman of the Riverview Methodist Church, Toronto, will officiate. Burial will be in Toronto Union Cemetery.

Mr. Fowler died Wednesday at 7 p. m. at home after a lingering illness. He formerly was employed at the Toronto Foundry. He was a Methodist.

He is survived by two daughters, Mrs. Roy (Mary) Stephens of Toronto and Mrs. Howard (Elsie) Gilmer of New Cumberland; a son, Ray Fowler of Toronto, seven grandchildren and 11 great-grandchildren. His wife, Mrs. Susannah Fowler, died in 1951.

Friends may call at the funeral home this afternoon and tonight from 7 to 9.

Miss Hazel Noble

Graveside services for Miss Hazel Lenore Noble, 73, of 429 Park Way Blvd., Alliance, and a former resident of Irondale, will be held Monday at 2 p.m. at the Yellow Creek Cemetery.

The Rev. James McCollam, pastor of the Yellow Creek Presbyterian Church, will officiate.

Funeral services will be held Monday at 10:30 a. m. at the Cassady & Turkle Funeral Home in Alliance.

Miss Noble died suddenly at home Thursday at 10:30 p. m.

A native of Pittsburgh, she was born Sept. 27, 1893, a daughter of the late Alexander C. Noble and Jane Slick Noble. She had resided in Alliance for 58 years and had been retired from the Alliance Machine Co., where she worked as head of the payroll department. She was a member of the First Presbyterian Church in Alliance.

She is survived by three sisters, Miss Marion Noble and Miss Janet A. Noble, both at home, Mrs. Harold (Christia) Bonner of Alliance, a brother, George A. Noble of Sebring, several nieces and nephews. A brother, Charles Noble, died in 1963.

Friends may call at the funeral home Sunday from 7 to 9 p. m.

Edward Morman

Services for Edward H. Morman, 79, of North Canton wil be held Saturday at 2 p.m. in the John Knox United Presbyterian Church there. Burial will follow in North Lawn Cemetery.

Mr. Morman, brother of Mrs. Reid Calcott Jr. of Chester, died Wednesday at Mercy Hospital in Canton. He was a retired superintendent of the fireproofing department at Diebold, Inc., where he worked for 48 years.

He also is survived by his widow, Mrs. Mable D. Morman, a daughter, a son and two brothers.

Friends may call this afternoon and tonight from 7 to 9 at the Wideman Funeral Home in North Canton and at the church an hour before the services.

Ernest Allmon

Ernest P. Allmon, 71, Hanoverton RD 1, formerly of Salineville, died today at 9 a.m. at the home of a son, James P. Allmon. He had been in failing health.

He leaves another son, Ernest A. Allmon of Lisbon RD 4.

The Maple Funeral Home in Kensington is arranging services.

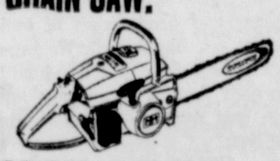

11 Workmen Injured As Bridge Collapses

KANSAS CITY (AP) — A bridge under construction in the southeast part of the city collapsed today, dumping many tons of concrete on workmen on the project.

Police said early estimate were that 11 men were hit by the falling concrete, but the extent of their injuries was not known.

In addition, from 40 to 50 other workmen were under the main span.

SCHOOL PHOBIA

Q. *Our 5-year-old absolutely refused to go to kindergarten. I am sure the problem will arise again when it is time for him to enter the first grade. Any suggestions?*

A. School phobia is actually a separation anxiety reaction, usually related to leaving home and mother. The reaction can be quite severe and, if allowed to continue, may involve other situations until eventually the child may become deeply dependent upon the mother's constant presence. Very often the mother herself needs help to free the child from her anxiety and from the child's over-dependence upon her. The child should be given emotional support in resolving his fears about leaving home and mother. Consult a pediatrician.

HEART CONSCIOUSNESS

Q. *Lately I can not rest or sleep on my left side because my heart pumps so fast and hard. I am under medical treatment but not for heart trouble. What causes this?*

A. Most people have probably had this experience. Thumping of the heart may be especially noticeable when everything is quiet and sleep seems far off. Change position in bed and the heart will "quiet down," or at least the heart beat won't be noticed so much. Awareness of body functions such as the heart beat is usually not a manifestation of serious disease.

American Money For Americans

Vice President Hubert H. Humphrey's plan for eradicating conditions leading to racial violence and giving assistance to our nation's impoverished is the same one voiced by a multitude of Americans for a long time.

Speaking in Detroit, Humphrey said we need a Marshall Plan. He was referring to the post World War II effort by the United States to help rebuild European countries. It cost billions of dollars.

We have continued to up foreign aid programs and pour men and money into military excursions to help people of other countries while paying a minimum of attention to potential domestic trouble areas.

The blame must not be placed entirely at the federal level. States have shown an amazing lack of leadership in setting up specific programs and seeking federal aid.

Every time the federal government gets involved in big money projects, administrative costs and misuse of funds take a big bite out of the total.

That is why the federal-state tax sharing proposal is so appealing. Not all states have exactly the same problems in the same ratio. The states should have the right to use the money where it is needed most urgently.

The sharing proposal calls for imaginative and dynamic leadership from state officials with full support and equally clear thinking from city administrations within the state.

Anyone chastising the federal government for meddling too much in state affairs must give a verbal lashing to the states for a lack of action that invited federal infringement on sovereignty.

Now is the time for forward-looking states to give positive direction to their destiny. Now is the time for a big push for tax-sharing. Now is the time to step forward with workable programs to cure the cancerous growth of slums.

The federal government would jump at the chance to help implement an indisive proposal dealing with problems of our cities.

We believe Ohio could be at the head of the line.

Rigs In Suburbia

More and more complaints are being heard from St. Clair Township residents about the large and heavy trucks which are using the Cannons Mills Rd. and Smiths Ferry-Calcutta Rd. as a shortcut from Route 30 to Pennsylvania Route 68.

The trucks slow traffic on upgrades and pose a hazard for automobiles on narrow, curving roads on both sides of Calcutta.

Wednesday night's mishap in which a large rig overturned on the Smiths Ferry-Calcutta Rd., blocking traffic for many hours, points up the danger of the rigs and the inconvenience they cause.

Columbiana County Engineer John Ursu and Ohio Highway Patrol officers indicate the majority of the trucks are not exceeding the state load limits of the road, based on axle-weight ratio.

However, there is a possibility lower legal limits could be set by county officials to restrict truck travel on the artery so as to make it safer for all to use.

There should be no discrimination against trucking firms in matters of highway use, for they provide a vital transportation service throughout this tri-state area. But when ample truck routes are available for the haulers, there is no need to jeopardize the safety of others or to clog secondary suburban roadways with unnecessary tractor-trailer use.

On The Scene

Announcement by West Virginia Road Commissioner Burl Sawyers that he had no intention of meeting with Hancock County officials concerning road and street problems should have come as a surprise to no one.

Despite reported efforts to have Mr. Sawyers confer with the county authorities and various groups irritated about street conditions, the state executive apparently had not been notified of such specific plans.

The highway chief is obviously reluctant to disrupt the normal chain of authority on road matters, preferring the problems be ironed out locally. And he can't be blamed for not wanting to face some of the local residents unsatisfied with the pace of progress on their streets.

Mr. Sawyers, with the huge system of highways under his jurisdiction, responsible for an office and work force of thousands, bearing the brunt of requests of road improvements from throughout the state and restricted by a set amount of funds, is a busy and harried man.

Hancock and state officials continue to insist that the problems are being studied, and that action will be forthcoming. Those householders who have gone through just about every channel of government to effect such results remain hopeful.

Meanwhile, not a few residents and authorities in the county would welcome Mr. Sawyers on a visit, to explain and point out to him the natural beauty, the economic advances, the progressive schools, the tax resources, the voting power of Hancock County.

There's nothing like being on the scene in person. Or on the spot, as they say in some circles.

Three Men

By James Marlow

WASHINGTON

Three men symbolize the struggle for the mind and the progress of the American Negro. All three are Negroes: Clarence Mitchell, Stokely Carmichael and H. Rap Brown.

Mitchell has worked almost his whole adult life for justice and peaceful solution through law and order for Negroes. Carmichael and Brown are apostles of violence.

Three recent statements by these men illuminate not only the different roads they have chosen to follow — and the kind of appeal they make to the Negro mind — but the choice Negroes have open to them.

"The haters, both white and non-white," Mitchell said Wednesday night in a talk in Atlanta, "are now operating on the same wave-length. They both want to resegregate the country."

"They are a small minority, but they are a dangerous minority. They are dangerous because some of them are reckless enough to carry out wild schemes of destruction."

The Associated Press reported that in a three-hour news conference, from which U.S. reporters were barred, Camichael said in Cuba where he is the guest of Fidel Castro:

"One good thing about the Vietnam war (he never served in it since he was never drafted) is that the United States has taught us how to kill."

He called for Negro guerilla uprisings in this country.

BROWN, CHARGED with inciting to riot in Cambridge, Md., but free on bond while he awaits an extradition hearing on the charge, made a speech in Cambridge immediately before the riot July 24.

Brown reportedly said the town should be burned down but advised his listeners to do the burning in the white sections of Cambridge.

Mitchell is 57, but he has been working for the advancement of Negroes for 30 years, which is longer than Brown, 23, and Carmichael, 26, have been alive.

He worked for government, state and Negro agencies — all involved in Negro problems — and 22 years ago he went with the National Association for the Advancement of Colored People.

He has been the NAACP's Washington representative since then. His is hardly a private life. He lives in Baltimore where he has a wife, Juanita, an NAACP lawyer there, and four sons, comes to Washington every day and works until 8 o'clock at night or later with senators and representatives on bills affecting Negroes, goes to committee hearings to testify or listen, or to see Justice Department lawyers, or to the White House, or to various meetings, and then on weekends has to fly around the country to attend meetings.

This has been his life 22 years, day in and out. He is a husky man with a temper he keeps controlled. He is not doing it for money. The NAACP is not a place to get rich. He has dedicated his life to this job.

IF IT WEREN'T for the work of Mitchell and the NAACP, Negroes in America would probably be as segregated today as they were 100 years ago.

It was this decision which made it possible for Carmichael and Brown to assert themselves although they look upon the NAACP people as a bunch of outdated Uncle Toms.

Brown, who had a good scholastic record but didn't finish college, is from Louisiana and this year succeeded Carmichael as chairman of the Student Nonviolent Coordinating Committee—a ridiculous name for it now.

He left left school to work in the civil rights drive in Mississippi. At first pictured as shy, he picked up audacity as he went along.

Carmichael, a citizen although born in the West Indies, finished college. He, too, got his early training in the civil rights drive in Mississippi. Last year he authored the phrase "Black Power."

But last year he hemmed and hawed about admitting he advocated violence. Not any more —and now he is said to command fees of $1,000 or more for some of his appearances.

Purely Personal Observations

Speaking of grandmothers who don't look like grandmothers, as all grandfathers are expected to do, I think the First Lady does not look like a grandmother, either. Matter of fact, I don't think she acts like one.

I hate to think what will happen to good causes getting along on tax-deductible money if that 10 per cent surcharge on income taxes goes through Congress. Something has to give—and most of us long since reached the end of our rope on local, state and federal taxation.

I wonder how many other people have an urge to print a sign and start picketing: I Am on Strike Against Strikers.

There always is the question when pygmies get into the news whether news transforms them into giants by giving them too much attention. As a long-time toiler in the vineyards of communication, I can remember pygmies who were blown up to giant size and vice versa.

Horses are among the most thoughtful looking creatures on earth, though I have been assured horses are incapable of thought processes; that they do everything by instinct and built-in reflexes.

On The Horns

VICTOR RIESEL

Looking Inside The Riots

DETROIT — There's a chunk of Saigon here, especially in the charred, burned-out jungle which federal authorities have told President Johnson is about the size of the city of Pittsburgh.

Victor Riesel

You can't tell the terrorists from the decent folks without a computerized, centralized intelligence system. And there is none. There are not even specialists. There are only scores of self-styled "revolutionary" leaders and cells.

They have no central network. So there's been no central investigation, federal or local, though the city and the land are filled with revolutionary literature, movie pamphlets, and "black" paramilitary units. These have broken the hearts as well as the heads of men, Negro and white, who thought they had it made in this showpiece city.

Despite the slums, no metropolis could have been more of a showpiece. This is after all the city of Walter Reuther and his auto union and its interlocking relationships with Wayne State and other Michigan universites.

Such intellectual liberals as Ronald W. Haughton of Wayne State University, long an intimate of Reuther and his colleagues in the United Auto Workers (UAW) high council have had dialogues going here for some ten years. This was the head start city.

Negroes and whites were evenly matched politically. In fact, the Negro leadership privately vetoed the auto union chief's original position on the mayoralty candidancy of Jerome Cavanagh some years ago. The Negroes tipped the political balance for Mayor Cavanagh.

THERE ALSO IS the union's Trade Union Leadership Council (TULC). Active in it are Horace Sheffield, a UAW staff member, and Buddy Battles of the Ford local leadership. The TULC had the equivalent of a school, replete with classes in office work, business English, and third and fourth echelon office management. There was much "action" in art and music.

The TULC was another head starter. It long has worked with AFL-CIO elder, vice president A. Philip Randolph. It has a broad base. Fully a third of the Chrysler, Ford and General Motors' 600,000 employes are Negroes. Naturally the bulk are in and around Detroit. They are on the same wage scale, same seniority lists, same unemployment guarantees, same industry-paid welfare and hospitalization programs, including all sorts of free service from the optical to the psychiatric.

Why, then—as President Johnson asked I. W. Abel, head of the United Steelworkers about 9:30 p.m. Thursday, July 27, in a personal telephone conversation—Detroit?

No reason, except that there is no relationship between the dialogues, the model programs and the self-styled revolutionists.

The hard core of rioters are a new breed. This kind of warfare doesn't take manpower. It takes tightly knit disciplined cells. They're all over the big eastern cities.

Certainly few of the citizenry, white or Negro, have heard of tough little bands such as the Black Flag Anarchists, the Black Guard of the Revolutionary Action Movement: (RAM), the Black United Action Front, the Black Liberation Commission on the Progressive Labor Party (PLP).

These are just a few. But everyone appears to have forgotten that the Progressive Labor Party's vice-chairman Bill Epton was convicted of criminal anarchy after the 1964 Harlem riots. There are others of his colleagues still awaiting trial.

THE PLP IS MAO-IST—pure but not so simple. They believe in direct action. Many of their young members—and virtually all are under 30—are good rifle shots. They have a network of Mao-ist, Viet Cong literature. They distribute not only National Liberation Front motion pictures, but films of the Cuban Tri-Continental Conference, especially on the Cuban militia and revolutionary struggles. The PLP offers, and has dispatched, the "fighting films" to "anybody's apartment, the lobby of your building or even on the street." Some of the pictures are from Peking, North Vietnam and Zanzibar.

There is even a publishing house in New York City which issues Robert Williams' "Negroes With Guns." Williams was Castro's favorite "American desk" broadcaster and now is lending his cataclysmic culture to Peking's transmitters.

It doesn't take a national network to set such flying squads rolling towards inflamed cities. The cells roll on their own—by car, by train, even by air. The neo-revolutionists have money, plenty of it.

If the President and his civil disorders committee seek an answer, they will have to concentrate on the new revolutionists and cage them before the cells coalesce and crush those who want to see the open blue sky as they reach upward—not the terrorists, snipers and clouds of smoke.

Berry's World

"Don't worry about the riot situation—we'll just make a study of it, the way we do with air and water pollution!"

LETTERS TO THE EDITOR

I was reading a newman's account of the proceedings of the Black Power Conference in Newark recently, and was dismayed at the writer's expressed opinion that the attitude of the Negro leaders gathered there was anti-Christians, anti-democracy and anti-white. Being a Pentecostal Christian in spirit, and possessing a democratic mind within a black Afro-American body, I felt compelled to cast a little shade upon the writer's light, lest we be blinded by his glowing ignorance.

First, if anyone resents my referring to the writer's opinion as that of ignorance, I believe they're already blind to some extent, because ignorance seems to prevail on both sides of the racial picture today. Until we learn to love each other as God commands us to, we will fail to understand each other. Therefore, when we respond to a demonstration, boycott or riot, and react with misunderstanding, we are really operating in ignorance.

Deception causes man to continue to clear spider webs while leaving the spider untouched. But when wisdom cleans house, the spider isn't spared, but is hunted up, rooted out and destroyed.

The spider in the racial webs covering the chambers of our society is ignorance. Hate breeds it. Violence nourishes it. Deception camouflages it—and misunderstanding leads it by the hand.

The urgent need to clean house in America is apparent. The need to clean under the rugs of American folklore is great. The need to open the closets of knowledge to all is pressing. We need to pump out the high waters of pride from our cellars of contentment, rid our attics of racial rodents and prepare to sit down to the table of love together, with God in his rightful place, at the head.

With our house clean and our heart pure, we can then bow our heads, black and white, alike, Jew and gentile, Catholic and Protestant together, and wait on the Lord to bless us. But until then we must work to clean up the house we live in. Let's work in love. Let's work in understanding. Let's work in peace.

No, America, we Negroes and our real leaders are not anti-Christ, nor anti-democracy, nor anti-white. But we are against the popular hypocritical brands of all three concepts. We're against a pious religious show of vanity, a greedy political viewpoint and a social rating based on color.

The American Indian is reputed to have said many moons ago, "Pale face speaks with forked tongue." I'm now asking that you make this statement a fable and not a fact.

I'm asking that the good people of the Tri-State district, black and white, sitting on the sidelines of history and blocking the doorways to progress, get up and add your bodies, brains and hearts to the housecleaning at hand. There are but basically two forces in the world; neither has a color. One is of good; one's of evil.

One has a Heaven; one has a Hell. We must overcome together or be overcome individually. Fear and hate spreads, but so do courage and love. I pray, plan and work to stimulate the latter. How about you?

American Money For Americans

Vice President Hubert H. Humphrey's plan for eradicating conditions leading to racial violence and giving assistance to our nation's impoverished is the same one voiced by a multitude of Americans for a long time.

Speaking in Detroit, Humphrey said we need a Marshall Plan. He was referring to the post World War II effort by the United States to help rebuild European countries. It cost billions of dollars.

We have continued to up foreign aid programs and pour men and money into military excursions to help people of other countries while paying a minimum of attention to potential domestic trouble areas.

The blame must not be placed entirely at the federal level. States have shown an amazing lack of leadership in setting up specific programs and seeking federal aid.

Every time the federal government gets involved in big money projects, administrative costs and misuse of funds take a big bite out of the total.

That is why the federal-state tax sharing proposal is so appealing. Not all states have exactly the same problems in the same ratio. The states should have the right to use the money where it is needed most urgently.

The sharing proposal calls for imaginative and dynamic leadership from state officials with full support and equally clear thinking from city administrations within the state.

Anyone chastising the federal government for meddling too much in state affairs must give a verbal lashing to the states for a lack of action that invited federal infringement on sovereignty.

Now is the time for forward-looking states to give positive direction to their destiny. Now is the time for a big push for tax-sharing. Now is the time to step forward with workable programs to cure the cancerous growth of slums.

The federal government would jump at the chance to help implement an indisive proposal dealing with problems of our cities.

We believe Ohio could be at the head of the line.

Rigs In Suburbia

More and more complaints are being heard from St. Clair Township residents about the large and heavy trucks which are using the Cannons Mills Rd. and Smiths Ferry-Calcutta Rd. as a shortcut from Route 30 to Pennsylvania Route 68.

The trucks slow traffic on upgrades and pose a hazard for automobiles on narrow, curving roads on both sides of Calcutta.

Wednesday night's mishap in which a large rig overturned on the Smiths Ferry-Calcutta Rd., blocking traffic for many hours, points up the danger of the rigs and the inconvenience they cause.

Columbiana County Engineer John Ursu and Ohio Highway Patrol officers indicate the majority of the trucks are not exceeding the state load limits of the road, based on axle-weight ratio.

However, there is a possibility lower legal limits could be set by county officials to restrict truck travel on the artery so as to make it safer for all to use.

There should be no discrimination against trucking firms in matters of highway use, for they provide a vital transportation service throughout this tri-state area. But when ample truck routes are available for the haulers, there is no need to jeopardize the safety of others or to clog secondary suburban roadways with unnecessary tractor-trailer use.

On The Scene

Announcement by West Virginia Road Commissioner Burl Sawyers that he had no intention of meeting with Hancock County officials concerning road and street problems should have come as a surprise to no one.

Despite reported efforts to have Mr. Sawyers confer with the county authorities and various groups irritated about street conditions, the state executive apparently had not been notified of such specific plans.

The highway chief is obviously reluctant to disrupt the normal chain of authority on road matters, preferring the problems be ironed out locally. And he can't be blamed for not wanting to face some of the local residents unsatisfied with the pace of progress on their streets.

Mr. Sawyers, with the huge system of highways under his jurisdiction, responsible for an office and work force of thousands, bearing the brunt of requests of road improvements from throughout the state and restricted by a set amount of funds, is a busy and harried man.

On How To Inform Public

Navy Plans 'Self-Exam' About Military Disasters'

By BOB HORTON
AP military Writer

WASHINGTON (AP) — The Navy plans a self-examination of how it informs the public about who is involved and who isn't in such military disasters as the USS Forrestal fire.

Specifically, the Navy will look at its performance in publicly identifying the men who died, were injured or missing after flames swept the 4,300-man carrier off North Vietnam Saturday.

Sources said an admiral is being assigned to head up the investigation. It took the Navy four days to get out a reasonably complete list of the Forrestal victims.

While families of the more than 100 casualties were notified much sooner, the relatives of the more than 4,000 other men aboard the carrier had no way of knowing the fate of those crewmen.

This posed the question of whether the Navy has a responsibility, in cases where so many men are involved, of letting all relatives know more quickly about the crew's fate.

Some officers think this could be done by providing news media with the list of known casualties even as efforts continue toward reaching their relatives.

By a process of elimination, survivors' relatives could determine from these lists whether their men were involved-therefore being spared long hours or days of anguish.

This approach, however, runs the risk that some next-of-kin will hear of family deaths before the government has contacted them.

Pentagon policy is to avoid such situations as that of a mother learning from a news broadcast or newspaper her son has been killed.

Sources said the Navy's probe will touch on this general problem, study the Forrestal situation specifically and perhaps make recommendations on handling information about future tragedies.

The Navy casualty branch, headed by a civilian, notified nearest relatives of the dead, missing or seriously wounded men on the Forrestal. The casualty office did not compile a casualty list, but individual names were released as relatives were reached.

"It might seem cruel at first, but I wonder if we don't have just as big a responsibility in letting the survivors' relatives know as quickly as possible about exactly which men have been hurt or killed," one harassed officer asked.

Reported Kidnaping, Hijacking Is Probed

YOUNGSTOWN, Ohio (AP)— A reported kidnaping and hijacking in Mahoning County is being investigated by the Mahoning County Sheriff's Office and the FBI.

James Monroe, 29, of Archbold told Jefferson County authorities he was kidnaped at gunpoint Tuesday near Palmyra and held for 18 hours by two men and a girl before he was released unharmed in Steubenville.

Deputies said Monroe's tractor-trailer rig, which had been loaded with 35,000 pounds of meat, was recovered half empty near Ravenna.

CB Club Will Sponsor Coffee Break Aug. 24

Plans were made for a "coffee break" Aug. 24 when the Penova Citizens Band Radio Club met Tuesday night at the clubhouse on Route 45, near Wellsville.

The benefit, beginning at 6:30 p. m., will be open to the public and will include a dinner and dance.

Ralph Coleman, vice president, presided in the absence of Dave Laneve, president.

Until October, meetings will begin at 8:30 p. m. Jarts and horseshoes will be played. The next session will be Sept. 5.

Regina, Saskatchewan, is named for Queen Victoria. The Indian name was Pile of Bones.

The state house at Providence, R.I., was built with white Georgia marble and has the second largest unsupported marble dome in the world.

Keep In Trim

By IDA JEAN KAIN

Retain Beautiful Food Habits

Wouldn't it be wonderful if this one summer could help you to turn into the slim, trim, healthy person you yearn to be? With beautiful food habits you are on the right course. Why not stay with them?

Ida Jean Kain

Today's story offers abundant proof of the advantages of continuing the right pattern of eating. The story has a surprise ending.

—:—

"I GREW from a tubby child into a fat teen and a huge young woman. At my mother's prodding, I tried every diet ever invented, shuttled from doctor to doctor, reducing salons, everything, all to no avail.

"My 22nd birthday came up and I weighed in at 216 pounds on a 5-foot-6 medium frame. My measurements were 46-40-47. Disgusting! Somehow a new resolve was born and I got a firm grip on myself. I went back to our family doctor.

He had a strictly no-nonsense attitude. He told me that reducing was a matter of fixing the right pattern of eating in my mind and cutting out the junk calories. I started, using the IJK calorie chart. It wasn't easy, not at first anyway, but I had decided that if I didn't do it then I never would. Well, I lost 96 pounds.

"The real purpose of this letter is this: That happened 20 years ago! Today I'm in my forties and I weigh 125 pounds. I measure 36-25-35 and wear a size 12 dress.

"This is what I wish to impress on your readers: Somewhere along the line as I was fixing my food pattern and habits, I developed a built-in-timer that seems to automatically turn off when my body has been adequately supplied. In short, my weight is simply not a problem any more. I enjoy all foods, but I do not want to overeat.

—:—

"SO, ALL you tubby young people. . .open the gateway to life. Get that weight off—and keep it off. You can!

"Everytime a heavy person tells me, and they do often, 'But with you it's different. You are just naturally slender,' I chuckle to myself. I know my secret. It's all in swinging into those beautiful food habits. I hope my story can inspire some struggling overweight person to try again. . .and this time make it!"

If the words from this triumphant letter seem to fly up at you, cling to them hard. Know they were meant to bring you new hope.

And now, your dietitian is off on vacation. I'll be back with you Labor Day. In the meantime, happy summer slimming!

Board Arranges Exams For New Police, Firemen

The Municipal Civil Service Commission announced today it will hold competitive examinations at City Hall in early September to draw up new eligibility lists for jobs on the police and fire departments.

The test for prospective policemen will be held Sept. 11 and the exam for fire department applicants is set for Sept. 12. Both will begin at 7 p.m. in the Council chamber. Applications for both tests will be accepted until noon Saturday, Sept. 2. The fee is $1.

Applicants for both departments must be over 21, but must not have passed their 31st birthday at the time of appointment, the commission said. Both eligibility lists will remain in effect a year. Both fire and police jobs pay $410 monthly for the first six months and then advance to $450.

Applications may be obtained from the office of Mayor George E. Willshaw or from any member of the commission, which is comprised of H.A. Tullis, chairman, A. A. Fiorello and Donal I. Burcham. P. K. Calhoon is clerk.

Ice formed in the sea is generally only about 10 feet thick. Ice islands may be more than 80 feet thick. The United States has one station on an ice island, T3. The Russians have two stations on ice floes, but none on ice islands.

Petition Backs Boyce For Post

LISBON — A 406-name petition for retaining Robert W. Boyce as superintendent of the Columbiana County Home has been presented to the county commissioners.

The preamble of the petition, received week before last, reads "We, the undersigned, wish it to be made known that we would like Mr. Robert W. Boyce to remain as County Home superintendent.

Eighty-eight of the petitioners are residents or employes at the home.

Commissioners last week appointed Mr. and Mrs. Joseph Mattevi to the posts of superintendent and matron, effective Aug. 15.

The appointments were stayed Tuesday, however, by the Seventh District Court of Appeals on a petition of Boyce and his wife Gladys, the matron, for a writ of mandamus.

The commissioners have until Aug. 15 to respond to the court's order to appoint the Boyces or show cause why not. Commissioners and Prosecuting Atty. J. Warren Bettis conferred Thursday afternoon.

Firemen said it is not believed the car inside was badly damaged.

The Means family was unable to save anything except some clothing. All the furniture either was burned or ruined by the heat and water. Firemen said all five rooms literally were gutted by the flames.

The cause was not determined. Firemen still were on standby duty at the scene at 11 this morning.

At Council Meeting

Salary Cuts Set For Cumberland

NEW CUMBERLAND — The salaries of the mayor, water and sewage plant operator and the street commissioner were reduced and the wages of a laborer increased during the meeting of council Thursday night. Mayor Arthur Watson presided.

The salary of Jake Baxter, operator of the water and sewage treatment plant and street commissioner, was reduced from $525 to $475 a month. Council gave no reason for its action during the meeting.

—:—

THE SALARY of Mayor Watson was reduced from $225 to $200 a year. The reduction was made in keeping with the city charter, which sets the mayor's salary at $200.

Officials said they did not know why the salary had been raised in the past, but they felt it should conform with the charter.

Robert Uker, a laborer for the village, was granted a 10-cent-an-hour increase, bringing his hourly wage to $1.75. The increase is retroactive to July 30. Salaries of other employes remain the same.

Council accepted a recommendation from the police committee that Chief William Webster be reimbursed $16.16 for mileage expenses incurred while he used his car for city business prior to the delivery of the new cruiser.

Watson reported on the prospect of obtaining a loan from the Citizens Bank at Weirton to carry out a street improvement program in Eden Valley. The city has been requested to provide additional information to the bank.

—:—

A DELEGATION of Eden Valley residents attended the meeting to ask whether the road could be graded to provide proper drainage. Attending were Mr. and Mrs. Dean McAtee and George Ghenne.

Wallace Herron requested Council include his property on any street improvement program concerning 2nd Ave. extension. The street committee will meet with residents of that area to discuss such a program.

Council approved a recommendation from the street committee for bricking Clay St. hill. The road will be paved by boys working with the Neighborhood Youth Corps program. The city will use a supply of bricks on hand.

Watson reported a number of directional signs have been posted by the State Road Commission at the A. and S. food store. He said he will recommend the steps leading up the hill behind Phillips' Hardware store be abandoned. They were removed to repair a break in the water line. A new pair has been installed at another location.

—:—

COUNCIL approved a proposal establishing parking meter permits to be issued by the police chief. They may be purchased by residents for $2 a month and by businesses for $3 a month. They will be used instead of money for the meters. Council approved the installing of a deororizer and fogger system in the water and sewage treatment plant on 90-day trial. It will be installed by the San-Fax Corp. and is estimated to cost $731 during each 13 - month period. This is about half the present cost.

Council accepted a proposal from Councilman Dean Chamberlain calling for the city to adopt a new bookkeeping system. He termed the present one inadequate and confusing, and said it does not offer full disclosure of the city's assets and liabilities.

Council will study systems used by other communities.

Council will request the state fire marshal investigate all abandoned property in the community and notify to owners if their property constitutes a fire hazard.

The county dog warden will be asked to assist the city in enforcing the dog-leash ordinance.

Escapee

(Continued from Page 1)

between 11:30 and 11:40 p.m. June 15.

Seay had been returned to Hancock County June 5 on a writ of habeas corpus. He was due for a court hearing to determine whether or not he was being held illegally, as he contended.

Seay was accused of raping a young girl in 1958. He allegedly enticed her to enter his car at E. 3rd St. and Broadway and they drove to a wooded area in Hancock County, where she was assaulted. He had been serving time in the West Virginia Penitentiary at Moundsville.

Hancock deputies said the two men apparently escaped with Durbin's help. He had been made a trusty a short time prior to the escape. The officers said a trusty has a key to a gate at the entrance of the jail and one to the sheriff's office and is permitted to wash clothes in the downstairs section of the facility. The trusty admits visitors, runs errands and performs some janitorial duties in the building.

Officers believe Durbin went up laundry. Then, they said, he apparently unlocked the kitchen door and he and Seay made their escape through the sheriff's office.

Sedan Veers And Hits Post

Wet blacktop pavement was blamed for a mishap Thursday afternoon in which a sedan veered off a curve on the Lisbon St. Hill and struck a guardrail post, police reported.

Raymond Huston, 65, of Huston Pl. escaped injury in the collision at 3:42 p.m. that damaged the right front bumper, fender and undercarriage of his 1962 two - door sedan, officers said. One guardrail post was broken.

Huston told Patrolman David K. Mumaw he was rounding the curve when the rear of his auto skidded on the wet pavement. The car then hurdled the curb and hit the fence, officers said.

A West Virginia man's car was damaged slightly in a collision with a public transit bus Thursday at 4:08 p. m. at E. 5th St. and Broadway.

The collision involved a 1965 four-door sedan operated by Pete Tomaino, 68, of Follansbee and a 1945 model bus owned by the Tri-State Transit Co. and driven by James H. Lawrence, 52, of 2129 Ohio Ave. There was a small dent in the right front bumper of Tomaino's car, but the bus was undamaged, officers said.

Tomaino told Mumaw he was turning south off E. 5th St. onto Broadway when he bumped the bus. Lawrence said he started through the intersection behind another vehicle when his bus was hit by the auto.

Ownership Checked In Burning Car Case

An apparent stolen auto with a Pennsylvania registration was found burning at 6:30 a. m. today by a swimming hole on the Old Beaver Creek Rd., according to Ohioville police.

An East Liverpool motorist turned in the alarm when he saw smoke as he drove by on Route 68.

Police said the 1967 convertible had been stripped of the wheels, tires, battery, generator and radio. The car's ownership is being checked through state registratrar records.

Anti-Poverty Funds Involved?

School Cited On Teaching Negroes To Hate Whites

WASHINGTON (AP) — While a Republican senator asks whether the Office of Economic Opportunity is "subsidizing rioters" with federal funds, the antipoverty agency is moving to investigate a Nashville, Tenn., summer school accused of teaching Negro children to hate white people.

Sen. Hugh Scott, R—Pa., said he accepts testimony of Nashville Police Capt. John A. Sorace that antipoverty funds are involved in financing of the school.

The OEO denied any of its funds had gone to the school—but it acknowledged a contract had been signed between the school and the Nashville agency administering antipoverty programs there.

Sorace insisted his information is accurat,e but he told the Senate Judiciary Committee Thursday it came from a police informant who could not be publicly identified.

Sorace said OEO funds are being funneled into a summer school directed by Fred Brooks, Nashville chairman of the Student Nonviolent Coordinating Committee. He charged leaders of that organization incited racial violence in Nashville last April.

The OEO, quickly denied Brooks is on the payroll, saying his name had been submitted but not approved. In Nashville, Brooks, 20, said whether the school teaches hatred of whites "all depends on your interpretation."

He told a newsman: "We teach the historical fact that whites came to Africa and viciously enslaved many of the great African people. If the history of the Negroes' past leads them to hate white people, that's not our responsibility."

He said no white man would be allowed to sit in on the classes.

But OEO said the contract between St. Anselms Episcopal chapel and Nashville's Metropolitan Action Commission prohibited segregation of classes.

Sorace's charge could pose a new peril for President Johnson's $2-billion poverty-fighting bill, now awaiting Senate committee action.

Trouble already looms in both the Senate and the House for the Johnson antipoverty program.

OEO Director Sargent Shriver already has come to Capitol Hill to deny charges that antipoverty workers were involved in rioting in Newark N.J.

Sorace leveled his charge against the OEO in midday testimony. He first said poverty funds were going to SNCC, later amended that to say the money was going to Brooks, not to the organization itself.

He said $7,700 was involved.

An OEO spokesman said 5,000 in federal money had been earmarked for a liberation school to "introduce neighborhood children to areas of Negro history neglected by the present educational system."

Sorace said that was the ostensible purpose of the liberation school.

"According to our informants," he said, "this is being done along with the teaching of just pure, unadulaterated hatred for the white race."

Within hours, George McCarthy, assistant director of the OEO for congressional relations, telephoned the Judiciary Committee with a memorandum denying Brooks was even on the payroll.

"His name has been submitted but he has not been hired, nor would he be hired until a full background check has been made," McCarthy's report said.

"That is not the information that we have," Sorace said. He said Brooks drives a new station wagon, leased July 26 with antipoverty agency funds, and heads the payroll list of the summer project at $300 a month.

"Not only is Fred Brooks the director, but half the student aides that are listed are members of NSCC," Sorace said.

An OEO spokesman said later the agency had granted $300,000 to the Nashville antipoverty commission which in turn had contracted with St. Anselms for the school, which already was in operation.

'Caravan Month' Marked During Grange Meeting

A centennial candle was lighted in honor of Grange Caravan Month during a meeting of the Hookstown Grange Thursday night.

Participating were Walter Searight, assistant steward, and Mrs. Mildred Wright, lady assistant steward.

A grange caravan will begin at Washington and travel to the National Cemtery at Gettysburg for a service at the shrine of the first master of the grange, who was responsible for plotting the cemetery.

The caravan then will travel to Syracuse, N. Y., for the national meeting.

The Hookstown unit voted to donate $5 to all appeals presented. Formerly, a $1 donation had been given on each national appeal.

Everett Maki, master, presided. Mrs. Maki, lecturer, directed a literary program of reading and skits on a patriotic theme.

A youth committee was in charge of a wiener roast. Pamona Grange will meet Sept. 9 at Center Township Grange Hall. The annual grange "Go To Church" service will be held Sept. 10 at the North Sewickley Presbyterian Church.

The grange fair board will meet next Thursday at 8 p. m. to advance plans for the annual event Aug. 23-26.

The next meeting will be Sept. 7 at 8 p. m.

Lawsuits Ask $98,700 For Auto Mishaps

LISBON — Four lawsuits seeking $53,700 for traffic accident injuries were filed Wednesday in Common Pleas Court against Burton B. Sutter III, a minor, of 1266 E. Pershing St., Salem.

In another crash suit Thursday, Mrs. Clara A. Lowers of East Liverpool sued Virginia M. Hough of Lisbon RD 3 for $45,000 for injuries and damages in a two-car collision Sept. 2, 1965, on Route 7 near the Route 46 intersection. Mrs. Lowers claims Mrs. Hough ran into her car from behind.

The collision mentioned in the four suits occurred at 11:20 p.m. Aug. 6, 1965, on Route 9, 4.1 miles south of Salem. It involved a 1964 convertible driven by the defendant and owned by his father, Burton B. Sutter Jr., and a 1962 coach owned by Sarah A. Yoder of Hanoverton RD 1, and driven by her son, Henry A. Yoder, 22.

Yoder said the cars were traveling in opposite directions and that Sutter drove left of center.

Yoder asks $35,000 for injuries and his mother seeks $15,000 for his injuries and damage to her car.

The other plaintiffs are Hanoverton men who were riding with Yoder — Donald Moser, 22, who sued for $2,500, and Richard Isenschmid, 21, who seeks $1,200.

Ashland Reports On 3rd Quarter

ASHLAND, Ky. — Net income of the Ashland Oil and Refining Co. for the nine months ended June 30 was $30,409,429, slightly exceeding the record figure of $30,281,981 achieved in the same period last year, the company reports.

Conversion of the company's convertible debentures increased the average number of shares of common stock outstanding during the period by about 700,000, however, resulting in a decline in per share earnings for the nine months to $1.64 from $1.69 the year before.

Third-quarter income was $9,678,020, or 51 cents a share, compared with $9,941,318, or 55 cents a share, the year before.

Chairman Rexford S. Blazeri and President Orin E. Atkins said a major reason for the decrease was the rubber industry strike, which resulted in curtailed shipments of carbon black by Ashland, one of the nation's major carbon black producers. Together with other non-recurring charges, this factor reduced before-tax income for the nine months by approximately 8 per cent, they said.

Picnic Awaited By South Beaver

The South Beaver County Civic Association will sponsor its annual picnic Saturday afternoon at the William Littell Farm on Route 18 between Routes 151 and 30 in Hanover Township.

A hayride again will be one of the features.

There will be games and swimming.

The outing will begin at 2 p.m., with a picnic lunch to be served at 5.

3 Accidents Investigated

Three minor accidents were investigated Thursday by the Ohio Highway Patrol at Lisbon, one resulting in slight injury to a motorcyclist.

Charles D. Chadderden, 21, of Alliance, was northbound on Route 45 near the intersection of Route 30 last night when he lost control of his 1967 motorcycle and flipped the machine on its side. The bike then slid across a concrete divider and into a southbound sedan driven by Charles Wayne Gunn, 23, of Box 186, East Liverpool.

Chadderden was treated and released at Salem Central Clinic. He was cited for driving left of center.

Earlier, autos driven by James Clutter, 54, of Salem and Anthony Vivo, 52, of Youngstown collided at the intersection of Route 14 and 164 near Columbiana.

Reports state Vivo was southbound on Route 164 and struck the Clutter auto, which was traveling on Route 14. Vivo, Mahoning County clerk of courts, was cited for failure to yield the right-of-way.

The third mishap occurred on Route 45 north of Lisbon at 2:26 p. m. yesterday when an auto driven by Steven Burge of Salem struck an embankment after a tire blew as another car was being passed. Damage was minor.

Malaysia Premier Says He'd Give Up If Chinese Attacked

KUALA LUMPUR, Malaysia (AP) — Prime Minister Tunku Abdul Rahman said today he would quickly surrender if Communist China ever attacked his country.

"There's no point in fighting China," he told newsmen on his return from a one-month trip to London. "That's madness. Let them take over and stay as long as God would permit.

"I would surrender to any stronger nation. Why should I go ahead and destroy the people and property of my country?"

The main purpose of the Tunku's trip was to hold discussions on British plans to withdraw troops and close up military bases in Malaysia and Singapore by the mid-1970s.

The 64-year-old prime minister said his talks with British officials were successful because he had received assurances that Britain would supply any naval or air support Malaysia might need even after formal withdrawal from her Far Eastern bases.

"I told them we would only need help if a country our size or a little bigger attacked us," the Tunku said. "But if a bigger country attacks I don't want the help because I don't want to turn this country into a battlefield. If a bigger country attacks, I'll capitulate. I'm not going to fight against anyone I can't fight."

He stressed he had no quarrels with British plans to pull out troops from the Far East.

Sedan Veers And Hits Post

Wet blacktop pavement was blamed for a mishap Thursday afternoon in which a sedan veered off a curve on the Lisbon St. Hill and struck a guardrail post, police reported.

Raymond Huston, 65, of Huston Pl. escaped injury in the collision at 3:42 p.m. that damaged the right front bumper, fender and undercarriage of his 1962 two - door sedan, officers said. One guardrail post was broken.

Huston told Patrolman David K. Mumaw he was rounding the curve when the rear of his auto skidded on the wet pavement. The car then hurdled the curb and hit the fence, officers said.

A West Virginia man's car was damaged slightly in a collision with a public transit bus Thursday at 4:08 p. m. at E. 5th St. and Broadway.

The collision involved a 1965 four-door sedan operated by Pete Tomaino, 68, of Follansbee and a 1945 model bus owned by the Tri-State Transit Co. and driven by James H. Lawrence, 52, of 2129 Ohio Ave. There was a small dent in the right front bumper of Tomaino's car, but the bus was undamaged, officers said.

Tomaino told Mumaw he was turning south off E. 5th St. onto Broadway when he bumped the bus. Lawrence said he started through the intersection behind another vehicle when his bus was hit by the auto.

Ownership Checked In Burning Car Case

An apparent stolen auto with a Pennsylvania registration was found burning at 6:30 a. m. today by a swimming hole on the Old Beaver Creek Rd., according to Ohioville police.

Malaysia Premier Says He'd Give Up If Chinese Attacked

KUALA LUMPUR, Malaysia (AP) — Prime Minister Tunku Abdul Rahman said today he would quickly surrender if Communist China ever attacked his country.

"There's no point in fighting China," he told newsmen on his return from a one-month trip to London. "That's madness. Let them take over and stay as long as God would permit.

"I would surrender to any stronger nation. Why should I go ahead and destroy the people and property of my country?"

The main purpose of the Tunku's trip was to hold discussions on British plans to withdraw troops and close up military bases in Malaysia and Singapore by the mid-1970s.

The 64-year-old prime minister said his talks with British officials were successful because he had received assurances that Britain would supply any naval or air support Malaysia might need even after formal withdrawal from her Far Eastern bases.

"I told them we would only need help if a country our size or a little bigger attacked us," the Tunku said. "But if a bigger country attacks I don't want the help because I don't want to turn this country into a battlefield. If a bigger country attacks, I'll capitulate. I'm not going to fight against anyone I can't fight."

He stressed he had no quarrels with British plans to pull out troops from the Far East.

Facts and Fallacies about Jewelry

by W. D. ORR

FALLACY:

The "jewels" in a watch are strictly ornamental.

FACT:

The hard, durable surfaces of the jewels in the mechanism of a fine watch are used to reduce points of friction, so they are very functional to the accurate precision of the watch's movement. Some "off-brand" watches, however, do add extra jewels that are non-functional.

CONCLUSION:

The honored names of the fine watches in our display are your assurance of accuracy . . . and quality you can trust.

Facts and Fallacies about Jewelry

by W. D. ORR

FALLACY:
The "jewels" in a watch are strictly ornamental.

FACT:
The hard, durable surfaces of the jewels in the mechanism of a fine watch are used to reduce points of friction, so they are very functional to the accurate precision of the watch's movement. Some "off-brand" watches, however, do add extra jewels that are non-functional.

CONCLUSION:
The honored names of the fine watches in our display are your assurance of accuracy . . . and quality you can trust.

Women Are Penalized In Fighting Over Man

Obviously intrigued when two women defendants told him they had been arrested early today for fighting over a man, Municipal Judge Samuel M. Chertoff asked: "Where is this Adonis?"

"He ditched me," Miss Joyce Waters of Walnut St. told the court. She and Mrs. Basthlee Sandy of Orlando, W. Va., were arrested at 12:16 this morning in front of a Dresden Ave. tavern on charges of disorderly conduct by fighting.

"You must have some hidden charm," the judge commented to the two disheveled women. Miss Waters told the judge she took umbrage when her boy friend started a conversation with Mrs. Sandy. The judge fined each $10 and costs and added: "Now go and pretty yourselves up!"

The Hershey Garden in Hershey, Pa., has 42,000 rose bushes on its 23 acres. There are some 1,200 varieties of that plant in addition to annuals, perennials, trees, shrubs and evergreens. In all a total of 120,000 plants which bloom from April to November.

$39,637 Sought By Beaver Local

An allocation of $39,637 available for Beaver Local School District in Title One funds has been announced by federal officials, and Supt. Ray Cashdollar said application will be made the first of next week for the money.

Supt. Cashdollar said the funds, if approved, would be used for continuation of summer and winter programs of the past school terms for remedial students, individual instruction, and would include seven teacher aides and a library aide.

The board of education will meet Monday night at 8 at the Public School to award contracts for cafeteria supplies for which bids were to be received by noon today.

Americans are spending larger portions of their lives in retirement. In 1900 a man averaged only three years in retirement. By 1950 the figure had doubled, to nearly six, and by the year 2000 it is expected to be nearly nine.

Warrant Issued, Fines Levied In Traffic Charges

A bench warrant was issued for the arrest of a city man who failed to appear and five other area motorists were fined at hearings Thursday before Judge Barry Dickson in Eastern Division County Court at East Palestine.

The court ordered the arrest of Gene T. Gilbert of Stagecoach Rd. after he failed to appear on a charge of a stop sign violation.

Fined were Carl David Peterson of New Waterford RD 1, $10 and costs, defective muffler; John Paul Foster of East Palestine RD 1, $5 and costs, failure to display a red flag on an extended load; Charles W. Doughty of Lisbon RD 5, $10 and costs, assured clear distance; Clifford Allen Stanley of East Palestine RD 2, $15 asd costs, unsafe vehicle, and Charles L. Ross of East Liverpool RD 1, $5 and costs, no muffler.

Hearings for four drivers were continued while they attend classes in the driver improvement program. The defendants are Penny Jane Landsberger of East Palestine RD 1, failure to yield the right-of-way; Charles M. Lockhart Jr. of East Palestine, stop sign violation; David Willard Christen of 2155 Lisbon St., East Liverpool, speeding, and Donald Moser of Wick Hotel, Lisbn, reckless operation.

Exam Slated In Postal Job At Wellsville

A competitive examination for the position of permanent postmaster in Wellsville will be given some time this year, the office of Rep. Wayne L. Hays announced today at Washington.

Mrs. Grace N. Wilson is serving as acting postmistrss in the wake of the pending retirement of Postmaster Elmer J. Evans.

Evans has requested disability retirement. He has been ill for some time.

Mrs. Wilson's name was submitted for approval some months ago by the Democratic Executive Committee of Columbiana County. Her appointment was effective July 14.

The examination is open to individuals residing in the Wellsville mailing district. Veterans are given a five-point bonus and disabled veterans receive 10 points.

From a list of the top three qualifiers, the executive committee will recommend one to Hays' office, which in turn will forward its appointment to the Post Office Department. Hays pointed out that if only one of the three is a veteran, he must be chosen under the Veterans Preference Law.

The procedure in ordering an examination begins with the Congressman informing the Post Office Department of the vacancy and the department then requesting the Civil Service Commission to prepare and conduct the test.

It has been the policy of Hays' office to follow the recommendations of the executive committee in naming both acting and permanent postmasters whenever possible. Don Gosney of Columbiana is chairman of the county executive committee.

Carpenter Quits Space Program For Navy Post

SPACE CENTER, Houston, Tex. (AP) — "It's time to move on," said Navy Cmdr. M. Scott Carpenter as he discussed his resignation from the U.S. space program to devote full time to man's exploration of the sea.

Carpenter, 42, of the first seven American astronauts and the second to orbit the earth, resigned Thursday to become chief aquanaut for the Navy in its man-in-the-sea program.

In 1965 Carpenter became the nation first aquanaut-astronaut, he spent 30 days on the ocean floor in the Navy's Sealab II.

He enters the project full time with the responsibility for Navy aquanaut training, equipment development and ocean floor operations experiments for Sealab III, a 60-day excursion off the coast of California, due to begin May 30, 1968.

Carpenter orbited the earth three times aboard Aurora on May 24, 1962. He was grounded by doctors after an arm broken in a 1964 motorcycle accident failed to heal properly.

He said in an interview that he plans to remain in the Navy about one more year before retiring to take an oceanography job with a private aerospace firm that is diversifying operations to include ocean studies.

Although turtles have no teeth, they still can inflict very painful bites. Their jaws are often very sharp and the muscles extremely powerful.

Drilling OK'd At Tank Site In Water Plan

LISBON — Columbiana County commissioners Thursday authorized W. E. Quicksall & Associates, Inc., to drill for soils data at the site of a proposed elevated storage tank along Route 45, north of here.

The tank is to be part of the proposed Lisbon area water distribution system, Columbiana County Water and Sewer District 2, and will be on land the village acquired for the purpose.

William McKenna, consulting engineer for Quicksall, said he wants to drill four holes at least 25 feet deep.

The commissioners received another letter today from McKenna asking authorization to expand this investigation to include at least 110 feet of drilling along the route selected for the water mains. They will act on the request at their next meeting Monday.

Commissioners yesterday authorized advertising for bids for the Robert Bycroft School for Retarded Children on Route 172 at the County Home farm.

Bids will be opened at noon Sept. 7 in the commissioners' office.

Governor Calls For Committee On Recreation

CLEVELAND (AP) — Gov. James A. Rhodes says a committee should be set up with representatives from the state and city government to expedite development of Cleveland's lakefront recreation area.

This was one of a number of proposals offered by the governor as he helped break ground for a new $1.6-million marine complex at East 55th Street and Memorial Shoreway Thursday.

The marine complex, a state-city project, was hailed by Mayor Ralph S. Locher as the beginning of Cleveland's lakefront beautification program.

He said another large marina next to Burke Lakefront Airport is being designed as a state-city funded project.

Americans Would Feel Pinch Of Higher Taxes After Oct. 1

By JOSEPH R. COYNE

WASHINGTON (AP)—If Congress enacts President Johnson's tax program, Americans will begin feeling the pinch of higher taxes with their first paychecks after Oct. 1.

Although new tax tables have yet to be drafted, Treasury Department officials say the average taxpayer can expect his withholding to increase by 10 per cent to reflect the proposed boost.

Congress, however, must make the final decision on any tax increase and its effective date.

But if the program recommended by Johnson is adopted, a worker who has $40 deducted from his paycheck for federal income taxes every two weeks can expect Uncle Sam to take $44, for example.

Johnson said for most Americans the surcharge should range from a few cents to about $9 extra a month.

About 16 million taxpayers in the lowest brackets would be exempt.

A surcharge actually is a tax on a tax. It's levied not on a person's basic salary but on the tax he pays.

If, for example, a person would pay $800 in taxes this year under present rates, his extra taxes for a full year under the surcharge would be $80. But since the surcharge wouldn't take effect until Oct. 1, he would pay for only one-fourth a year —or $20—for 1967.

The same result as a 10 per cent surcharge could be obtained if basic tax rates are hiked 10 per cent. But officials said the temporary nature of the proposal then would be lost and it would be harder to administer.

A tax rate of 19 per cent, for example, would translate to 20.9 per cent under a 10 per cent basic rate change.

The principle of the helicopter was predicted by the famous author, Jules Verne, in 1886, in his story, "Robur, the Conqueror."

Rebels Kill About 100 In Congo Clash

KAMEMBE, Rwanda (AP) — Rebel troops killed about 100 Congolese soldiers in a clash Thursday near Bukavu in the Congo's Kivu Province, a French settler from the area said in Kamembe today.

He said the rebels—white mercenaries and Katanga gendarmes— also captured three of the four armored vehicles supporting the regular Congo troops. There was no word on rebel casualties.

The rebels killed about 50 Congolese soldiers and destroyed three of their armored cars in a four-hour-battle Tuesday. A Congolese government communique said 10 mercenaries were killed and many injured in that fight.

Because of disorder and looting in the Bukavu area, the settler said, his Congolese workers had asked him not to pay their wages for fear the Congolese soldiers would take the money.

A rebel force of about 200 white mercenaries and up to 1,300 Katangans had been reported trying to break out of Kivu into the territory of one of the Congo's eastern neighbors, Uganda, Rwanda or Burundi.

They last were reported at Itebero, a village road junction fewer than 70 miles from the Congo's eastern border.

U.S. Air Force planes brought up reinforcements for the demoralized government troops at Bukavu Wednesday and Thursday. White residents there feared a rebel advance on the city or a rampage against whites by undisciplined Congolese troops.

2 Chester Residents Hurt In Cycle Crash

Two Chester residents were hospitalized Thursday afternoon following a motorcycle accident on Route 66 in Hancock County at Kenilworth.

Ronnie J. Forrester, 27, of 107 Carolina Ave. is in "satisfactory" condition and his wife, Jo Ann, 28, is in "fairly good" condition at City Hospital after the 5:12 p.m. accident.

Sheriff's deputies said the pair was riding the motorcycle "apparently too fast for road conditions" and lost control.

Exam Slated In Postal Job At Wellsville

A competitive examination for the position of permanent postmaster in Wellsville will be given some time this year, the office of Rep. Wayne L. Hays announced today at Washington.

Mrs. Grace N. Wilson is serving as acting postmistrss in the wake of the pending retirement of Postmaster Elmer J. Evans.

Evans has requested disability retirement. He has been ill for some time.

Mrs. Wilson's name was submitted for approval some months ago by the Democratic Executive Committee of Columbiana County. Her appointment was effective July 14.

The examination is open to individuals residing in the Wellsville mailing district. Veterans are given a five-point bonus and disabled veterans receive 10 points.

From a list of the top three qualifiers, the executive committee will recommend one to Hays' office, which in turn will forward its appointment to the Post Office Department. Hays pointed out that if only one of the three is a veteran, he must be chosen under the Veterans Preference Law.

The procedure in ordering an examination begins with the Congressman informing the Post Office Department of the vacancy and the department then requesting the Civil Service Commission to prepare and conduct the test.

It has been the policy of Hays' office to follow the recommendations of the executive committee in naming both acting and permanent postmasters whenever possible. Don Gosney of Columbiana is chairman of the county executive committee.

3 Admitted In Emergencies, 14 Others Obtain Treatment

A Salineville man hurt in a fall through a glass door, a worker injured at the Ohio Brass Co. and a boy who fell from a bannister were admitted Thursday to City Hospital, where 14 other district residents were treated after separate mishaps.

Bernard Kean of Salineville RD 3 was in "satisfactory" condition today with a laceration of the right arm received in a fall through a glass door.

Jerry Arnette of 846 Lisbon St., an employe of Ohio Brass at Newell, was in "fair" condition with a back injury suffered in a fall at work.

Troy Adkins, son of Henry Adkins of Chester RD 1, was in "fair" condition with a fractured left arm received in the fall from the bannister.

Others treated yesterday were James Smith of Chester RD 1, an employe of Ohio Brass, struck on the shoulder by a steel bar at work; Donald Cunningham, son of William Johnson of 830 Avondale St., injuries of the hand when caught in a car door.

William Johnson, son of William Johnson of 830 Avondale St., bruises of the finger when a brick fell; Jerry Coleman of 69½ Spring Grove Ave., abrasions of a toe when he stepped on a piece of wire.

Jack R. Melvin, son of John Melvin of 1200 Jennings Ave., burns of the leg from burning trash; Joanne Sue Miller, daughter of Harold Miller of Lycia Ave., Chester, a cut tongue in a fall at play.

John Felton, stepson of Dale Morrell of 178 Indiana Ave., Chester, a cut left eyebrow in a fall from a cart; Nancy Fergason, daughter of Mrs. Doris Fergason of 71 Main St., Salineville, a cut on the right foot when she stepped on a piece of wood.

Michael Stockman, son of Franklin Stockman of 179½ Thompson Ave., a cut on the scalp in a fall down steps; Edwin Stahl, son of Edwin Stahl of 17 Highland Ave., Wellsville, a forehead injury when struck by a stone.

Donald Davis of Uniontown, Pa., an employe of the Jewell Tea Co., bitten by a dog on the leg in LaCroft; Diana Foltz, daughter of Donald Foltz of 513 Jefferson St., Newell, a cut on the foot from glass.

Layman Eddy of 1010 Washington St., Newell, an employe of Ohio Brass, a fractured toe on which steel caps fell; John Penn of Irondale, an employe of the Peerless Clay Co., a puncture wound of the foot when he stepped on a nail.

Carpenter Quits Space Program For Navy Post

SPACE CENTER, Houston, Tex. (AP) — "It's time to move on," said Navy Cmdr. M. Scott Carpenter as he discussed his resignation from the U.S. space program to devote full time to man's exploration of the sea.

Carpenter, 42, of the first seven American astronauts and the second to orbit the earth, resigned Thursday to become chief aquanaut for the Navy in its man-in-the-sea program.

In 1965 Carpenter became the nation first aquanaut-astronaut, he spent 30 days on the ocean floor in the Navy's Sealab II.

He enters the project full time with the responsibility for Navy aquanaut training, equipment development and ocean floor operations experiments for Sealab III, a 60-day excursion off the coast of California, due to begin May 30, 1968.

Carpenter orbited the earth three times aboard Aurora on May 24, 1962. He was grounded by doctors after an arm broken in a 1964 motorcycle accident failed to heal properly.

He said in an interview that he plans to remain in the Navy about one more year before retiring to take an oceanography job with a private aerospace firm that is diversifying operations to include ocean studies.

Although turtles have no teeth, they still can inflict very painful bites. Their jaws are often very sharp and the muscles extremely powerful.

Drilling OK'd At Tank Site In Water Plan

LISBON — Columbiana County commissioners Thursday authorized W. E. Quicksall & Associates, Inc., to drill for soils data at the site of a proposed elevated storage tank along Route 45, north of here.

The tank is to be part of the proposed Lisbon area water distribution system, Columbiana County Water and Sewer District 2, and will be on land the village acquired for the purpose.

William McKenna, consulting engineer for Quicksall, said he wants to drill four holes at least 25 feet deep.

The commissioners received another letter today from McKenna asking authorization to expand this investigation to include at least 110 feet of drilling along the route selected for the water mains. They will act on the request at their next meeting Monday.

Commissioners yesterday authorized advertising for bids for the Robert Bycroft School for Retarded Children on Route 172 at the County Home farm.

Bids will be opened at noon Sept. 7 in the commissioners' office.

Governor Calls For Committee On Recreation

CLEVELAND (AP) — Gov. James A. Rhodes says a committee should be set up with representatives from the state and city government to expedite development of Cleveland's lakefront recreation area.

This was one of a number of proposals offered by the governor as he helped break ground for a new $1.6-million marine complex at East 55th Street and Memorial Shoreway Thursday.

The marine complex, a state-city project, was hailed by Mayor Ralph S. Locher as the beginning of Cleveland's lakefront beautification program.

He said another large marina next to Burke Lakefront Airport is being designed as a state-city funded project.

Burglar Gets Cash In Motel

A burglar obtained $100 in cash and a $52 check early today in the office of the Vista Motel at 721 Edwards Ave., police reported.

The intruder entered the building sometime between 12:30 and 4 a. m. by prying open a rear window. The missing cash included $12 in silver and the balance in currency, officers said. Patrolman L. E. Richard investigated.

Meanwhile, Mrs. Ruth Ann Biro of 408 Walnut St. told police a thief entered her apartment during her absence early Thursday evening and stole $25 from her purse, which was hidden in a kitchen cabinet.

She reported the theft at 8:40 p. m. Entry was made through an unlocked rear door, officers said.

Robert Horn, service manager for O. S. Hill & Co. on Pennsylvania Ave., told police late Thursday afternoon two tires were stolen from a pickup truck owned by Paul Haught of Mingo Junction RD 1 while it was parked on Lee St. alongside the Hill concern.

Horn said Haught left the pickup truck Saturday when starting a run to North Carolina in a big rig. He said the tires probably were taken between Wednesday night and Thursday morning. The brand name and size of the tires were not known definitely because of the owner's absence.

Levy Due On Ballot

NEWARK, Ohio (AP) — The Licking County Commission Thursday voted to place a five-year 1.5 mill property tax levy on the November ballot. It would raise $450,000 a year and provide for construction of a juvenile detention center, salaries for sheriff's deputies and additional personnel.

Russia is the leading aluminum-producing nation in the world.

Out Of The Air

By HAL HUMPHREY

Coming On The Late, Late Show?

Hal Humphrey is on vacation. Today's guest column is written by Lucille Ball, star of "The Lucy Show."

A television column may not be the appropriate place to sound off about motion picture entertainment, but let's face it — today's movies are tomorrow's late-late shows.

And if some of the movies being shown in theaters today are going to wind up in our living rooms — late or early — I feel there is cause for concern.

-:-

OF COURSE, the basic problem begins with the content of the motion picture itself. It seems there are those who couldn't care less about the effect of certain subject matter on the growing and highly impressionable young mind.

When parents are trying to help their children find values on which to build a healthy and useful life, only to have those values quesitoned or destroyed by films that pursue themes which make for good box office but poor guidance, somthineg is amiss.

I have no quarrel with those people in our industry who produce adult fare that depicts the highs and lows of our social and economic morals with taste and honesty.

However, I have seen a number of films tagged "Adults Only," and, realizing the fact the young adults are allowed in the theater, it's too bad that most of these pictures overdramatize the antihero.

Too often they glamorize behavior that should not be part of our normal society. And, incidentally, don't let that tag fool you. I'm not so sure some of the older adults are ready for this.

-:-

THEN THERE ARE the borderline movies. Unfortunately, many of them are peopled with performers that the kids idolize. And you know how it is with idols — you emulate them.

This sort of film quite often romanticizes the misguided philosophy that mixed-doubles weekends and unlimited freedom are just peachy — if you don't get caught. Or, let's just see how far old mom and dad will go before pushing the panic button.

The sad part about films of this nature is the fact that too many kids think that life is or could be as it is depicted on the screen. Too often, however, the dramatization of that life is totally amoral and without any penalty imposed on the irresponsible hero or heroine.

I am acquainted with some of these idols and I think they should evince a little more taste in the selection of their story material.

-:-

PERSONALLY, I feel that most of today's young people are on pretty firm ground. So why undermine them? I think when you give Johnny or Mary money to "go to the movies," you should make an effort to see that they are going to the right one — if you can find one.

Which brings up another problem. You must keep your eyes peeled for the double bill that couples a good, wholesome feature with one of those iniquitous bombs not fit for young eyes. Your pride and joy may tell you that he or she is going to see a picture you approve, but you'd better check that second film.

I'm glad there are still some movie makers who turn out excellent films with great cinematic force and eye-filling production values. I sincerely hope they, or others like them, continue to provide us with this kind of entertainment.

Lacking that, there's always television — until one of those off-color movies winds up on the late, late show.

Highway Designs Discussed At Lisbon Kiwanis Meeting

LISBON — William McKenna of New Philadelphia discussed design criteria for modern high-speed highways when Kiwanians met Thursday noon in the VFW McKinley Room.

McKenna is a native of Lisbon and was deputy director of the State Highway Department's Division 11 at New Philadelphia before joining W. E. Quicksall & Associates, Inc., as a consulting engineer. The firm is consultant for Columbiana County Water and Sewer District 2.

Highway design is a constantly - changing field, McKenna pointed out. "You constantly are improving for present demands and for those of tomorrow."

There were 3,030 fatalities nationally in 1966 on the so-called superhighway systems — the divided highways of four lanes and more than 57 per cent of these deaths resulted when one car left the highway, he said, and 46 per cent were the result of such cars hitting fixed objects — guardrails, sign posts, or bridge and culvert abutments, for example — on the highway right-of-way.

The Bureau of Public Roads is proposing that future planning embody a 30-foot-wide clear strip on each side of the roadway. Since the interstate systems are largely federally financed, the bureau's standards determine design.

McKenna said four Ohio projects — three on interstate systems — were ready for opening of bids July 11, but the jobs were withdrawn by order of the bureau. He criticized this action, explaining, "These jobs will be set back one to two years if they have to change the standards."

He cited the entrance to the Ohio Edison plant on new Route 7 at Stratton as an example of partially - controlled access "where private access points are permitted when described in the plan."

He mentioned Michigan experiments with marking entrance ramps with amber reflectors and exit ramps with blue reflectors to keep drivers from getting onto the wrong sections at night.

Ralph Guappone, program chairman, introduced the speaker. Dan Myers, president, presided. The club's annual chicken barbecue will be served from 11 a.m. to 8 p.m. Wednesday at Willow Grove Park.

Band Sets Car Wash For Columbus Trip

The Wellsville Jaycee Band will hold a car wash Saturday at 11th and Riverside Ave. from 9 a. m. to 3 p. m.

For pickup of cars, call Bill Crosky, Mrs. Ethel Clark or any member of the band. Proceeds will be placed in the fund for the trip to Columbus Aug. 25 and 26 when the band will present a concert at the Ohio State Fair.

The band has received a $50 check for winning first place July 14 in competition with eight bands at Kennywood Park and a $10 check for having traveled the farthest distance. The band previously had been informed it had placed second.

2 Killed In Vietnam

WASHINGTON (AP) — Two more Ohio youths have been killed in action in Vietnam, the Defense Department said Thursday. They were Marine Lance Cpl. Phillip Jacob of Toledo, and Marine Lance Cpl. Ronald L. McJunkin of Portsmouth.

In 1907 oil was discovered at Comodoro Rivadavia on the Atlantic coast of Patagonia.

New Castle Girl Named By Union For Scholarship

Miss Diana M. Rossi, daughter of Mr. and Mrs. Daniel A. Rossi of New Castle, has been named by the executive board to receive one of the Edwin L. Wheatley Scholarships in place of a student previously chosen, the International Brotherhood of Operative Potters announced today.

Miss Rossi expects to attend Indiana University of Pennsylvania at Indiana, Pa., where she has enrolled as an English major in the College of Education. She hopes to teach in secondary schools after receiving her degree.

Diana's father is an employe of the Universal - Rundle Corp. and a member of IBOP Local 133 at New Castle.

The IBOP explained it rescinded a prior scholarship award because the winner's father no longer is an active member of the union. Then Miss Rossi was chosen to receive the award. She is a 1967 graduate of New Castle High School. The scholarships have a total value of $2,000 over a four - year period.

5 Reported Hurt When Cars Derail

COLUMBUS, Ohio (AP) — Five persons were reported injured today in the derailment of about five tail-end cars of a Pennsylvania Railroad passenger train in nearby West Jefferson, the Madison County sheriff's office reported.

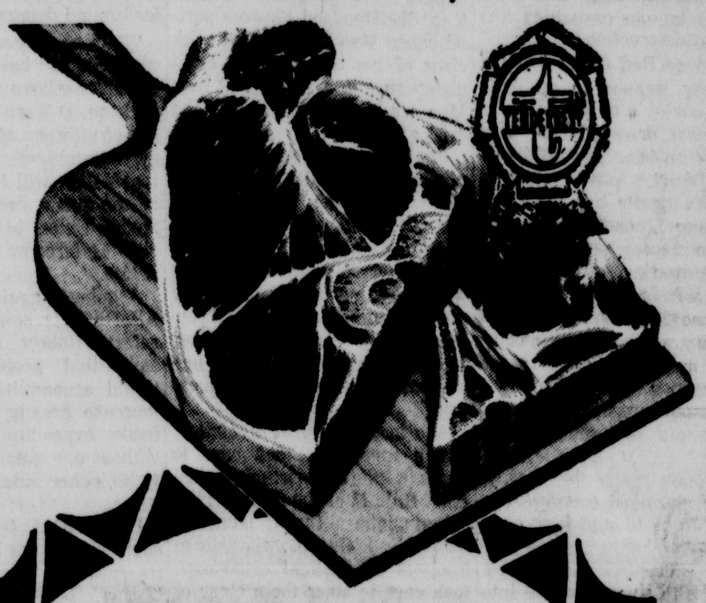

Extent of the injuries was not determined immediately, but none was believed hurt seriously. The injured were taken in ambulances to Doctor's Hospital West in Columbus.

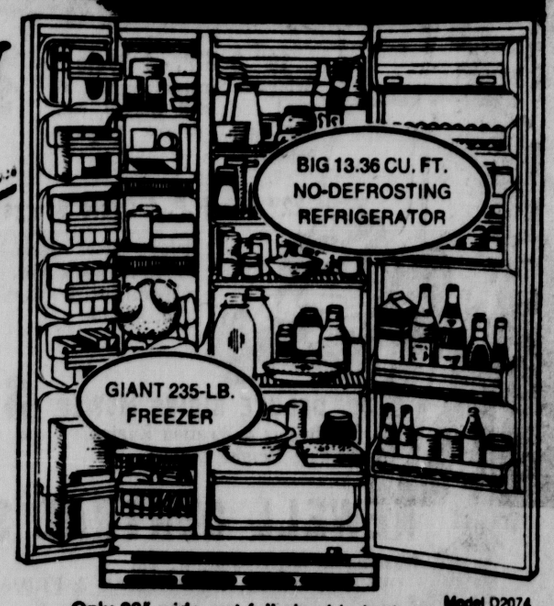

The derailed cars left the tracks but did not overturn, witnesses reported. The cars were leaning at sharp angles at the point of derailment, which occurred along a high embankment just south of the bypass over the busy highway on West Jefferson's main street.

The train, the Cincinnati Limited, left Columbus for Cincinnati at 6 a.m., and the derailment occurred during a heavy fog at 6:22 a.m.

Rudolfo Guglielmo, 27, (stage name, Rudolph Valentino) was married in 1923 to Winifred Hudnut at Crown Point, Ind.

Burglar Gets Cash In Motel

A burglar obtained $100 in cash and a $52 check early today in the office of the Vista Motel at 721 Edwards Ave., police reported.

The intruder entered the building sometime between 12:30 and 4 a. m. by prying open a rear window. The missing cash included $12 in silver and the balance in currency, officers said. Patrolman L. E. Richard investigated.

Meanwhile, Mrs. Ruth Ann Biro of 408 Walnut St. told police a thief entered her apartment during her absence early Thursday evening and stole $25 from her purse, which was hidden in a kitchen cabinet.

She reported the theft at 8:40 p. m. Entry was made through an unlocked rear door, officers said.

Robert Horn, service manager for O. S. Hill & Co. on Pennsylvania Ave., told police late Thursday afternoon two tires were stolen from a pickup truck owned by Paul Haught of Mingo Junction RD 1 while it was parked on Lee St. alongside the Hill concern.

Horn said Haught left the pickup truck Saturday when starting a run to North Carolina in a big rig. He said the tires probably were taken between Wednesday night and Thursday morning. The brand name and size of the tires were not known definitely because of the owner's absence.

Levy Due On Ballot

NEWARK, Ohio (AP) — The Licking County Commission Thursday voted to place a five-year 1.5 mill property tax levy on the November ballot. It would raise $450,000 a year and provide for construction of a juvenile detention center, salaries for sheriff's deputies and additional personnel.

Russia is the leading aluminum-producing nation in the world.

Out Of The Air

By HAL HUMPHREY

Coming On The Late, Late Show?

Hal Humphrey is on vacation. Today's guest column is written by Lucille Ball, star of "The Lucy Show."

A television column may not be the appropriate place to sound off about motion picture entertainment, but let's face it — today's movies are tomorrow's late-late shows.

And if some of the movies being shown in theaters today are going to wind up in our living rooms — late or early — I feel there is cause for concern.

-:-

OF COURSE, the basic problem begins with the content of the motion picture itself. It seems there are those who couldn't care less about the effect of certain subject matter on the growing and highly impressionable young mind.

When parents are trying to help their children find values on which to build a healthy and useful life, only to have those values quesitoned or destroyed by films that pursue themes which make for good box office but poor guidance, somthineg is amiss.

I have no quarrel with those people in our industry who produce adult fare that depicts the highs and lows of our social and economic morals with taste and honesty.

However, I have seen a number of films tagged "Adults Only," and, realizing the fact the young adults are allowed in the theater, it's too bad that most of these pictures overdramatize the antihero.

Too often they glamorize behavior that should not be part of our normal society. And, incidentally, don't let that tag fool you. I'm not so sure some of the older adults are ready for this.

-:-

THEN THERE ARE the borderline movies. Unfortunately, many of them are peopled with performers that the kids idolize. And you know how it is with idols — you emulate them.

This sort of film quite often romanticizes the misguided philosophy that mixed-doubles weekends and unlimited freedom are just peachy — if you don't get caught. Or, let's just see how far old mom and dad will go before pushing the panic button.

The sad part about films of this nature is the fact that too many kids think that life is or could be as it is depicted on the screen. Too often, however, the dramatization of that life is totally amoral and without any penalty imposed on the irresponsible hero or heroine.

I am acquainted with some of these idols and I think they should evince a little more taste in the selection of their story material.

-:-

PERSONALLY, I feel that most of today's young people are on pretty firm ground. So why undermine them? I think when you give Johnny or Mary money to "go to the movies," you should make an effort to see that they are going to the right one — if you can find one.

Which brings up another problem. You must keep your eyes peeled for the double bill that couples a good, wholesome feature with one of those iniquitous bombs not fit for young eyes. Your pride and joy may tell you that he or she is going to see a picture you approve, but you'd better check that second film.

I'm glad there are still some movie makers who turn out excellent films with great cinematic force and eye-filling production values. I sincerely hope they, or others like them, continue to provide us with this kind of entertainment.

Lacking that, there's always television — until one of those off-color movies winds up on the late, late show.

Highway Designs Discussed At Lisbon Kiwanis Meeting

LISBON — William McKenna of New Philadelphia discussed design criteria for modern high-speed highways when Kiwanians met Thursday noon in the VFW McKinley Room.

McKenna is a native of Lisbon and was deputy director of the State Highway Department's Division 11 at New Philadelphia before joining W. E. Quicksall & Associates, Inc., as a consulting engineer. The firm is consultant for Columbiana County Water and Sewer District 2.

Highway design is a constantly - changing field, McKenna pointed out. "You constantly are improving for present demands and for those of tomorrow."

There were 3,030 fatalities nationally in 1966 on the so-called superhighway systems — the divided highways of four lanes and more than 57 per cent of these deaths resulted when one car left the highway, he said, and 46 per cent were the result of such cars hitting fixed objects — guardrails, sign posts, or bridge and culvert abutments, for example — on the highway right-of-way.

The Bureau of Public Roads is proposing that future planning embody a 30-foot-wide clear strip on each side of the roadway. Since the interstate systems are largely federally financed, the bureau's standards determine design.

McKenna said four Ohio projects — three on interstate systems — were ready for opening of bids July 11, but the jobs were withdrawn by order of the bureau. He criticized this action, explaining, "These jobs will be set back one to two years if they have to change the standards."

He cited the entrance to the Ohio Edison plant on new Route 7 at Stratton as an example of partially - controlled access "where private access points are permitted when described in the plan."

He mentioned Michigan experiments with marking entrance ramps with amber reflectors and exit ramps with blue reflectors to keep drivers from getting onto the wrong sections at night.

Ralph Guappone, program chairman, introduced the speaker. Dan Myers, president, presided. The club's annual chicken barbecue will be served from 11 a.m. to 8 p.m. Wednesday at Willow Grove Park.

Band Sets Car Wash For Columbus Trip

The Wellsville Jaycee Band will hold a car wash Saturday at 11th and Riverside Ave. from 9 a. m. to 3 p. m.

For pickup of cars, call Bill Crosky, Mrs. Ethel Clark or any member of the band. Proceeds will be placed in the fund for the trip to Columbus Aug. 25 and 26 when the band will present a concert at the Ohio State Fair.

The band has received a $50 check for winning first place July 14 in competition with eight bands at Kennywood Park and a $10 check for having traveled the farthest distance. The band previously had been informed it had placed second.

2 Killed In Vietnam

WASHINGTON (AP) — Two more Ohio youths have been killed in action in Vietnam, the Defense Department said Thursday. They were Marine Lance Cpl. Phillip Jacob of Toledo, and Marine Lance Cpl. Ronald L. McJunkin of Portsmouth.

In 1907 oil was discovered at Comodoro Rivadavia on the Atlantic coast of Patagonia.

New Castle Girl Named By Union For Scholarship

Miss Diana M. Rossi, daughter of Mr. and Mrs. Daniel A. Rossi of New Castle, has been named by the executive board to receive one of the Edwin L. Wheatley Scholarships in place of a student previously chosen, the International Brotherhood of Operative Potters announced today.

Miss Rossi expects to attend Indiana University of Pennsylvania at Indiana, Pa., where she has enrolled as an English major in the College of Education. She hopes to teach in secondary schools after receiving her degree.

Diana's father is an employe of the Universal - Rundle Corp. and a member of IBOP Local 133 at New Castle.

The IBOP explained it rescinded a prior scholarship award because the winner's father no longer is an active member of the union. Then Miss Rossi was chosen to receive the award. She is a 1967 graduate of New Castle High School. The scholarships have a total value of $2,000 over a four - year period.

Will Peking Regime Launch Nuclear Catastrophe?

Unbidden but determined, Red China has become a full-fledged member of the nuclear club. Its pace in atomic weaponry, its politics, and its outlook all suggest profound and ominous consequences for the rest of the world. This is the last of three articles.

By ALTON L. BLAKESLEE and WILLIAM L. RYAN
Associated Press Writers

Soon Red China will have a finger on the button. Will she, by accident or design, launch a nuclear catastrophe?

Fallout effects of China's H-bomb test last June 17 are enormous. The impact on the vast underdeveloped world is incalculable.

For 18 years the United States and the Soviet Union have warily confronted each other with awesome nuclear arsenals but managed to preserve nuclear peace. They know what nuclear war could mean.

China, though still a fledgling member of the nuclear club, vastly alters the peace equation. Caught in the madness of the purge that Mao Tse-tung calls the cultural revolution, she is a puzzling X, perhaps even to herself.

—:—

EXPERTS PUT many worried questions:

—Do Chinese leaders really know what a nuclear war could mean in human casualties and physical destruction?

—Suppose Red China donated a nuclear weapon to an Arab nation, out of a desire to make the Chinese dragon bigger than the Russian bear in the Middle East. Israel, some scientists say, "practically has the basic stuff lying around" to produce weapons in a few years. Might a new Middle East war some day be an atomic one?

—About 20 nations have the capability, some with little or no outside help, of building a nuclear weapon. Will Red China's success put pressure on those governments to produce such weapons?

—Is China really the "crazy, reckless, paranoid country" she appears to be to outsiders, or is her behavior just a passing phenomenon created by Mao's eagerness to shape Chinese into selfless robots?

—Might India and Japan, close enough to feel the hot breath of China's threat, feel impelled now to produce nuclear weapons? Either one can.

—:—

ONLY JAPAN knows the horrors, first hand, of nuclear weapons. Those used against it were the first A-bombs, enormously destructive but still less powerful than H-bombs.

So deep was the Japanese shock that public opinion violently opposed building such weapons for a Japanese arsenal, and even slowed Japan's development of peaceful atomic power. But now Japan faces a cruel choice: to demand more protection from America—and perhaps from the Soviet Union too—or to gamble that she will not some day be a target of China.

Time has eroded memories of the full terror that the atomic bombs of 22 years ago brought to Hiroshima and Nagasaki. Perhaps more than half the world's population is too young to know much about it. Perhaps, some observers suggest, this fading memory figured in the relative calm with which Asian nations reacted to China's new power. There may be other reasons, too.

Some of the worry among China's neighbors—India, Japan, Burma, Australia, Malaysia, Indonesia — has been eased by the spectacle of Mao's cultural revolution, suggesting vast political, social and economic turmoil in China. Will the strife not eventually slow or even halt China's nuclear program?

—:—

IT HASN'T, up to now, and the chances seem to be that it will not.

Ten years ago some of China's scientists, including those returned from the United States, were caught in a Mao trap: the Hundred Flowers period, when Mao invited open criticism of his regime. The criticism came in a wave, and then Mao cracked down hard on the critics.

But important scientists got off lightly. Mao distrusted those who had been abroad long years, fearing that they had been contaminated by American and other foreign ideas. But Mao also needed them. They were required only to make routine formal confessions. Other intellectuals were forced into corrective labor for re-education.

And in the cultural revolution, Mao's supporters took care to insulate the important scientists. Rule 12 of the Aug. 8, 1966, communique that launched Mao's Red Guards, the storm troopers of political orthodoxy, took care to steer them clear of the scientists.

Still, the cultural revolution damaged China's prestige among underdeveloped nations, as did China's abortive diplomatic offensives in Africa and Asia. Perhaps, some Asians reasoned, China was so badly off balance that it could not risk any deep international trouble.

—:—

ONE TOP China watcher for the U.S. government speculated that "17 years of political infighting left the Chinese people bone-weary of it all; China watchers believe they are witnessing a change of dynasty. Great revisions may come."

But, if Mao's philosophy wins out, Asians will have to take another look.

Few doubt that China eventually will be the dominant power in Asia. It has the resources, and energetic, clever people. The ifs involve China's problems of food, population, education, training, industrialization, advances in science other than in the nuclear field, and, most of all, solving the present political chaos.

So far China has avoided direct involvement in Vietnam. China wants to give no excuse for an obliterative attack on her new nuclear installations.

But whatever happens, China is going to be a major problem, for both the United States and the Soviet Union.

—:—

IN DIRECT military threat, the United States seems to have little to fear from China until the mid-1970s.

For the United States, various experts agree, one consequence of China's nuclear march will be increased pressure to develop antiballistic missiles to intercept and destroy any incoming enemy missiles. The ABM cost to taxpayers could range anywhere from $4 billion to $70 billion, perhaps just as a starter, for limited defenses.

"It is no longer a question of whether to have them, but when," declares Sen. Henry M. Jackson, D-Wash., long a member of military and atomic energy committees. Others argue that ABMs will trigger a spiral in the arms race, forcing the Soviet Union to strengthen its striking force or expand its own ABMs.

Arguing against extensive ABM efforts now, Defense Secretary Robert S. McNamara says that probably "all we would accomplish would be to increase greatly both their defense expenditures and ours, without any gain in real security to either side."

—:—

PRACTICAL testing of ABMs could violate the limited nuclear treaty which bans atmospheric testing.

Chinese bombs affect Soviet thinking, too. A ban on ABM systems must be considered among "the whole range of questions relating to arms and disarmament," said Premier Alexei N. Kosygin just after China exploded her H-bomb.

China is an infuriating problem to Moscow. China's rulers claim to be the true Communists and denounce the Communist parties in the Soviet Union and elsewhere as "revisionist" betrayers of world revolution. China's feud with Moscow, aggravated by Peking's eagerness for nuclear arms, has ripped the fabric of world Communist unity to shreds.

Peking, calling the Soviet Union its enemy, has laid claim to 600,000 square miles of Soviet territory. The Chinese, with increasing frequency, stir up trouble on Soviet borders. Moscow pumps inflammatory propaganda into Chinese border provinces populated predominantly by non-Chinese people.

—:—

SINCE 1960, there has been no Soviet scientific help for China.

But the experts say China still can spring surprises.

She can develop long-range rockets, they say, by brute engineering. A missile good enough to hit within five miles of an intended target could wipe out Moscow or Leningrad, or Los Angeles or San Francisco. But China, with her vast territory and primarily agrarian population, offers fewer strategic targets. Missiles aimed at China would have to pinpoint missile sites.

In any case, America's China policy is up for re-examination. The average American, looking at the situation, feels helpless, but there are glimpses of optimism.

"It's been a dangerous world for a long time," Sen. Jackson remarks. "But the cataclysmic nature of nuclear warfare has to be a restraining influence, It means destroying mankind. Nuclear weapons carry an enormous responsibility. Failure to understand the nature of nuclear war means annihilation."

—:—

HE AND OTHERS point out that the U.S.S.R. modified its stance as it grew more powerful, as its living standards rose, and it had more to lose from holocaust.

In the long view, says an authority on China, advances in technology and science and in satellite communications will tend to knit nations closer together. Nations cooperating with these advances know they can progress faster than nations which try to go it alone. Thus, there may be "a suction to China to join in on this."

Some hope the future will see a wearing down of "hard corners of truth," the beliefs that one country or one group has the absolute truth which others must accept.

From the plain below, Kilimanjaro appears as a snow - covered cone.

U.S. Steel Throws Weight Behind Tinplate Price Hike

PITTSBURGH, Pa. (AP) — Big steel threw its weight behind a tinplate price increase Thursday, meeting no immediate government opposition and almost assuring that the rest of the profit-troubled industry will follow suit.

U.S. Steel Corp., the nation's largest steel producer, joined National and Wheeling Steel corporations, in raising the price of tinplate an average of 2.7 per cent. Bethlehem Steel Corp., second-ranked steel producer, said it was studying the move.

Should Bethlehem and other producers follow, it will be steel's first major price increase since January.

In New York Thursday, the Phelps Dodge Copper Products Corp. announced it would add a surcharge to most of its fabricated products in September.

The firm said it would add 3 cents a pound, based on copper content, to the price of its brass mill products, exclusive of rod.

It blamed the action on the higher cost of copper raw materials caused by the current copper strike at its parent firm's mines and at the El Paso refinery.

Last week's first-half earnings statements from the steel industry reflected rising costs and declining sales volumes. U.S. Steel reported first-half profits down 44 per cent, Bethlehem was down 38.1, Republic 37.2 and Inland off 39 per cent.

National announced its price increase first Tuesday, followed by Wheeling.

Stalin's Daughter Says Beria Dominated Father 20 Years

LONDON (AP) — Joseph Stalin's daughter, Svetlana Alliluyeva, claims in her memoirs that Lavrenty P. Beria, Soviet Secret police chief, dominated her father for the last 20 years of his life.

Mrs. Alliluyeva claims that Beria became the dominating influence over her father after he was rocked by her mother's suicide in 1932 and maintained that influence until the dictator died in his country home outside Moscow in 1953.

Beria, "always repulsive," brooded over Stalin at the end, posing as "the most loyal, the most faithful," while the aged dictator died in agony after a cerebral hemorrhage, Mrs. Alliluyeva writes.

Hutchinson & Co., Mrs. Alliluyeva's authorized British publisher, issued a Russian-language edition of her memoirs, "Twenty Letters to a Friend," on Thursday. The English-language edition is to appear in October.

The day after Stalin's death, his daughter writes, Beria summarily dismissed and exiled aides and members of the household staff, but not before some of them committed suicide in the hysteria following the death.

Beria was jailed on treason charges by Stalin's successors and put to death nine months after the dictator's death. Nikita S. Khrushchev, in the recent NBC television program "Khrushchev in Exile," also blamed Beria for Stalin's misdeeds.

The book largely sidesteps politics and concentrates on the writer's life with her father.

Mrs. Alliluyeva said her father believed there was a doctors' plot against him and permitted no physicians in his home for several months before he died. He took pills and iodide occasionally, she wrote, and the day before his fatal stroke took a steam bath, which the author said a doctor would never have permitted.

When the end approached, she said, frantic efforts were made to save the old man. Leeches were put to his head and neck and he was given cardiograms, X rays and continuous injections.

Kiwanians Hear CATV Manager

A description of the operations of CATV of Ohio Valley, Inc., in East Liverpool and Wellsville was presented by Jack Hales, systems manager, during a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

Hales explained the organization of the firm, its construction methods and the means by which television signals are relayed to some 3,000 area customers on 75 miles of cable in the two communities. A film on cable television was screened.

The clubs annual picnic will be held Wednesday afternoon at the Vagabond Lodge along Route 30 near West Point.

Roy Cooper, president, was in charge.

Nine states of the U. S. have no death penalty imposed—Alaska, Delaware, Hawaii, Maine, Michigan, Minnesota, North Dakota, Rhode Island and Wisconsin.

Government Workers End Uruguay Strike

MONTEVIDEO, Uruguay (AP) — Some 200,000 striking government workers went back to work Thursday and the government withdrew guard troops under a temporary truce, but new floods further aggravated Uruguay's economic crisis.

Talks began behind closed doors on the workers' demand for a 40 per cent pay raise to offset a similar rise in the cost of living. The government has said it cannot pay it. The workers man a wide variety of services.

Woman, 23, Cited In Bank Robbing Plot

CLEVELAND (AP) — A 23-year-old University of Dayton graduate, Mary Marie Melvald, has been charged with attempting to rob a bank in Pepper Pike.

Miss Melvald, who lives in suburban Orange, was to start graduate work at Ohio University this fall. She was charged Thursday in U.S. District Court here after she was arrested following the robbery attempt at the Continental Bank in Landerwood Plaza.

Investigators said she told them that she needed the money to continue her studies to complete work on a book she is writing.

Miss Melvald told U.S. Commissioner Clifford E. Bruce that she is working this summer with the Cuyahoga County Welfare Department.

Asst. U.S. Atty. Nathaniel R. Jones said Miss Melvald was opening a new account at the bank when she pulled a tear gas pistol and aimed it at assistant manager Robert E. Sigfried.

Jones said the woman ordered the door closed and told employes to stay away from alarms. She left, however, when she heard cameras whirring, Jones said.

Siegfried followed her and asked a customer, Mrs. Mary Burns of Moreland Hills, to follow the getaway car. Mrs. Burns copied a license number and police stopped the car later at a traffic light.

Miss Melvald was released to her parents on $5,000 bond. A preliminary hearing is set for Monday.

Samoa has scattered villages and a shortage of teachers. So it uses an educational TV system for all 12 grades. This was inaugurated in September 1964.

U.S., Britain Black Muslin Link Studied

LONDON (AP) — American FBI agents and Scotland Yard detectives are trying to discover if there are links between Black Muslim leaders in the United States and in Britain, police sources report.

They said members of the two agencies met Thursday at the U.S. Embassy to discuss the international activities of Michael de Freitas—known as Michael X—leader of Britain's Black Muslims.

De Freitas appeared with militant American Negro leader Stokely Carmichael during his recent British visit. Home Secretary Roy Jenkins later announced that Carmichael would not be allowed to re-enter Britain.

Libya Plans To Press U.S. To Close Air Base

TRIPOLI, Libya (AP) — Libyan officials are reported determined to have the United States close its Wheelus Air Base in Libya as soon as possible as they prepare to open negotiations with a U.S. delegation in Tripoli next Thursday.

The Libyans began talks in Benghazi Tuesday with the British over the liquidation of Britain's El Adem Airbase near Tobruk and evacuation of British troops in Libya.

WHAT DOES THE BIBLE SAY?

QUESTION: "What do you think of the doctrine that teaches a person to join the church of their choice?"
ANSWER: It is not important what I think, but what God has taught in His word. Thus, I'd like to answer this question by presenting the Bible teaching on this subject.

The Bible states that only the Lord adds to the church (Acts 2:41,47). And no where is it inferred that man has any choice as to which church he enters.

God purposed only one church (Eph. 3:11), God's Son promised to build only one (Mt. 16:18), and the Lord added people to only one church (Acts 2:47). In addition, Jesus Christ is the head of only one (Eph. 1:22,23; Col. 1:18), He gave himself for only one (Eph. 5:25), and He bought only one with His Blood (Acts 20:28).

And so from the pages of inspiration, we learn that one does not join the church of his choice after obedience to the gospel. Instead, the God of heaven adds him to His church.

Will Peking Regime Launch Nuclear Catastrophe?

Unbidden but determined, Red China has become a full-fledged member of the nuclear club. Its pace in atomic weaponry, its politics, and its outlook all suggest profound and ominous consequences for the rest of the world. This is the last of three articles.

By ALTON L. BLAKESLEE and WILLIAM L. RYAN
Associated Press Writers

Soon Red China will have a finger on the button. Will she, by accident or design, launch a nuclear catastrophe?

Fallout effects of China's H-bomb test last June 17 are enormous. The impact on the vast underdeveloped world is incalculable.

For 18 years the United States and the Soviet Union have warily confronted each other with awesome nuclear arsenals but managed to preserve nuclear peace. They know what nuclear war could mean.

China, though still a fledgling member of the nuclear club, vastly alters the peace equation. Caught in the madness of the purge that Mao Tse-tung calls the cultural revolution, she is a puzzling X, perhaps even to herself.

—:—

EXPERTS PUT many worried questions:

—Do Chinese leaders really know what a nuclear war could mean in human casualties and physical destruction?

—Suppose Red China donated a nuclear weapon to an Arab nation, out of a desire to make the Chinese dragon bigger than the Russian bear in the Middle East. Israel, some scientists say, "practically has the basic stuff lying around" to produce weapons in a few years. Might a new Middle East war some day be an atomic one?

—About 20 nations have the capability, some with little or no outside help, of building a nuclear weapon. Will Red China's success put pressure on those governments to produce such weapons?

—Is China really the "crazy, reckless, paranoid country" she appears to be to outsiders, or is her behavior just a passing phenomenon created by Mao's eagerness to shape Chinese into selfless robots?

—Might India and Japan, close enough to feel the hot breath of China's threat, feel impelled now to produce nuclear weapons? Either one can.

—:—

ONLY JAPAN knows the horrors, first hand, of nuclear weapons. Those used against it were the first A-bombs, enormously destructive but still less powerful than H-bombs.

So deep was the Japanese shock that public opinion violently opposed building such weapons for a Japanese arsenal, and even slowed Japan's development of peaceful atomic power. But now Japan faces a cruel choice: to demand more protection from America—and perhaps from the Soviet Union too—or to gamble that she will not some day be a target of China.

Time has eroded memories of the full terror that the atomic bombs of 22 years ago brought to Hiroshima and Nagasaki. Perhaps more than half the world's population is too young to know much about it. Perhaps, some observers suggest, this fading memory figured in the relative calm with which Asian nations reacted to China's new power. There may be other reasons, too.

Some of the worry among China's neighbors—India, Japan, Burma, Australia, Malaysia, Indonesia — has been eased by the spectacle of Mao's cultural revolution, suggesting vast political, social and economic turmoil in China. Will the strife not eventually slow or even halt China's nuclear program?

—:—

IT HASN'T, up to now, and the chances seem to be that it will not.

Ten years ago some of China's scientists, including those returned from the United States, were caught in a Mao trap: the Hundred Flowers period, when Mao invited open criticism of his regime. The criticism came in a wave, and then Mao cracked down hard on the critics.

But important scientists got off lightly. Mao distrusted those who had been abroad long years, fearing that they had been contaminated by American and other foreign ideas. But Mao also needed them. They were required only to make routine formal confessions. Other intellectuals were forced into corrective labor for re-education.

And in the cultural revolution, Mao's supporters took care to insulate the important scientists. Rule 12 of the Aug. 8, 1966, communique that launched Mao's Red Guards, the storm troopers of political orthodoxy, took care to steer them clear of the scientists.

Still, the cultural revolution damaged China's prestige among underdeveloped nations, as did China's abortive diplomatic offensives in Africa and Asia. Perhaps, some Asians reasoned, China was so badly off balance that it could not risk any deep international trouble.

—:—

ONE TOP China watcher for the U.S. government speculated that "17 years of political infighting left the Chinese people bone-weary of it all; China watchers believe they are witnessing a change of dynasty. Great revisions may come."

But, if Mao's philosophy wins out, Asians will have to take another look.

Few doubt that China eventually will be the dominant power in Asia. It has the resources, and energetic, clever people. The ifs involve China's problems of food, population, education, training, industrialization, advances in science other than in the nuclear field, and, most of all, solving the present political chaos.

So far China has avoided direct involvement in Vietnam. China wants to give no excuse for an obliterative attack on her new nuclear installations.

But whatever happens, China is going to be a major problem, for both the United States and the Soviet Union.

—:—

IN DIRECT military threat, the United States seems to have little to fear from China until the mid-1970s.

For the United States, various experts agree, one consequence of China's nuclear march will be increased pressure to develop antiballistic missiles to intercept and destroy any incoming enemy missiles. The ABM cost to taxpayers could range anywhere from $4 billion to $70 billion, perhaps just as a starter, for limited defenses.

"It is no longer a question of whether to have them, but when," declares Sen. Henry M. Jackson, D-Wash., long a member of military and atomic energy committees. Others argue that ABMs will trigger a spiral in the arms race, forcing the Soviet Union to strengthen its striking force or expand its own ABMs.

Arguing against extensive ABM efforts now, Defense Secretary Robert S. McNamara says that probably "all we would accomplish would be to increase greatly both their defense expenditures and ours, without any gain in real security to either side."

—:—

PRACTICAL testing of ABMs could violate the limited nuclear treaty which bans atmospheric testing.

Chinese bombs affect Soviet thinking, too. A ban on ABM systems must be considered among "the whole range of questions relating to arms and disarmament," said Premier Alexei N. Kosygin just after China exploded her H-bomb.

China is an infuriating problem to Moscow. China's rulers claim to be the true Communists and denounce the Communist parties in the Soviet Union and elsewhere as "revisionist" betrayers of world revolution. China's feud with Moscow, aggravated by Peking's eagerness for nuclear arms, has ripped the fabric of world Communist unity to shreds.

Peking, calling the Soviet Union its enemy, has laid claim to 600,000 square miles of Soviet territory. The Chinese, with increasing frequency, stir up trouble on Soviet borders. Moscow pumps inflammatory propaganda into Chinese border provinces populated predominantly by non-Chinese people.

—:—

SINCE 1960, there has been no Soviet scientific help for China. But the experts say China still can spring surprises.

She can develop long-range rockets, they say, by brute engineering. A missile good enough to hit within five miles of an intended target could wipe out Moscow or Leningrad, or Los Angeles or San Francisco. But China, with her vast territory and primarily agrarian population, offers fewer strategic targets. Missiles aimed at China would have to pinpoint missile sites.

In any case, America's China policy is up for re-examination. The average American, looking at the situation, feels helpless, but there are glimpses of optimism.

"It's been a dangerous world for a long time," Sen. Jackson remarks. "But the cataclysmic nature of nuclear warfare has to be a restraining influence, It means destroying mankind. Nuclear weapons carry an enormous responsibility. Failure to understand the nature of nuclear war means annihilation."

—:—

HE AND OTHERS point out that the U.S.S.R. modified its stance as it grew more powerful, as its living standards rose, and it had more to lose from holocaust.

In the long view, says an authority on China, advances in technology and science and in satellite communications will tend to knit nations closer together. Nations cooperating with these advances know they can progress faster than nations which try to go it alone. Thus, there may be "a suction to China to join in on this."

Some hope the future will see a wearing down of "hard corners of truth," the beliefs that one country or one group has the absolute truth which others must accept.

U.S. Steel Throws Weight Behind Tinplate Price Hike

PITTSBURGH, Pa. (AP) — Big steel threw its weight behind a tinplate price increase Thursday, meeting no immediate government opposition and almost assuring that the rest of the profit-troubled industry will follow suit.

U.S. Steel Corp., the nation's largest steel producer, joined National and Wheeling Steel corporations, in raising the price of tinplate an average of 2.7 per cent. Bethlehem Steel Corp., second-ranked steel producer, said it was studying the move.

Should Bethlehem and other producers follow, it will be steel's first major price increase since January.

In New York Thursday, the Phelps Dodge Copper Products Corp. announced it would add a surcharge to most of its fabricated products in September.

The firm said it would add 3 cents a pound, based on copper content, to the price of its brass mill products, exclusive of rod.

It blamed the action on the higher cost of copper raw materials caused by the current copper strike at its parent firm's mines and at the El Paso refinery.

Last week's first-half earnings statements from the steel industry reflected rising costs and declining sales volumes. U.S. Steel reported first-half profits down 44 per cent, Bethlehem was down 38.1, Republic 37.2 and Inland off 39 per cent.

National announced its price increase first Tuesday, followed by Wheeling.

Stalin's Daughter Says Beria Dominated Father 20 Years

LONDON (AP) — Joseph Stalin's daughter, Svetlana Alliluyeva, claims in her memoirs that Lavrenty P. Beria, Soviet Secret police chief, dominated her father for the last 20 years of his life.

Mrs. Alliluyeva claims that Beria became the dominating influence over her father after he was rocked by her mother's suicide in 1932 and maintained that influence until the dictator died in his country home outside Moscow in 1953.

Beria, "always repulsive," brooded over Stalin at the end, posing as "the most loyal, the most faithful," while the aged dictator died in agony after a cerebral hemorrhage, Mrs. Alliluyeva writes.

Hutchinson & Co., Mrs. Alliluyeva's authorized British publisher, issued a Russian-language edition of her memoirs, "Twenty Letters to a Friend," on Thursday. The English-language edition is to appear in October.

The day after Stalin's death, his daughter writes, Beria summarily dismissed and exiled aides and members of the household staff, but not before some of them committed suicide in the hysteria following the death.

Beria was jailed on treason charges by Stalin's successors and put to death nine months after the dictator's death. Nikita S. Khrushchev, in the recent NBC television program "Khrushchev in Exile," also blamed Beria for Stalin's misdeeds.

The book largely sidesteps politics and concentrates on the writer's life with her father.

Mrs. Alliluyeva said her father believed there was a doctors' plot against him and permitted no physicians in his home for several months before he died. He took pills and iodide occasionally, she wrote, and the day before his fatal stroke took a steam bath, which the author said a doctor would never have permitted.

When the end approached, she said, frantic efforts were made to save the old man. Leeches were put to his head and neck and he was given cardiograms, X rays and continuous injections.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a X-ray technician in a hospital. This morning a man was brought up for X-rays. He was wearing a bathrobe. When I asked him to remove his robe I assumed he had something on under the robe (most men do). I discovered, too late, that I was mistaken.

After my initial surprise I composed myself and decided to ignore the situation and proceed as usual.

Later that afternoon I was telling two other girls in the department what had happened. I thought I had dealt with the situation well. They said I did the wrong thing — that I should have told the patient to go back to the dressing room and put on his shorts. It developed into quite an argument and the girls became upset with me. I'm so unstrung about their bitter criticism that I decided to write for your common sense opinion.—SUZANNE.

-:-

Dear Suzanne: The best approach is the one which causes the patient a minimum of embarrassment.

Sending the man back to put on his shorts would have humiliated the poor fellow. You coped with the situation admirably and I salute you.

The Bored Meeting

Dear Ann Landers: I'm in my 60's. My wife is a few years younger. We have been married 40 years. My wife has never been employed outside the home which was all right with me. She raised a nice family and I never asked her to take a paying job.

Now that I'm getting on in years I feel my energy ebbing. I want to retire when I become eligible but my wife is against it.

My income will be somewhat less if I retire, but we could manage on it. I'm beginning to resent my wife because she seems more interested in the paycheck than in my health. Please tell me what you think.—NO IDENTIFICATION.

-:-

Dear No I.D.: Perhaps your wife's objection has nothing to do with the paycheck. Maybe she is concerned with what retirement might do to you emotionally. To some men, retirement means boredom and unhappiness, particularly if they have not planned ahead on useful ways to occupy their time. But if you want to retire, you have earned the right to do it.

Wants A Pardon

Dear Ann: Please be my mother substitute for a moment. Mom is so unfair. She just told me she doesn't care about me. I know she doesn't mean it, but she said it.

I'm 17 and not allowed to go anywhere except to school-related activities and to church. My friends can go bowling, swimming, skating, to the movies and out on dates. But not me. Why doesn't my mother trust me? I'm a good student and have never done anything that would make her question my morals. Please tell me how I can get some freedom so life will be bearable.—AN ONLY ONE.

-:-

Dear Only One: If you are 17 and a good student you should be thinking about college. Investigate the schools in another city and make your plans. Don't let anything or anyone stop you. From the tone of your letter it's your only chance to escape from your mother's neurotic clutches.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

W. Va. Prison Trusty Nabbed After Escape

PITTSBURGH, Pa. (AP) — Albert L. Knighton, 40, of Beckley, W. Va., who drove his truck away from a West Virginia Penitentiary work detail here, was recaptured a few hours later Thursday at a hamburger stand.

Police said Knighton, a prison trusty serving a 1-14-year sentence for grand larceny, didn't struggle. He was spotted by a detective walking by a white tower restaurant in downtown Pittsburgh, police said.

His wife and two children, whom authorities said Knighton met earlier Thursday at a motel near the Moundsville prison, were still with him.

West Virginia officials returned him to Moundsville.

Rhodes Talk Marks Cincinnati Ceremony

CINCINNATI (AP) — Cincinnati's new $10 million convention-exposition center opens today with a two-gun salute, speeches and plenty of music.

Gov. James A. Rhodes is scheduled to make the main speech at the 3:30 p.m. dedication ceremonies. Mayor Walton H. Bachrach will cut the ribbon.

The convention-exposition center's ten-day Greater Cincinnati On Parade open house will start immediately after the ceremonies. The center takes up most of the block bordered by Elm, Plum, Fifth and Sixth Streets just west of the main business district.

Heart Attack Fatal To Ohio Businessman

DEFIANCE, Ohio (AP) — Robert Zeller, 54, owner and president of the Zeller Corp. here, died Thursday after suffering a heart attack in Lima, where he had gone on a business trip. His company manufactures spark plugs and other automotive parts.

Survivors include the widow, Virginia; three sons and a daughter.

PAULDING, Ohio (AP) — Damage was estimated at $200,000 from a fire that destroyed a grain elevator at nearby Oakwood Thursday. The cause was tentatively blamed on defective wiring. The elevator recently was acquired by Landmark, Inc.

Hints from Heloise

—By Heloise Cruse—

Dear Aunt Heloise; Have you heard of the latest fad sweeping the country?

We wear unmated socks.

Teenagers have gone Gung Ho on exchanging socks — just one —with friends and even with pen pals. Girls and boys can exchange also.

It's really a fun way of dressing and letting others know just who your extra special friends are.

Besides, Mother says it's a great way to utilize our own unmated ones.

TEENSTER.

DEAR HELOISE: I have found the empty roll-on deodorant bottles very good containers for baby oil or baby lotion.

You can just roll a small amount on baby and smooth it with the fingers.

So much easier than pouring it from the bottle and there's no waste at all.

MRS. L. ROBERTS.

-:-

And when you start to bathe that precious baby, turn the bottle upside down and you won't have to wait for the oil to run down to the cap. It will be ready to roll on.

HELOISE.

DEAR HELOISE: Does everyone already know this trick?

To keep a paper bag open for convenience in filling it, open the bag and turn down the top edge an inch or so, all the way around.

M. E.

DEAR HELOISE: To save some packing when preparing for that camping trip, place the cereals your children especially like in those little margarine tubs.

Then mark on the lid what kind of cereal it is. This eliminates taking cereal bowls and boxes of cereal with you.

When you're finished with the tubs, don't toss them away . . . they come in so handy for many other things.

MOTHER OF FOUR.

-:-

DEAR HELOISE: Each month I buy at least one gift for a bride, a baby or a graduate, and put it in my "gift drawer".

And when I finish something for my house that I like, I make an extra one and add to these.

It's a nice place, too, to put those socks and ties your husband got for Christmas that didn't go with anything he had!

Or that little "what-not" you bought that really didn't look right when you got it home.

It really gives me a thrill and a spirit of giving that I never had when rushing to the store five minutes before they closed to snatch up a gift for that shower I forgot.

And now I wonder who will get those pretty aprons I made this morning from those scraps I had left over from my dusters?

MRS. T.N.W.

DEAR HELOISE: Here is a hint for everyone. Save all those popsicle sticks and make little houses, fences, etc. If you soak them in water they turn all white.

I made a trellis for my potted plants by gluing them together, as the plastic store ones are never high enough.

A FAN.

DEAR HELOISE: Last week I attended a wiener roast and saw a good idea that may help others.

Someone brought a steel wire shelf from an old stove.

This was placed over their bricks around the fire and we were able to cook many wieners at once.

Save cutting sticks and dropping wieners in the fire, too.

A READER.

DEAR HELOISE: I use one of the new style picture albums for keeping my recipes and hints.

The transparent plastic envelopes keep the recipes clean and it is very convenient to just flip through the book.

You can also buy extra inserts when needed.

IRENE.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a X-ray technician in a hospital. This morning a man was brought up for X-rays. He was wearing a bathrobe. When I asked him to remove his robe I assumed he had something on under the robe (most men do). I discovered, too late, that I was mistaken.

After my initial surprise I composed myself and decided to ignore the situation and proceed as usual.

Later that afternoon I was telling two other girls in the department what had happened. I thought I had dealt with the situation well. They said I did the wrong thing — that I should have told the patient to go back to the dressing room and put on his shorts. It developed into quite an argument and the girls became upset with me. I'm so unstrung about their bitter criticism that I decided to write for your common sense opinion.—SUZANNE.

-:-

Dear Suzanne: The best approach is the one which causes the patient a minimum of embarrassment.

Sending the man back to put on his shorts would have humiliated the poor fellow. You coped with the situation admirably and I salute you.

The Bored Meeting

Dear Ann Landers: I'm in my 60's. My wife is a few years younger. We have been married 40 years. My wife has never been employed outside the home which was all right with me. She raised a nice family and I never asked her to take a paying job.

Now that I'm getting on in years I feel my energy ebbing. I want to retire when I become eligible but my wife is against it.

My income will be somewhat less if I retire, but we could manage on it. I'm beginning to resent my wife because she seems more interested in the paycheck than in my health. Please tell me what you think.—NO IDENTIFICATION.

-:-

Dear No I.D.: Perhaps your wife's objection has nothing to do with the paycheck. Maybe she is concerned with what retirement might do to you emotionally. To some men, retirement means boredom and unhappiness, particularly if they have not planned ahead on useful ways to occupy their time. But if you want to retire, you have earned the right to do it.

Wants A Pardon

Dear Ann: Please be my mother substitute for a moment. Mom is so unfair. She just told me she doesn't care about me. I know she doesn't mean it, but she said it.

I'm 17 and not allowed to go anywhere except to school-related activities and to church. My friends can go bowling, swimming, skating, to the movies and out on dates. But not me. Why doesn't my mother trust me? I'm a good student and have never done anything that would make her question my morals. Please tell me how I can get some freedom so life will be bearable.—AN ONLY ONE.

-:-

Dear Only One: If you are 17 and a good student you should be thinking about college. Investigate the schools in another city and make your plans. Don't let anything or anyone stop you. From the tone of your letter it's your only chance to escape from your mother's neurotic clutches.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

W. Va. Prison Trusty Nabbed After Escape

PITTSBURGH, Pa. (AP) — Albert L. Knighton, 40, of Beckley, W. Va., who drove his truck away from a West Virginia Penitentiary work detail here, was recaptured a few hours later Thursday at a hamburger stand.

Police said Knighton, a prison trusty serving a 1-14-year sentence for grand larceny, didn't struggle. He was spotted by a detective walking by a white tower restaurant in downtown Pittsburgh, police said.

His wife and two children, whom authorities said Knighton met earlier Thursday at a motel near the Moundsville prison, were still with him.

West Virginia officials returned him to Moundsville.

Local Colt Stars Lose Tough 1-0 Game In Extra Innings

By BOB DUFFY
Review Sports Editor

Losing a tough 1-0 decision in extra innings to Mon-Yough (Pa.) the East Liverpool Colt League All-Stars found themselves battling for life today in the Eastern Regional Colt Tournament.

East Liverpool was to meet Warren this afternoon at the Colt League Field with the loser to be eliminated.

Warren, the defending Regional champion also lost a one-run decision dropping a 6-5 nod to the Ashtabula County All-Stars.

—:—

WHILE East Liverpool and Warren were scheduled this afternoon, Marietta will play Mon-Yough today at 5:30 p. m.

If East Liverpool wins today, the locals would return to play Saturday morning at 10. Games also are scheduled Saturday at 2 and 5 p. m.

Bill Montgomery, a strong righthander, who was undefeated in eight straight league games this season, locked horns with Mon-Yough's Metcalfe in a pitching duel that lasted for seven scoreless innings.

—:—

BOTH pitchers gave up only three hits and Montgomery fanned five batters. Under tournament rules pitchers can not hurl more than seven innings.

After another scoreless inning, Mon-Yough, the only out of state entry in the tournament, scored the only run in the game off Jerry Howell.

Lundy opened the ninth for Mon-Yough by drawing a walk. Galiffa singled then Lewis proved the hero as he singled in Lundy from third base for the game winning run.

—:—

BEFORE Montgomery retired, he had to pitch out of a tough situation in the seventh inning when Mon-Yough loaded the bases with nobody out.

Montgomery fanned Lewis for the first out then Galiffa, on an attempted steal of home, was tagged out by East Liverpool catcher Val Altomare.

The East Liverpool righthander then got Radi to ground out to the shortstop.

East Liverpool never had a runner beyond second base. Tom Chambers hit a two - out double in the third inning and Altomare doubled in the second inning.

—:—

CHAMBERS and Altomare had two hits each for East Liverpool. Both teams had five hits with Galiffa collecting a pair for Mon-Yough.

The game was played without an error as both teams turned in a good defensive effort.

The Ashtabula County All-Stars rallied for three runs in the seventh inning to defeat defending champion Warren, 6-5.

—:—

WARREN held a 4-3 lead going into the seventh when the Ashtabula nine sent eight batters to the plate to score three runs on two walks, a hit and a hit batsman.

Warren outhit its opponents, 9-5, but still wound up on the short end of the score.

—:—

ASHTABULA had taken a 2-0 lead in the second inning but Warren tied it in the third then scored single runs in the fourth and fifth frames to go in front.

Bartone wound up as the winning pitcher while Starr suffered the loss.

Russ Kangas socked two hits for the winners while Burick and Starr had two each for Warren.

Both Teams Seen Strong On Defense

CHICAGO (AP) — One of the most talented College All-Star squads in history takes on the Green Bay Packers tonight in the 34th annual midsummer football classic.

The Packers, champions of all professional football, have been installed two-touchdown favorites in the Soldier Field showdown which will be televised nationally.

An expected crowd of more than 60,000 will watch the Packers operate for the first time in years without the services of Paul Hornung and Jim Taylor, their great running backs.

Hornung has retired, and Taylor played out his option and is now a member of the New Orleans Saints. They'll be replaced by Elijah Pitts and Donny Anderson while steady Bart Starr will be directing the team from the vital quarterback slot.

The Packers, who captured the National Football League title and then went on to win the Super Bowl by defeating American League champion Kansas City, will have the same defense which stifled the collegians last year.

Attempting to crack the Packer defenses will be either Steve Spurrier of Florida or Bob Griese of Purdue, two of the finest passers in the collegiate ranks last season.

Coach Johnny Sauer will wait to the last minute to decide on which of the two will start. Once he has made his choice, Sauer insists he will play the hot hand.

If neither is able to make the talented Stars go, Sauer might shift to Houston's Bo Burris who has been working out as a defensive back.

The All-Stars are loaded with talented receivers including the likes of Jack Clancy of Michigan, flanker Rod Sherman of Southern California, Gene Washington of Michigan State and Dave Williams of Washington who caught a couple of bombs in last week's 23-22 scrimmage loss to the Chicago Bears.

Running backs include Mel Farr of UCLA, Nick Eddy of Notre Dame, Clint Jones of Michigan State, Floyd Little of Syracuse and Ray McDonald of Idaho.

However, the All-Stars are most impressive on defense headed by gigantic Bubba Smith of Michigan State.

The 290-pound Smith will get able assistance from Dave Rowe of Penn State, Alan Page of Notre Dame, Leo Carroll of San Diego State and Pete Duranko of Notre Dame.

Their objective will be to get Starr before the complex Green Bay pass patterns begin to unfold.

The men up front will be backed by some of the finest linebackers ever to grace an All-Star roster. There's George Webster of Michigan State, Jim Lynch of Notre Dame and Paul Naumoff of Tennessee.

The defensive secondary will include Phil Clark of Northwestern, Bob Grim of Oregon State, Rich Volk of Michigan and Henry King of Utah State.

The pros lead the series 22-9-2 and the Packers last year swamped the Stars 38-0 to avenge a 20-17 loss in 1963, the last time the All-Stars tasted victory in the series.

Yanks Send Howard To Hot Red Sox

By DAVE O'HARA

BOSTON (AP)—Nearly a half century ago the Boston Red Sox pulled one of baseball's biggest boners—peddling George Herman "Babe" Ruth to the New York Yankees.

Ruth, employed mainly as a pitcher with the Red Sox, became a full-time outfielder with New York and went on to become the greatest home run slugger in history.

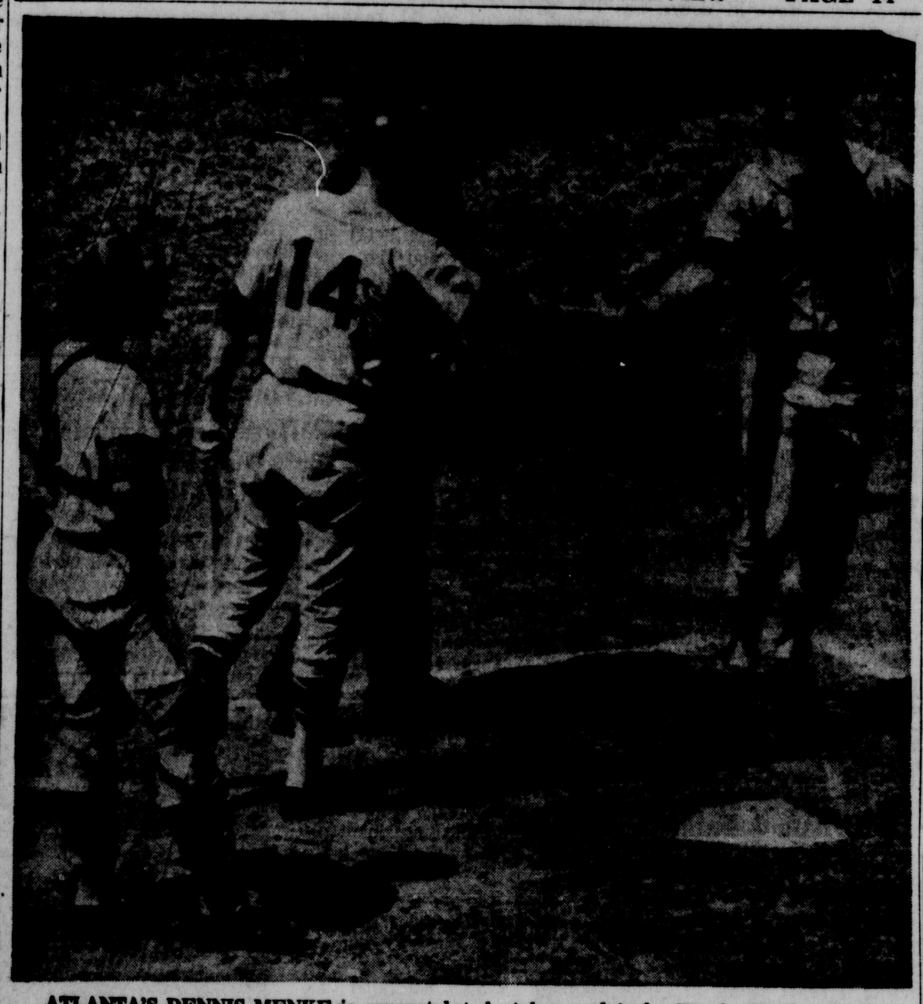

The Red Sox never could forget the infamous deal. Even after Tom Yawkey bought the club in 1933, the Boston front office feared trades with the Yankees.

However, time and changing personnel have mellowed feelings.

Back in 1952, when virtually eliminated from the American League pennant fight, the Red Sox sent right-hander pitcher Ray Scarborough, then 35, on waivers to the Yankees.

Although past his prime, Scarborough turned in several fine performances and helped New York win the pennant.

Howard, who is drawing an estimated $50,000 salary, has seen limited action this season, hitting only .197.

Braves Drop Cubs 6 Back

By HAL BOCK
Associated Press Sports Writer

The shotgun Carl Yastrzemski calls an arm has claimed another victim and that makes five base runners in 10 days who've learned the hard way that the Boston slugger can field and throw as well as he can hit.

Yaz threw out Mike Hershberger trying to score in the sixth inning Thursday and then the Red Sox rallied for three runs in their half and a 5-3 victory over Kansas City. That cut one-half game off Chicago's American League lead and left the Red Sox two games behind.

Dave Morehead hurled five shutout innings to pick up the victory.

Hershberger, who had doubled with two out, tried to score on Dick Green's hit but Yastrzemski nailed him. It was the ninth assist this season for Yaz and his fifth in Boston's 12-game home stand which ended Thursday.

"I'd rather not have the opportunity to make them," Yastrzemski said. "It only means there are runners on base, trying to score."

In the only other American League game Thursday, Detroit blanked Baltimore 5-0 on Denny McLain's three - hitter. In the only National League game played, Atlanta bombed Chicago with seven homers and ripped the Cubs 10-3.

Yastrzemski, who leads the league in runs batted in with 78, upped his batting average to .321—third best in the league—with two hits. He doubled in the third and came in on George Scott's single as Boston pecked away at Kansas City's early 3-0 lead.

Mike Andrews was the Red Sox' other hero. He drove in three runs with a homer and a two-run single.

Third-place Detroit also picked up a half game on the White Sox by whipping Baltimore in a game called by rain in the eighth inning. The Tigers are three games behind.

McLain was in control all the way, notching his 13th victory.

Joe Torre and Clete Boyer led Atlanta's homer spree against the Cubs with two apiece. Hank Aaron, Tito Francona and Denis Menke also connected.

Torre also doubled, singled and walked for a perfect day, scoring three runs and driving in two.

The loss dropped the slumping Cubs six full games back of first-place St. Louis in the National League race.

Columbus Golfer Leads Publinx By 2 Strokes

DEFIANCE, Ohio (AP) — Emotional Art Todd set out today to become the oldest champion in Ohio Public Links golf history.

The easy-going 52-year-old Columbus maintenance man carried a two-stroke advantage into the final round of the 72-hole classic.

"I just plan to play the course and not worry about anyone else," said the pudgy performer after he posted his second straight two-under par 70 Thursday in workmanlike fashion.

Todd, who captured the Links' crown in 1959, showed a 214 total for 54 holes, two under par for the distance on the 6,374-yard Auglaize Country Club course.

The popular veteran used a hot putter on the way to five birdies, including a 25-footer that dropped in the 10th hole. He needed only 30 putts.

"I'm not about to complain about that one," Todd said.

Todd's nearest rival was 21-year-old Mike Zimmerman, the University of Dayton business major who held a piece of the lead after 36 holes.

Zimmerman shot a 73 for a 216.

Leo Zampedro, the Warren fireman who reached the National Public Links finals in 1965 before losing, was three back of Todd at 217. Zampedro posted an even par 72.

Youngstown fireman and insurance salesman Bob Lilko, who shared the halfway lead with Zimmerman, bogeyed five holes before rallying with birds on No. 16 and No. 17. His 75 score left him at 218.

The big surprise was the collapse of defending champion Lalu Sabotin of Warren. Sabotin, who won the Ohio Amateur title three weeks ago, bogeyed three of the first four holes and skied to a 78. He was nine back at 223.

What did in the dinosaurs is one of the most tantalizing riddles of paleontology.

2 Deadlocked In 1st Round Of Western

CHICAGO (AP) — Bob Stanton was on the practice tee until nightfall sharpening up for Friday's second round of the $102,000 Western Open.

The lanky, 21-year-old Sydney, Australia, pro is in the heat of a par-shattering battle to hold on to his share of the lead in a chase for a $20,000 first prize.

He and Bob Verwey, 26, of Johannesburg, South Africa and Labron Harris, 25, son of Oklahoma State's golf coach, headed the first round Thursday on Beverly Country Club's par 71 battleground with 66s.

Verwey, brother-in-law of Gary Player and runner-up in last week's Minnesota Classic, credited a new putting grip in a 27-putt performance.

Stanton, whose best finish on the PGA tour so far has been a tie for seventh in the Flint Open, said "I just putted well and was rewarded." He required 28 taps on the greens.

Local Colt Stars Lose Tough 1-0 Game In Extra Innings

Losing a tough 1-0 decision in extra innings to Mon-Yough (Pa.) the East Liverpool Colt League All-Stars found themselves battling for life today in the Eastern Regional Colt Tournament.

East Liverpool was to meet Warren this afternoon at the Colt League Field with the loser to be eliminated.

Warren, the defending Regional champion also lost a one-run decision dropping a 6-5 nod to the Ashtabula County All-Stars.

—:—

WHILE East Liverpool and Warren were scheduled this afternoon, Marietta will play Mon-Yough today at 5:30 p. m.

If East Liverpool wins today, the locals would return to play Saturday morning at 10. Games also are scheduled Saturday at 2 and 5 p. m.

Bill Montgomery, a strong righthander, who was undefeated in eight straight league games this season, locked horns with Mon-Yough's Metcalfe in a pitching duel that lasted for seven scoreless innings.

—:—

BOTH pitchers gave up only three hits and Montgomery fanned five batters. Under tournament rules pitchers can not hurl more than seven innings.

After another scoreless inning, Mon-Yough, the only out of state entry in the tournament, scored the only run in the game off Jerry Howell.

Lundy opened the ninth for Mon-Yough by drawing a walk. Galiffa singled then Lewis proved the hero as he singled in Lundy from third base for the game winning run.

—:—

BEFORE Montgomery retired, he had to pitch out of a tough situation in the seventh inning when Mon-Yough loaded the bases with nobody out.

Montgomery fanned Lewis for the first out then Galiffa, on an attempted steal of home, was tagged out by East Liverpool catcher Val Altomare.

The East Liverpool righthander then got Radi to ground out to the shortstop.

East Liverpool never had a runner beyond second base. Tom Chambers hit a two - out double in the third inning and Altomare doubled in the second inning.

—:—

CHAMBERS and Altomare had two hits each for East Liverpool. Both teams had five hits with Galiffa collecting a pair for Mon-Yough.

The game was played without an error as both teams turned in a good defensive effort.

The Ashtabula County All-Stars rallied for three runs in the seventh inning to defeat defending champion Warren, 6-5.

—:—

WARREN held a 4-3 lead going into the seventh when the Ashtabula nine sent eight batters to the plate to score three runs on two walks, a hit and a hit batsman.

Warren outhit its opponents, 9-5, but still wound up on the short end of the score.

—:—

ASHTABULA had taken a 2-0 lead in the second inning but Warren tied it in the third then scored single runs in the fourth and fifth frames to go in front.

Bartone wound up as the winning pitcher while Starr suffered the loss.

Russ Kangas socked two hits for the winners while Burick and Starr had two each for Warren.

Talented Stars 2 TD Underdogs

Both Teams Seen Strong On Defense

CHICAGO (AP) — One of the most talented College All-Star squads in history takes on the Green Bay Packers tonight in the 34th annual midsummer football classic.

The Packers, champions of all professional football, have been installed two-touchdown favorites in the Soldier Field showdown which will be televised nationally.

An expected crowd of more than 60,000 will watch the Packers operate for the first time in years without the services of Paul Hornung and Jim Taylor, their great running backs.

Hornung has retired, and Taylor played out his option and is now a member of the New Orleans Saints. They'll be replaced by Elijah Pitts and Donny Anderson while steady Bart Starr will be directing the team from the vital quarterback slot.

The Packers, who captured the National Football League title and then went on to win the Super Bowl by defeating American League champion Kansas City, will have the same defense which stifled the collegians last year.

Attempting to crack the Packer defenses will be either Steve Spurrier of Florida or Bob Griese of Purdue, two of the finest passers in the collegiate ranks last season.

Coach Johnny Sauer will wait to the last minute to decide on which of the two will start. Once he has made his choice, Sauer insists he will play the hot hand.

If neither is able to make the talented Stars go, Sauer might shift to Houston's Bo Burris who has been working out as a defensive back.

The All-Stars are loaded with talented receivers including the likes of Jack Clancy of Michigan, flanker Rod Sherman of Southern California, Gene Washington of Michigan State and Dave Williams of Washington who caught a couple of bombs in last week's 23-22 scrimmage loss to the Chicago Bears.

Running backs include Mel Farr of UCLA, Nick Eddy of Notre Dame, Clint Jones of Michigan State, Floyd Little of Syracuse and Ray McDonald of Idaho.

However, the All-Stars are most impressive on defense headed by gigantic Bubba Smith of Michigan State.

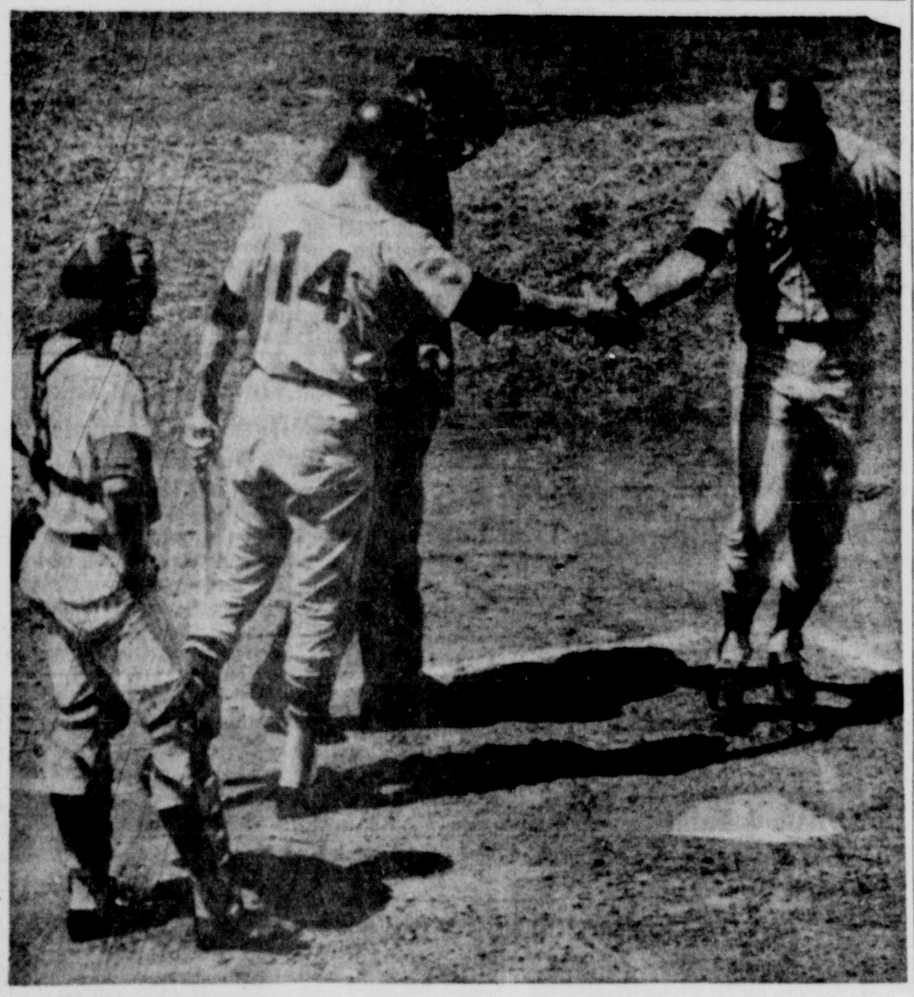

The 290-pound Smith will get able assistance from Dave Rowe of Penn State, Alan Page of Notre Dame, Leo Carroll of San Diego State and Pete Duranko of Notre Dame.

Their objective will be to get Starr before the complex Green Bay pass patterns begin to unfold.

The men up front will be backed by some of the finest linebackers ever to grace an All-Star roster. There's George Webster of Michigan State, Jim Lynch of Notre Dame and Paul Naumoff of Tennessee.

The defensive secondary will include Phil Clark of Northwestern, Bob Grim of Oregon State, Rich Volk of Michigan and Henry King of Utah State.

The pros lead the series 22-9-2 and the Packers last year swamped the Stars 38-0 to avenge a 20-17 loss in 1963, the last time the All-Stars tasted victory in the series.

Yanks Send Howard To Hot Red Sox

By DAVE O'HARA

BOSTON (AP)—Nearly a half century ago the Boston Red Sox pulled one of baseball's biggest boners—peddling George Herman "Babe" Ruth to the New York Yankees.

Ruth, employed mainly as a pitcher with the Red Sox, became a full-time outfielder with New York and went on to become the greatest home run slugger in history.

The Red Sox never could forget the infamous deal. Even after Tom Yawkey bought the club in 1933, the Boston front office feared trades with the Yankees.

However, time and changing personnel have mellowed feelings.

Back in 1952, when virtually eliminated from the American League pennant fight, the Red Sox sent right-hander pitcher Ray Scarborough, then 35, on waivers to the Yankees.

Although past his prime, Scarborough turned in several fine performances and helped New York win the pennant.

Howard, who is drawing an estimated $50,000 salary, has seen limited action this season, hitting only .197.

Lawrenceville Nine Defeats Hookstown

Vic Reed collected three hits while Harpold and Amedeo tripled to pace Lawrenceville in a 6-3 victory over Hookstown Thursday in a South Side Senior League game.

Bill Lyons was the winning pitcher while Laughlin absorbed the loss. Ashcroft cracked a triple and single and Anderson collected two singles for Hookstown.

Braves Drop Cubs 6 Back

By HAL BOCK
Associated Press Sports Writer

The shotgun Carl Yastrzemski calls an arm has claimed another victim and that makes five base runners in 10 days who've learned the hard way that the Boston slugger can field and throw as well as he can hit.

Yaz threw out Mike Hershberger trying to score in the sixth inning Thursday and then the Red Sox rallied for three runs in their half and a 5-3 victory over Kansas City. That cut one-half game off Chicago's American League lead and left the Red Sox two games behind.

Dave Morehead hurled five shutout innings to pick up the victory.

Hershberger, who had doubled with two out, tried to score on Dick Green's hit but Yastrzemski nailed him. It was the ninth assist this season for Yaz and his fifth in Boston's 12-game home stand which ended Thursday.

"I'd rather not have the opportunity to make them," Yastrzemski said. "It only means there are runners on base, trying to score."

In the only other American League game Thursday, Detroit blanked Baltimore 5-0 on Denny McLain's three - hitter. In the only National League game played, Atlanta bombed Chicago with seven homers and ripped the Cubs 10-3.

Yastrzemski, who leads the league in runs batted in with 78, upped his batting average to .321—third best in the league—with two hits. He doubled in the third and came in on George Scott's single as Boston pecked away at Kansas City's early 3-0 lead.

Mike Andrews was the Red Sox' other hero. He drove in three runs with a homer and a two-run single.

Third-place Detroit also picked up a half game on the White Sox by whipping Baltimore in a game called by rain in the eighth inning. The Tigers are three games behind.

McLain was in control all the way, notching his 13th victory.

Joe Torre and Clete Boyer led Atlanta's homer spree against the Cubs with two apiece. Hank Aaron, Tito Francona and Denis Menke also connected.

Torre also doubled, singled and walked for a perfect day, scoring three runs and driving in two.

The loss dropped the slumping Cubs six full games back of first-place St. Louis in the National League race.

2 Deadlocked In 1st Round Of Western

CHICAGO (AP) — Bob Stanton was on the practice tee until nightfall sharpening up for Friday's second round of the $102,000 Western Open.

The lanky, 21-year-old Sydney, Australia, pro is in the heat of a par-shattering battle to hold on to his share of the lead in a chase for a $20,000 first prize.

He and Bob Verwey, 26, of Johannesburg, South Africa and Labron Harris, 25, son of Oklahoma State's golf coach, headed the first round Thursday on Beverly Country Club's par 71 battleground with 66s.

Verwey, brother-in-law of Gary Player and runner-up in last week's Minnesota Classic, credited a new putting grip in a 27-putt performance.

Stanton, whose best finish on the PGA tour so far has been a tie for seventh in the Flint Open, said "I just putted well and was rewarded." He required 28 taps on the greens.

Boxing Doubleheader Awaited In Astrodome

HOUSTON (AP)—Ernie Terrell, one of the four heavyweight fighters participating in Saturday's Astrodome boxing doubleheader, says any of the contestants would make an excellent champion.

Terrell fights Thad Spencer in one of the 12-round nationally televised bouts. Leotis Martin meets Jimmy Ellis in the other.

The doubleheader kicks off an eight-man elimination tournament to select a World Boxing Association heavyweight king to succeed Cassius Clay.

The WBA stripped Clay of his title when he refused to be inducted into the Armed Services. He was sentenced to five years in prison and is presently free under bond while appealing.

The other quarter-final matches are scheduled later this year, with Karl Mildenberger meeting Oscar Bonavena in Frankfurt, Germany and Floyd Patterson meeting Jerry Quarry in Los Angeles.

Parson's, Vernon Dell Even In Little League Playoff

Parson's Coal evened the score with Vernon Dell with a 7-3 victory Thursday in the best two of three game series to decide the City Little League title.

The two teams square off today at Thompson Park in the deciding game.

Parson's unleashed a 12 - hit attack to even the series as Yanni pounded two doubles while McGeehan, Shenton and Lawson collected a double and single each.

The winners broke the game wide open with a four - run fifth inning. Tom Samples was the winning pitcher and gave up seven hits. Nicholson was checked with the loss.

Staley's Nine Tops Clutter's By 11-5

Allen Forsythe hammered two home runs as Staley's No. 1 team defeated Clutter's, 11-5, Thursday in the Chester Junior Softball League.

Randy Robinson also homered for the winners and Covert was the winning pitcher.

In a game played Wednesday, Fitzjohn's No. 4 team defeated Hobbs' No. 2 squad, 4-3. Huff led the win with a two base hit while Ludovici was the winning pitcher.

Damascus Set For Invasion Of Arlington

By ORLO ROBERTSON
Associated Press Sports Writer

Damascus, In Reality and some of the cream of the fine 2-year-old division headed by What A Pleasure will write the headlines for the two $100,000 stakes which top Saturday's thoroughbred racing program.

Damascus, winner of the Preakness and Belmont in taking seven of his 10 starts this year, and In Reality, who picked up first money in the Florida and Jersey Derbies in accounting for six victories in nine outings, clash in the 1⅛-mile American Derby at Arlington Park.

What A Pleasure, winner of three straight after running second in his debut, seeks a fourth straight triumph for the Phipps family in the six-furlong Sapling winding up the Monmouth Park meeting.

The American Derby, Damascus' last appearance before the Travers at Saratoga Aug. 19, drew a field of seven.

Damascus, who'll tote top-weight of 126 pounds, has been made the 8-5 choice with In Reality next in line at 3-1. Bill Shoemaker will be astride the favorite. Earlie Fires will be on In Reality.

Damascus and Dr. Fager were scheduled to meet at the summit in the Travers. But trainer Johnny Nerud announced Thursday that Dr. Fager would not start in the 1¼-mile race because a virus last weekend had interrupted his training.

With payment of $5,000 on three supplementary entries—Martins Jig, Iron Ruler and highly regarded Subpet—What A Pleasure is expected to have seven rivals in the Sapling. With eight starters, the race will be worth $114,705 with $68,823 going to the winner.

Ohio Girl Eliminated In Tennis Tourney

LAKE BLUFF, Ill. (AP) — Third-seeded Connie Capozzi of Middletown, Ohio, was eliminated Thursday in the National Girls' 16 - and-under Tennis Tournament.

She was beaten 8-6, 6-2 by Patty Reese, the upset specialist from St. Petersburg, Fla., who will play Kristien Kemmer of San Diego for the championship today.

Wins Starting Post

ATLANTA (AP) — Cale Yarborough, driving a 1967 Fairlane, reclaimed his track records Thursday and won the ninth starting position for Sunday's Dixie 500 stock car race with a four-lap average speed of 150.133 miles per hour.

Boxing Doubleheader Awaited In Astrodome

HOUSTON (AP)—Ernie Terrell, one of the four heavyweight fighters participating in Saturday's Astrodome boxing doubleheader, says any of the contestants would make an excellent champion.

Terrell fights Thad Spencer in one of the 12-round nationally televised bouts. Leotis Martin meets Jimmy Ellis in the other.

The doubleheader kicks off an eight-man elimination tournament to select a World Boxing Association heavyweight king to succeed Cassius Clay.

The WBA stripped Clay of his title when he refused to be inducted into the Armed Services. He was sentenced to five years in prison and is presently free under bond while appealing.

The other quarter-final matches are scheduled later this year, with Karl Mildenberger meeting Oscar Bonavena in Frankfurt, Germany and Floyd Patterson meeting Jerry Quarry in Los Angeles.

Staley's Nine Tops Clutter's By 11-5

Allen Forsythe hammered two home runs as Staley's No. 1 team defeated Clutter's, 11-5, Thursday in the Chester Junior Softball League.

Randy Robinson also homered for the winners and Covert was the winning pitcher.

In a game played Wednesday, Fitzjohn's No. 4 team defeated Hobbs' No. 2 squad, 4-3. Huff led the win with a two base hit while Ludovici was the winning pitcher.

The spaniel family of dogs contains more breeds than any other.

Gains Tennis Finals

LAKE BLUFF, Ill. (AP)—Patty Reese of St. Petersburg, Fla., gained the finals of the National Girls 16-and-under tournament Thursday with an 8-6, 6-2 victory over third seeded Connie Capozzi of Middletown, Ohio.

The Interstate Highway System was started in 1956 and is scheduled for completion in 1972.

Parson's, Vernon Dell Even In Little League Playoff

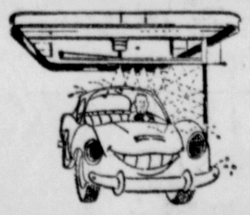

Parson's Coal evened the score with Vernon Dell with a 7-3 victory Thursday in the best two of three game series to decide the City Little League title.

The two teams square off today at Thompson Park in the deciding game.

Parson's unleashed a 12 - hit attack to even the series as Yanni pounded two doubles while McGeehan, Shenton and Lawson collected a double and single each.

The winners broke the game wide open with a four - run fifth inning. Tom Samples was the winning pitcher and gave up seven hits. Nicholson was checked with the loss.

Damascus Set For Invasion Of Arlington

By ORLO ROBERTSON
Associated Press Sports Writer

Damascus, In Reality and some of the cream of the fine 2-year-old division headed by What A Pleasure will write the headlines for the two $100,000 stakes which top Saturday's thoroughbred racing program.

Damascus, winner of the Preakness and Belmont in taking seven of his 10 starts this year, and In Reality, who picked up first money in the Florida and Jersey Derbies in accounting for six victories in nine outings, clash in the 1⅛-mile American Derby at Arlington Park.

What A Pleasure, winner of three straight after running second in his debut, seeks a fourth straight triumph for the Phipps family in the six-furlong Sapling winding up the Monmouth Park meeting.

The American Derby, Damascus' last appearance before the Travers at Saratoga Aug. 19, drew a field of seven.

Damascus, who'll tote top-weight of 126 pounds, has been made the 8-5 choice with In Reality next in line at 3-1. Bill Shoemaker will be astride the favorite. Earlie Fires will be on In Reality.

Damascus and Dr. Fager were scheduled to meet at the summit in the Travers. But trainer Johnny Nerud announced Thursday that Dr. Fager would not start in the 1¼-mile race because a virus last weekend had interrupted his training.

With payment of $5,000 on three supplementary entries—Martins Jig, Iron Ruler and highly regarded Subpet—What A Pleasure is expected to have seven rivals in the Sapling. With eight starters, the race will be worth $114,705 with $68,823 going to the winner.

Ohio Girl Eliminated In Tennis Tourney

LAKE BLUFF, Ill. (AP) — Third-seeded Connie Capozzi of Middletown, Ohio, was eliminated Thursday in the National Girls' 16 - and-under Tennis Tournament.

She was beaten 8-6, 6-2 by Patty Reese, the upset specialist from St. Petersburg, Fla., who will play Kristien Kemmer of San Diego for the championship today.

Wins Starting Post

ATLANTA (AP) — Cale Yarborough, driving a 1967 Fairlane, reclaimed his track records Thursday and won the ninth starting position for Sunday's Dixie 500 stock car race with a four-lap average speed of 150.133 miles per hour.

Schools' Subsidy Payments During July Total $385,845

The grand total of subsidy payments made to schools in Columbiana County during July under the foundation program was $385,845, with East Liverpool receiving $65,955, according to a report issued at Columbus by State Auditor Roger Cloud.

East Liverpool's share does not include funds credited to the district as employer contributions to both the teachers and school employes retirement systems. Adding these, the city received $82,704.

This is the first time the overall subsidy figures and funds credited have been listed separately, presenting a more realistic picture of actual state aid to schools.

East Liverpool is credited with $14,605 to the teachers' retirement system and $2,143 to the employes' retirement system.

In a summary of payments made in the county, the breakdown shows the County Board of Education received a total of $6,368, while $10,437 was paid for school employes' retirement, $62,822 for teachers' retirement and the various school districts received $306,217.

Some districts also pay a share of their allotment to the county board in addition to paying into the two retirement systems.

The actual amounts paid directly to the districts included East Palestine, $28,177; Salem, $30,503; Wellsville, $26,953; Columbiana Exempted Village, $16,106; Leetonia Exempted Village, $17,609; Lisbon Exempted Village, $25,256; Beaver Local $41,270; Fairfield - Waterford, $12,481; Southern Local, $19,779, and United Local, $22,122.

The direct subsidy to the county board was $3,953.

Bomb Warning, Holds Up Plane Of Mrs. Johnson

NEW YORK (AP) — A crank telephone call warning there was a bomb on a Washington shuttle plane delayed Mrs. Lyndon B. Johnson's return to the capital Thursday evening after a trip to New York to look at fall fashions.

An Eastern Air Lines jet carrying Mrs. Johnson and 109 other passengers was on a runway at La Guardia Airport waiting for clearance to take off when the phone call was received by a reservation clerk at 4:48 p.m.

The plane, which had been scheduled to leave at 5 p.m., was taken back to the airline's gate. After the passengers were removed, the plane was searched by Eastern employes and airport police.

Three other Eastern planes used in the shuttle service also were searched. No bomb was found.

It was not clear whether the male phone caller knew that Mrs. Johnson was aboard the shuttle.

The First Lady left on another shuttle flight at 6:23 p.m.

Boy, 15, Bound Over In Slaying Of Father

PAINESVILLE, Ohio (AP)—Fifteen-year-old Fred M. Esherick Jr. has been bound over to the Lake County Grand Jury to face trial as an adult in the slaying of his father.

He is accused of stabbing his father to death and beating his mother May 5. The parents were dumped down a river bank.

Congo Government Orders Writers, Photographers Out

KINSHASA, The Congo (AP) —The Congolese government today ordered all correspondents and photographers of The Associated Press to leave the Congo within 48 hours.

A similar measure was announced against a representative of the British news agency, Reuters.

Information Minister Jean Jacques Kande said the decision was taken by President Joseph D. Mobutu personally.

Kande told Michael Goldsmith of The Associated Press the AP men were being expelled because AP stories had "speculated about Russian planes which are bringing Tshombe to The Congo and the route they are supposed to take, by way of Cairo." Ex-Premier Moise Tshombe, under arrest in Algeria, faces a death sentence here.

Kande said the government also objected to an AP report from Bujumbura, Burundi, three weeks ago quoting Congolese Interior Minister Etienne Tshisekedi as saying some white residents had been killed and eaten by undisciplined troops in Katanga.

In a separate meeting with Francois Duriaud of Reuters, Kande said the government objected to Reuters reports of casualties suffered by the Congolese army in a battle with mercenaries Tuesday.

American Ambassador Robert H. McBride and British Ambassador John Cotton said they planned to urge Foreign Minister Justin Bomboko to have the expulsion order rescinded.

Also affected by the measure were a part-time Associated Press reporter Pierre Moser, a Swiss citizen, and Associated Press photographer Max Nash.

Probe Looms In Tennessee Summer Antipoverty Project

NASHVILLE, Tenn. (AP) — A Negro official's exclusion of whites from a summer antipoverty project which Senate investigators were told teaches "hatred of the white race" may result in loss of federal and local funds, the local director says.

"At the very least, there will be an investigation," said the Rev. J. Paschal Davis, white Episcopal minister who heads Nashville's Metropolitan Action Commission, the local agency through which the Office of Economic Opportunity channels federal antipoverty funds.

Davis reacted to the Senate testimony and to the response of Fred Brooks, the project director and chairman of Nashville's Student Nonviolent Coordinating Committee.

"We teach the historical fact that whites came to Africa and viciously enslaved many of the great African people," said Brooks, 20. "If the history of their Negroes' past leads them to hate white people, that's not our responsibility."

Asked if a white man could sit in on the classes, Brooks said, "No, I'm sure the staff would object." Negroes, he said, need "some places where they can come without a white man being present."

Large pictures of the late Malcolm X, leader of the Black Muslim movement, and SNCC leaders Stokely Carmichael, George Ware and H. Rap Brown were in the room where the so-called "liberation school" is conducted by Brooks in St. Anselms Episcopal Chapel, a center for Negro students in North Nashville.

Capt. John Sorace of Nashville's metropolitan police department told the Senate Judiciary Committee Thursday that the OEO was subsidizing Brooks' project and that it taught Negroes to hate the white man. He declined to give the source of his information.

Brooks told a newsman Thursday that the Metropolitan Action Commission had approved $7,700 for the project. But Davis denied this.

Personalities In The News

SANTA MONICA, Calif. (AP) — The wife of actor Van Heflin has been granted an interlocutory decree of divorce.

Frances Heflin, 46, was awarded the family home in Brentwood and 15 per cent of the 57-year-old actor's gross income for the next 10 years. The decree was made Thursday in Santa Monica Superior Court.

Mrs. Heflin was also awarded custody of the couple's son, Tracy, 13, in an out-of-court settlement.

SHIPPENSBURG, Pa. (AP) — Charles L. Miller of Anchorage, Alaska, does not have a part-time graduate school and he couldn't go full time.

So he and his wife travelled 50,000 miles during the past five years to get masters degrees from Shippensburg, Pa. State College.

"It's nice to have it all over and have our goal completed," said Miller, who along with his wife, Ruth, will get masters degrees in elementary education tonight. "It's been a long time."

The Millers would travel about 5,000 miles here each summer to attend classes. They are elementary school teachers the other part of the year.

LOS ANGELES (AP) — Actress Shirley Helm has been awarded $6,726 damages because she was bitten by a 4-year-old lion in 1962.

Miss Helm, a television actress, was filming a show with singer Vic Damone when she was bitten on the right shoulder.

Miss Helm sought $25,000 from the National Broadcasting Co. and Ralph Helfer, owner of the lion which appears occasionally on television shows.

A Superior Court jury awarded the damages Thursday.

LOS ANGELES (AP) — Actress Ingrid Bergman returned late Thursday from Paris to begin rehearsals for a play that will end her 21-year-old absence from the American stage.

Miss Bergman is to appear in "More Stately Mansions," by Eugene O'Neill, Sept. 12 in the New Ahmanson Theater in the Los Angeles Music Center.

Being the premises conveyed by Sylvester D. Mays and Grace I. Mays, husband and wife, to Willis C. Kenney and Margaret L. Kenney by Warranty Deed dated July 7, 1960, recorded in Deed Book 1067, Page 479, of the record of deeds in Columbiana County, Ohio.

"It is mutually understood and agreed by the grantors and grantees herein, that the above recited courses and distances are subject to such minor corrections and alterations as will be determined by a future field survey of the above described tract, and that said tract shall be designated as Lot Number Three (3), AIR BEACON ESTATES, when the survey of said development is completed and recorded."

It is mutually understood and agreed by the grantors and grantees herein, that the premises hereby conveyed shall be subject to all the reservations and restrictions, conditions and covenants, which will be adopted and recorded upon dedication of the recorded plat of AIR BEACON ESTATES as aforesaid, and that said restrictions shall be valid and binding upon the grantees herein, their heirs and assigns, when so adopted and recorded.

"Said premises are situated along Air Beacon Road, R. D. 1, East Liverpool, Ohio."

The prayer of said petition is for money in the sum of $7,918.62 with interest at 7½% per annum from May 1, 1967, for foreclosure of its mortgage on said real estate and for other relief. Said John C. Bosworth and Eva M. Bosworth, defendants in said cause, are required to answer said petition on the 28th day of August, 1967, or judgment will be taken against them.

Schools' Subsidy Payments During July Total $385,845

The grand total of subsidy payments made to schools in Columbiana County during July under the foundation program was $385,845, with East Liverpool receiving $65,955, according to a report issued at Columbus by State Auditor Roger Cloud.

East Liverpool's share does not include funds credited to the district as employer contributions to both the teachers and school employes retirement systems. Adding these, the city received $82,704.

This is the first time the overall subsidy figures and funds credited have been listed separately, presenting a more realistic picture of actual state aid to schools.

East Liverpool is credited with $14,605 to the teachers' retirement system and $2,143 to the employes' retirement system.

In a summary of payments made in the county, the breakdown shows the County Board of Education received a total of $6,368, while $10,437 was paid for school employes' retirement, $62,822 for teachers' retirement and the various school districts received $306,217.

Some districts also pay a share of their allotment to the county board in addition to paying into the two retirement systems.

The actual amounts paid directly to the districts included East Palestine, $28,177; Salem, $30,503; Wellsville, $26,953; Columbiana Exempted Village, $16,106; Leetonia Exempted Village, $17,609; Lisbon Exempted Village, $25,256; Beaver Local $41,270; Fairfield - Waterford, $12,481; Southern Local, $19,779, and United Local, $22,122.

The direct subsidy to the county board was $3,953.

Bomb Warning, Holds Up Plane Of Mrs. Johnson

NEW YORK (AP) — A crank telephone call warning there was a bomb on a Washington shuttle plane delayed Mrs. Lyndon B. Johnson's return to the capital Thursday evening after a trip to New York to look at fall fashions.

An Eastern Air Lines jet carrying Mrs. Johnson and 109 other passengers was on a runway at La Guardia Airport waiting for clearance to take off when the phone call was received by a reservation clerk at 4:48 p.m.

The plane, which had been scheduled to leave at 5 p.m., was taken back to the airline's gate. After the passengers were removed, the plane was searched by Eastern employes and airport police.

Three other Eastern planes used in the shuttle service also were searched. No bomb was found.

It was not clear whether the male phone caller knew that Mrs. Johnson was aboard the shuttle.

The First Lady left on another shuttle flight at 6:23 p.m.

Boy, 15, Bound Over In Slaying Of Father

PAINESVILLE, Ohio (AP)—Fifteen-year-old Fred M. Esherick Jr. has been bound over to the Lake County Grand Jury to face trial as an adult in the slaying of his father.

He is accused of stabbing his father to death and beating his mother May 5. The parents were dumped down a river bank.

Congo Government Orders Writers, Photographers Out

KINSHASA, The Congo (AP) —The Congolese government today ordered all correspondents and photographers of The Associated Press to leave the Congo within 48 hours.

A similar measure was announced against a representative of the British news agency, Reuters.

Information Minister Jean Jacques Kande said the decision was taken by President Joseph D. Mobutu personally.

Kande told Michael Goldsmith of The Associated Press the AP men were being expelled because AP stories had "speculated about Russian planes which are bringing Tshombe to The Congo and the route they are supposed to take, by way of Cairo." Ex-Premier Moise Tshombe, under arrest in Algeria, faces a death sentence here.

Kande said the government also objected to an AP report from Bujumbura, Burundi, three weeks ago quoting Congolese Interior Minister Etienne Tshisekedi as saying some white residents had been killed and eaten by undisciplined troops in Katanga.

In a separate meeting with Francois Duriaud of Reuters, Kande said the government objected to Reuters reports of casualties suffered by the Congolese army in a battle with mercenaries Tuesday.

American Ambassador Robert H. McBride and British Ambassador John Cotton said they planned to urge Foreign Minister Justin Bomboko to have the expulsion order rescinded.

Also affected by the measure were a part-time Associated Press reporter Pierre Moser, a Swiss citizen, and Associated Press photographer Max Nash.

Probe Looms In Tennessee Summer Antipoverty Project

NASHVILLE, Tenn. (AP) — A Negro official's exclusion of whites from a summer antipoverty project which Senate investigators were told teaches "hatred of the white race" may result in loss of federal and local funds, the local director says.

"At the very least, there will be an investigation," said the Rev. J. Paschal Davis, white Episcopal minister who heads Nashville's Metropolitan Action Commission, the local agency through which the Office of Economic Opportunity channels federal antipoverty funds.

Davis reacted to the Senate testimony and to the response of Fred Brooks, the project director and chairman of Nashville's Student Nonviolent Coordinating Committee.

"We teach the historical fact that whites came to Africa and viciously enslaved many of the great African people," said Brooks, 20. "If the history of their Negroes' past leads them to hate white people, that's not our responsibility."

Asked if a white man could sit in on the classes, Brooks said, "No, I'm sure the staff would object." Negroes, he said, need "some places where they can come without a white man being present."

Large pictures of the late Malcolm X, leader of the Black Muslim movement, and SNCC leaders Stokely Carmichael, George Ware and H. Rap Brown were in the room where the so-called "liberation school" is conducted by Brooks in St. Anselms Episcopal Chapel, a center for Negro students in North Nashville.

Capt. John Sorace of Nashville's metropolitan police department told the Senate Judiciary Committee Thursday that the OEO was subsidizing Brooks' project and that it taught Negroes to hate the white man. He declined to give the source of his information.

Brooks told a newsman Thursday that the Metropolitan Action Commission had approved $7,700 for the project. But Davis denied this.

Personalities In The News

SANTA MONICA, Calif. (AP) — The wife of actor Van Heflin has been granted an interlocutory decree of divorce.

Frances Heflin, 46, was awarded the family home in Brentwood and 15 per cent of the 57-year-old actor's gross income for the next 10 years. The decree was made Thursday in Santa Monica Superior Court.

Mrs. Heflin was also awarded custody of the couple's son, Tracy, 13, in an out-of-court settlement.

SHIPPENSBURG, Pa. (AP) — Charles L. Miller of Anchorage, Alaska, does not have a part-time graduate school and he couldn't go full time.

So he and his wife travelled 50,000 miles during the past five years to get masters degrees from Shippensburg, Pa. State College.

"It's nice to have it all over and have our goal completed," said Miller, who along with his wife, Ruth, will get masters degrees in elementary education tonight. "It's been a long time."

The Millers would travel about 5,000 miles here each summer to attend classes. They are elementary school teachers the other part of the year.

LOS ANGELES (AP) — Actress Shirley Helm has been awarded $6,726 damages because she was bitten by a 4-year-old lion in 1962.

Miss Helm, a television actress, was filming a show with singer Vic Damone when she was bitten on the right shoulder.

Miss Helm sought $25,000 from the National Broadcasting Co. and Ralph Helfer, owner of the lion which appears occasionally on television shows.

A Superior Court jury awarded the damages Thursday.

LOS ANGELES (AP) — Actress Ingrid Bergman returned late Thursday from Paris to begin rehearsals for a play that will end her 21-year-old absence from the American stage.

Miss Bergman is to appear in "More Stately Mansions," by Eugene O'Neill, Sept. 12 in the New Ahmanson Theater in the Los Angeles Music Center.

Mays and Grace I. Mays; thence South 0° 40' west, but with said Mays' westerly line, a distance of One Thousand (1000) feet to a point and the true place of beginning of the within described tract; thence from said true beginning point, continuing south 0° 40' west, with said Mays' line, a distance of Two Hundred Twenty - one and Five Tenths (221.5) feet to a point; thence east, a distance of about Six Hundred and One Tenth (600.1) feet, but to a point on the centerline of a Public Road; thence north 6° 28' west, with said centerline, a distance of Two Hundred Twenty - two and Nine Tenths (222.9) feet, but to a point which is Fifteen (15) feet southerly, rectangular measurement, from the existing fence at this location; thence west, but parallel with and Fifteen (15) feet southerly from said fence, a distance of about Five Hundred Seventy - five (575) feet, but to the place of beginning, and containing in area Three (3) acres of land, be the same more or less, but subject, however, to all legal highways.

Being the premises conveyed by Sylvester D. Mays and Grace I. Mays, husband and wife, to Willis C. Kenney and Margaret L. Kenney by Warranty Deed dated July 7, 1960, recorded in Deed Book 1067, Page 479, of the record of deeds in Columbiana County, Ohio.

"It is mutually understood and agreed by the grantors and grantees herein, that the above recited courses and distances are subject to such minor corrections and alterations as will be determined by a future field survey of the above described tract, and that said tract shall be designated as Lot Number Three (3), AIR BEACON ESTATES, when the survey of said development is completed and recorded."

It is mutually understood and agreed by the grantors and grantees herein, that the premises hereby conveyed shall be subject to all the reservations and restrictions, conditions and covenants, which will be adopted and recorded upon dedication of the recorded plat of AIR BEACON ESTATES as aforesaid, and that said restrictions shall be valid and binding upon the grantees herein, their heirs and assigns, when so adopted and recorded.

"Said premises are situated along Air Beacon Road, R. D. 1, East Liverpool, Ohio."

The prayer of said petition is for money in the sum of $7,918.62 with interest at 7½% per annum from May 1, 1967, for foreclosure of its mortgage on said real estate and for other relief. Said John C. Bosworth and Eva M. Bosworth, defendants in said cause, are required to answer said petition on the 26th day of August, 1967, or judgment will be taken against them.

Junior Editors Quiz on ALPHABET

QUESTION: Where did the letters of our alphabet come from?

★ ★ ★

ANSWER: The rebus at top carries a message—it says, "I see a girl." The pictures have filled in the meaning. The eye in the picture has suggested the "I" of the message because the sounds of the words are the same. This is how the letters of the alphabet originated. At first, writing was by pictographs, sets of drawings you would recognize. But this was complicated. People couldn't make enough pictures to express the many meanings needed. So gradually the pictures became simple symbols, each associated with one of the sounds of a language. By recording a complete set of sounds, any message could be sent. To write "ox," the Egyptians drew an ox's head (1). But the Semites' word for ox was "aleph." They began to use a simple version of the ox to express the "a" sound, (2). The Phoenicians (3) made it easier to write, and the Greeks (4) turned it upright with one long leg. Then the Romans made the legs equal and we had our modern A. The other letters originated in a similar way.

Today's highlight in history:

On this date in 1914, Britain declared war on Germany, and the United States proclaimed its neutrality in World War I.

On this date:

In 1790, a U.S. naval force that later became the Coast Guard was formed.

In 1875, the Danish writer of children's stories, Hans Christian Andersen, died.

In 1916, the United States bought the Virgin Islands from Denmark for $25 million.

In 1944, Nazi police captured 14-year-old Anne Frank and seven other Jews in their hiding place in Amsterdam.

In 1955, eleven U.S. Air Force fliers captured ruing the Korean War reached Hong Kong, freed after two and a half years in prison in Communist China.

In 1964, the bodies of civil rights workers Michael Schwerner, Andrew Goodman and James Chaney were found in a newly built earth dam near Philadelphia, Miss.

Ten years ago — 21 Spanish soldiers died in the wreck of a troop train near Villaverde, Spain.

Five years ago — It was reported in Washington that the United States, Britain and Belgium were planning to greatly increase aid to the Congo to try to bring about unity.

One year ago — The White House denounced steel price increases as irresponsible and inflationary but did not attempt to force a rollback.

On Curbing Crime News

Representatives Of News Media Hits Bar Proposals

HONOLULU (AP)—News media representatives opened fire today on recommendations by an American Bar Association study group that would limit reporting of crime news.

"The classic function of the press is to find out everything it can about government, about law enforcement," said J. Edward Murray of the American Society of Newspaper Editors.

"That's what the free flow of news means, what the reporter can find out, not what the public servant wants to give him on a platter."

Murray, managing editor of the Arizona Republic, is chairman of the society's Freedom of Information and Press-Bar Committee.

He spoke out against the proposals in remarks prepared for a day-long hearing sponsored by the ABA's section on judicial administration.

"To begin, you will poison the stream of crime and police news by deliberately managing that news at its source," Murray said.

The ABA recommendations are the result of a 20-month study by 10 prominent judges and lawyers on the constitutional guarantees of free press and fair trial.

Unveiled last October by the panel headed by Justice Paul C. Reardon of the Supreme Judicial Court of Massachusetts, they stirred immediate controversy within the law and journalism professions.

In the main, the Reardon report calls on lawyers and police to restrict their comments on pending criminal cases and to cut back on the release of information about them. The stated objective is to help assure fair trials for criminal defendants.

However, Murray told the ABA group: "We of the media contend that, if you adopt the Reardon sanctions, you will cripple the press as a watchdog of law enforcement, as the traditional enemy of secret arrest and the traditional friend of fair trial."

Gavin Quits, Opposes Viet Involvement

CAMBRIDGE, Mass. (AP) — Retired Lt. Gen. James M. Gavin, a former U.S. ambassador to France, has resigned from the Massachusetts Democratic Advisory Council because "I strongly oppose the Vietnam involvement and so I simply cannot support President Johnson for re-election in 1968."

The council of leading business and professional people was created in January to advise Democratic state legislators on policy and programs.

"Obviously anyone on that council should be ready to support President Johnson," Gavin said in an interview Thursday night.

Gavin, a former top planner at the Pentagon, said, "Vietnam is the hard core problem. But there is much more to it."

"Obviously our domestic programs are grossly underfunded —especially in the poverty area," he said. "And I look on this as a consequence of the Vietnam war, of the money we're pouring in there."

Gavin, 60, is chief executive officer of Arthur D. Little Inc., a research firm in Cambridge. He retired from the Army in 1958 and was appointed ambassador to France in 1961 by the late President John F. Kennedy.

Gavin has been an outspoken critic of America's Vietnam policies since early 1966 when he appeared before the Senate Foreign Relations Committee.

Still Advocates Arming Negroes In Self Defense

NEWARK, N.J. (AP)—Charging that state police "acted like Nazi storm troopers" during Newark's riots, the head of the city's antipoverty agency has joined a colleague in advocating that Negroes arm themselves for self defense.

Timothy Still, president of the United Community Corp., said Thursday, "I think that the philosophy of this country is that every man should be able to protect his home and family."

Still, a Negro, joined Willie Wright a UCC director, in advocating that Negroes arm themselves.

The Office of Economic Opportunity, which funds UCC, had asked that Wright be suspended pending investigation of his statements.

Wright had said he would shoot at state police and National Guardsmen who searched homes in riot-torn Plainfield recently for 46 stolen rifles. The searchers, acting under a declaration of emergency, did not have search warrants.

Cost-Of-Living Formula Change Wanted By GM

DETROIT (AP) — General Motors Corp. has served notice on the United Auto Workers that it wants changes in the cost-of-living formula in any new contract with the union.

The statement came Thursday when the company laid its 1967 bargaining demands on the negotiating table.

"The present cost-of-living arrangement has come to be taken for granted as extra increases over the above those provided for the vast majority of the nation's work force," the company said.

Current three-year pacts covering some 750,000 auto workers at General Motors, Ford and Chrysler expire Sept. 6.

Since 1964 UAW members have gained some 18 cents in hourly wage increases under the cost-of-living allowance, which adds or subtracts a penny an hour quarterly for each .4 of a point movement in the Bureau of Labor Statistics consumer price index. The average auto worker earns $3.41 hourly according to bureau figures.

Walter P. Reuther, UAW president, has insisted there can be no tampering with the cost-of-living plan, and has indicated that any attempt to alter the plan could provoke a strike.

Stone tree trunks are so common near Piggott, Ark., that many have been used as tombstones.

3 New Aspirants File For Township Office

The County Election Board Thursday afternoon listed three new candidates for township offices in the Nov. 7 nonpartisan voting.

The aspirants are: Doris May Ewing, for clerk of Wayne Township; Forrest Thompson, for Franklin Township trustee, and Hugh T. Rambo, for Unity Township trustee.

The filings boosted to 87 the number entered for posts in townships, school districts and villages under 2,000 population. The deadline falls next Wednesday at 4 p.m.

Backing Truck Rams Into Auto At Lisbon

LISBON — A pickup truck backing from a head-in parking place on S. Park Ave. on the Square struck the left front of a passing car at 12:30 p.m. Thursday.

Police ordered the truck driver, William T. Gruszecki, 17, of Hanoverton RD 1, to report for a juvenile traffic hearing at the Courthouse next Tuesday. The car was driven by Carol J. Pickens, 18, of Lisbon RD 2.

Researchers have given rats ulcers and literally driven them crazy with loud sounds.

Don't Sell Armaments To Latins, U.S. Urges

WASHINGTON (AP) — The United States reportedly has urged Western European countries to not sell to Latin-American countries modern armaments, such as jet aircraft, which might set off a new Latin arms race and burden Latin economies.

Officials said two major U.S. policies are involved in the effort which has been made over a period of months:

—To try to suppress arms races all over the world.

—To promote economic development and higher living standards in underdeveloped countries.

The State Department said Thursday the United States vetoed the sale by Britain to Peru of six Canberra jet bombers which the British Royal Air Force no longer uses. The planes are an early type of jet attack aircraft, essentially the same as the U.S. B57.

At the same time State Department officials said the United States advised Peru and several other Latin-American countries that Washington is not interested in supplying them with modern F5 jet fighter planes about which they have made inquiries.

Since 1962, however, the United States has supplied $45-million worth of less sophisticated arms and munitions to Peru, including F80 and F86 fighter planes. This equipment was mostly of World War II and Korean War vintage.

Officials fear that supplying newer equipment would force Latin arms competition—criticized in Congress earlier this year—to a new level.

Britain's Canberra deal was vetoed under longtime agreements between Washington and London which provide that the United States may approve or disapprove the sale to other countries of armaments which the United States has supplied to Britain or helped finance.

Officials said while some arms in the European countries which have received U.S. military assistance are subject to the provisions governing sale to other countries, large supplies of jet planes, tanks and other modern weapons are not.

Serious Teacher Shortage Looms In West Virginia

CHARLESTON (AP) — With the fall term only weeks away, West Virginia secondary and elementary schools are faced with a serious teacher shortage described by some officials as "worse this year than last."

A survey conducted for the first time by the State Education Department showed 749 teaching positions still unfilled in the county school systems. Part - time teaching accounted for the fraction.

The largest deficits were reported by Kanawha County, which listed 51 vacancies; Raleigh County with 50; McDowell 43, and Wood, 38.

Thirty-seven counties replied that to fill the openings they would have to hire teachers for subjects that thy were not trained to teach. Twelve counties responding to the question indicated they would not need to employ such non-certificated teachers while six counties failed to reply.

Asst. State School Supt. William K. Hamilton said Thursday "it is true that many of these vacancies will be filled by teachers who had been contemplating retirement and those without degrees.a shrdlcmfwd without degrees.

On Curbing Crime News

Representatives Of News Media Hits Bar Proposals

HONOLULU (AP)—News media representatives opened fire today on recommendations by an American Bar Association study group that would limit reporting of crime news.

"The classic function of the press is to find out everything it can about government, about law enforcement," said J. Edward Murray of the American Society of Newspaper Editors.

"That's what the free flow of news means, what the reporter can find out, not what the public servant wants to give him on a platter."

Murray, managing editor of the Arizona Republic, is chairman of the society's Freedom of Information and Press-Bar Committee.

He spoke out against the proposals in remarks prepared for a day-long hearing sponsored by the ABA's section on judicial administration.

"To begin, you will poison the stream of crime and police news by deliberately managing that news at its source," Murray said.

The ABA recommendations are the result of a 20-month study by 10 prominent judges and lawyers on the constitutional guarantees of free press and fair trial.

Unveiled last October by the panel headed by Justice Paul C. Reardon of the Supreme Judicial Court of Massachusetts, they stirred immediate controversy within the law and journalism professions.

In the main, the Reardon report calls on lawyers and police to restrict their comments on pending criminal cases and to cut back on the release of information about them. The stated objective is to help assure fair trials for criminal defendants.

However, Murray told the ABA group: "We of the media contend that, if you adopt the Reardon sanctions, you will cripple the press as a watchdog of law enforcement, as the traditional enemy of secret arrest and the traditional friend of fair trial."

Gavin Quits, Opposes Viet Involvement

CAMBRIDGE, Mass. (AP) — Retired Lt. Gen. James M. Gavin, a former U.S. ambassador to France, has resigned from the Massachusetts Democratic Advisory Council because "I strongly oppose the Vietnam involvement and so I simply cannot support President Johnson for re-election in 1968."

The council of leading business and professional people was created in January to advise Democratic state legislators on policy and programs.

"Obviously anyone on that council should be ready to support President Johnson," Gavin said in an interview Thursday night.

Gavin, a former top planner at the Pentagon, said, "Vietnam is the hard core problem. But there is much more to it."

"Obviously our domestic programs are grossly underfunded —especially in the poverty area," he said. "And I look on this as a consequence of the Vietnam war, of the money we're pouring in there."

Gavin, 60, is chief executive officer of Arthur D. Little Inc., a research firm in Cambridge. He retired from the Army in 1958 and was appointed ambassador to France in 1961 by the late President John F. Kennedy.

Gavin has been an outspoken critic of America's Vietnam policies since early 1966 when he appeared before the Senate Foreign Relations Committee.

Still Advocates Arming Negroes In Self Defense

NEWARK, N.J. (AP)—Charging that state police "acted like Nazi storm troopers" during Newark's riots, the head of the city's antipoverty agency has joined a colleague in advocating that Negroes arm themselves for self defense.

Timothy Still, president of the United Community Corp., said Thursday, "I think that the philosophy of this country is that every man should be able to protect his home and family."

Still, a Negro, joined Willie Wright a UCC director, in advocating that Negroes arm themselves.

The Office of Economic Opportunity, which funds UCC, had asked that Wright be suspended pending investigation of his statements.

Wright had said he would shoot at state police and National Guardsmen who searched homes in riot-torn Plainfield recently for 46 stolen rifles. The searchers, acting under a declaration of emergency, did not have search warrants.

Cost-Of-Living Formula Change Wanted By GM

DETROIT (AP) — General Motors Corp. has served notice on the United Auto Workers that it wants changes in the cost-of-living formula in any new contract with the union.

The statement came Thursday when the company laid its 1967 bargaining demands on the negotiating table.

"The present cost-of-living arrangement has come to be taken for granted as extra increases over the above those provided for the vast majority of the nation's work force," the company said.

Current three-year pacts covering some 750,000 auto workers at General Motors, Ford and Chrysler expire Sept. 6.

Since 1964 UAW members have gained some 18 cents in hourly wage increases under the cost-of-living allowance, which adds or subtracts a penny an hour quarterly for each .4 of a point movement in the Bureau of Labor Statistics consumer price index. The average auto worker earns $3.41 hourly according to bureau figures.

Walter P. Reuther, UAW president, has insisted there can be no tampering with the cost-of-living plan, and has indicated that any attempt to alter the plan could provoke a strike.
